19TH YEAR. NO. 207. EAST LIVERPOOL, O., TUESDAY, SEPTEMBER 2, 1902. TWO CENTS.

EXCELLENT DISPLAYS MADE IN MANY LINES

Two Thousand Workers Appeared in the Parade and the Demonstration Was a Fine One.

DISHMAKERS WINNERS OF THE PRIZE BANNER

Everything considered it was the biggest demonstration in many ways ever held in East Liverpool. The fact that the entire program was not abandoned can be attributed to the extraordinary amount of enthusiasm displayed by the workers in every line of industry.

The continuous rain in the early morning was calculated to discourage the most determined, and several times before 10 o'clock, the idea of holding a parade was given up. Marshal McConnell had requested all aids to report at Trades council hall at 8 o'clock in readiness to begin the work of arranging the unions in line, but the order was recalled early in the morning, and it was after the time advertised to start the parade before a single man left his hall for the starting point.

When the rain ceased to fall every man hastened to his post, and in a remarkably short time Broadway from a point below Fourth street clear around to Jackson on Sixth, was swarming with a happy throng of workers, both men and women.

A novel feature of the parade, and one which was never noted in other years was the large number of women in line. The ladies were even more enthusiastic than the men, and hundreds of them turned out in carriages and wagons especially decorated for the occasion.

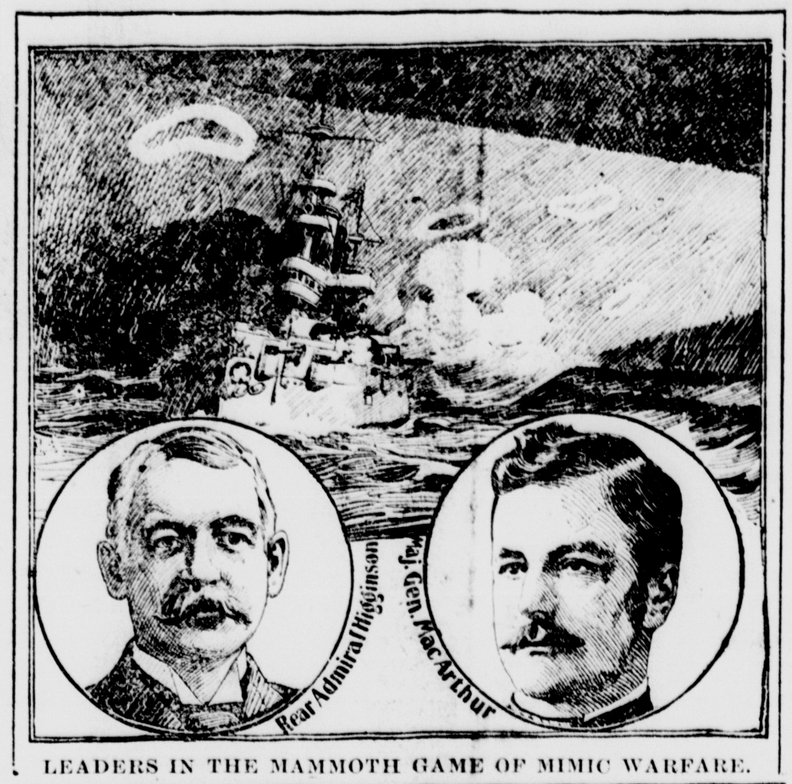

No less than ten organizations competed for the prize flag offered for the best display of their respective trades. These wagons were well distributed through the long line, and made a fine appearance.

The work of lining up the marchers was slow, and it was soon apparent that owing to the lateness of the hour it would be impossible to observe the original plans as to the positions of unions in line if the route was to be gone over before dinner. On this account the aids did the best they could in the limited time allowed, and the start was made a little before 11 o'clock, and the principal streets traversed.

Over 2,000 unionists were in line, and a large number of the organizations were uniformed, while others simply wore a cap to distinguish its craft. Those making a display of their trade were: Dishmakers' local No. 29; saggermakers No. 18; dippers, No. 16; bricklayers, coopers, bakers and plumbers.

So well did these unions demonstrate the workings of their respective trades that the committee composed of George E. Davidson, S. T. Herbert and M. J. McGarry, had a hard task before it in arriving at a conclusion. It is said this committee viewed the parade from three different points along the route, and when the parade was over considerable time was consumed in deliberation. It was finally decided that the dishmakers had won the prize flag, their display being the most complete from every standpoint.

The marchers were disbanded in the Diamond, and a rush was made for the South Side cars, everyone being anxious to reach Rock Springs before dinner. The East Liverpool and Rock Springs railway maintained an excellent schedule throughout the entire day, and not a hitch occured to delay the transportation of passengers to the park. It is estimated that fully 8,000 persons were carried over the line during the afternoon. It was thought the Y. M. C. A. baseball grounds on the other side of the river would cut down the patronage at the park, but it did not, as over 7,000 admissions were paid at the gate.

THE NEW BELL POTTERY TO COST HALF MILLION

Columbus, Sept. 1.—(Special.)—The project of the Bell Pottery company, of Findlay, to locate a pottery in this city will, according to a representative of the concern, involve an outlay of upwards of half a million dollars. Several months ago the company purchased 140 acres of ground in a suburb of this city as a site for the plant and had arranged to begin the work of construction at once, but the unexpected death of William Bell, the president of the company and prime mover of the enterprise caused a temporary suspension of operations. Ground was broken yesterday for the new plant.

J. N. Rose, who is here pushing the plans of the firm, stated that the pottery will be made one of the largest in the United States. It will have 12 kilns, which capacity will be doubled soon after the plant is completed. Operations will begin with 600 employes, which number will be increased to 1,000. A high grade of vitreous, translucent china will be made. General ware will be produced. It is hoped to have the plant in operation by January 1.

The tract which the company has purchased has been named "Bellwood," and a section of it will be platted off into streets and lots on which houses, which will cost $3,500 a piece, will be built for the employes. They will be modern throughout, containing water, gas and electricity. The enterprise will be similar to that of the Sebring pottery, which sold out its plants at East Liverpool and East Palestine and built a new pottery town at Sebring.

The site is adjacent to four railroads, which will anord excellent shipping facilities. A siding was put in last week to the site and material and supplies are now being received. The company will employ many skilled operatives from the eastern Ohio and New Jersey pottery districts. The Findlay plant has been in operation for 14 years.

DEATH OF H. G. FOLTS WELL KNOWN PROMOTER

Salem, Sept. 2.—(Special.)—Harry Gardner Folts, one of the best known promoters in the county, dropped dead at his home, 314 Lincoln avenue, yesterday morning. Heart failure was the cause of death. Mr. Folts came to Salem in the fall of 1900 and with J. L. Francis commenced to lease large tracts of coal land in and about West Point. Soon afterwards a division in the parenership between Mr. Francis and Mr. Folts resulted, and both men made a race to obtain new leases on the coal territory that they had leased jointly. Mr. Francis won out and immediately afterwards Mr. Folts directed his attention to the promoting of a company to build a cross-county railroad to connect Salem with Lisbon and East Liverpool, and to take in Shelton's grove. The road was to be built on private right of way. He never abandoned the project, and at the time of his death was still working to interest capital in the scheme.

Mr. Folts ate a hearty breakfast at 7 o'clock yesterday, and then after a short talk with his brother walked into his study and fell to the floor, dead. He was married on Thanksgiving day, 1900, to Mrs. Elma Pettibone, at Burlington, Wis., and he then came back to Salem. Mr. Folts was a graduate of the law school at Cornell and practiced law both in New York and Chicago. He was a Mason and is survived by his wife and three step daughters.

DUFFY AND MONNETT LABOR DAY ORATORS

Salem, Sept. 2.—(Special.)—Rain in the morning partially interfered with the celebration of Labor day in this city, but in the afternoon the clouds rolled away and everybody appeared to enjoy themselves. At Concert hall ex-Attorney General of Ohio Frank S. Monnett spoke at length. He scored the trusts, and his entire address seemed to be directed at combinations of capital.

Thomas J. Duffy, of East Liverpool, spoke in the interests of labor, and the points of his address were taken from the platform adopted at the recent Alliance labor convention. He spoke of why Labor day was observed and the causes that lead up to it. He also said he was not opposed to combinations unless they became so strong that they defied the law, and that some times it seemed that the combinations had the law back of them. "It is not more legislation we need," said Duffy, "but more legislators." The speaker also scored government by injunction, told of the injustice caused by child labor and condemned the company store idea.

During the afternoon no less than 3,500 persons assembled at the Salem driving park, where an excellent program of sports was carried out.

CONTRACTOR PREPARING TO DOUBLE TRACK C. & P.

The Cleveland & Pittsburg railroad company will commence double tracking their road from Wellsville and this city. This statement has been learned from authority most high, and as the work is to start at once it is believed that the road will be double tracked within a year.

Being loaded on cars at Martin's Ferry are tools owned by Contractor T. J. Stringer, and these are expected at Wellsville tomorrow. The first work Contractor Stringer will do in connection with the double tracking of the road between Wellsville and this city is the widening of five bridges between here and Wellsville. The double tracking will then follow.

An extension to the south siding at the Wellsville station will be built east for quite a distance and of course this track will serve as one of the double tracks. Considerable filling in is to be done by Contractor Stringer, and he will no doubt work several months of the contract.

HON. TOM L. JOHNSON THE SOLE PROPRIETOR

That Is the Way the Democratic Convention Meeting Today Appears at the Present Time.

POINTS ON PLATFORM AND CANDIDATES

From a Staff Correspondent.

Columbus, Sept. 2.—It will not be surprising if the Democratic convention, which convenes at Sandusky today, makes the perpetual franchise question an issue of the coming campaign. Senator Hanna came out in favor of such franchises while in Columbus last week and made quite clear his reason for doing so. He said there should be indeterminate grants of franchises, with a provision inserted requiring an adjustment of fares, rates, etc., once every 10 years. This would allow councils to regulate these matters and make them conform to changed conditions. He thinks this would be conducive to the public good. The companies would give the public efficient service, knowing that their invested capital would be safe, and at the same time would, as it were, be operating under a check-rein.

Governor Nash, Chairman Dick and other leading Republicans, however, think that it would have been the better part of wisdom, politically, to have left unsaid his words about franchises. They are all more or less disturbed over the incident. The Democrats will probably make "no perpetual franchises" their campaign slogan. Mayor Tom Johnson, of Cleveland, will be supreme in the convention. He is the temporary chairman and will make the keynote address. His victory over the McLean forces in Cincinnati last week probably means that he will be able to maintain in the convention the supremacy he achieved over his political enemies when the state committee selected him as temporary presiding officer of the state convention.

McLean and his henchmen were amazed at Johnson's temerity in invading their citadel and were filled with consternation upon being routed by him. The wily Tom's representatives maneuvered things so as to capture a majority of the Hamilton county delegates to the state convention. It certainly looks as if he will be the dominating factor at the big meeting.

The platform will contain planks dealing with both state and national issues. The Longworth board of revision law and the new taxation laws will be condemned, as will trusts and the colonial policy of the Republican party. It seems probable that the Kansas City platform will be recognized in some way. The Nash code, of course, will be opposed and a form of government patterned after the federal plan will probably be favored. The Eighteenth district delegates will meet and organize Tuesday afternoon in Schaefer's hall, 212 Wayne street, Sandusky. Stark will have 16 delegates, Columbiana 8, and Mahoning 9. The district will have no representative on the state central committee until the delegation elects one. The place has been vacant for several months. Judge Otto E. Young, of Massillon, who filled it, having died. An effort was made to appoint his successor at the recent meeting of the state committee in Columbus, but it failed, as there is no rule under which it could be done.

The candidates mentioned thus far are as follows: Secretary of state, Rev. Herbert S. Bigelow, Cincinnati; John E. Stang, Sandusky. Judge of supreme court, Hon. George B. Okey, Columbus; Barton Smith, Toledo; J. W. Loree, Celina. Dairy and food commissioner, Philip H. Bruck, Columbus; Senator John Krouse, Cleveland. Mem-

PRIZE WINNERS IN THE SPORTS

Interesting Athletic Contests Held at Rock Springs Park Yesterday Afternoon.

FOUR THOUSAND LOOKED ON

And Saw Tests of Skill And Muscle. Competition Was Keen in Several of the Events—List of the Lucky Ones.

The Labor day sporting events at Rock Springs park in the afternoon were enjoyed by over 4,000 people, and all expressed themselves as being highly satisfied. There was a misunderstanding between the contestants in the first event, owing to a bad start and the performance was delayed a short time, but following that everything passed off without a hitch.

The first event was a 100-yard dash. It was called at 2 o'clock by the official scorer. William Elder acted as judge and filled the position admirably. George Hale was the efficient starter. Each event with entries and the names of the winners follow:

First, 100 yard dash. Entries, H. M. Kerr and John Webb. Kerr won first prize, an $8 pair of trousers, and Webb was awarded the second, a rocker worth $6.50.

Second, fatmen's race. Entries, W. M. Smith, John Stoffel and Criss McConnell. Smith won, with McConnell second. First prize one box 10 cent cigars; second prize, one box 5 cent cigars.

Third, shoe race for boys from 10 to 12 years of age. Entries, Charles Lownds, Charles Menough, Clinton Brown, Floyd Price, Eugene Lacy, Willis Wagggle, Roy Waggle, Robert Reark, Clyde VanFossen, John McGill. Robert Reark won and received one $3 pair of shoes.

Fourth, three legged race. Entries, W. H. Green and Oscar Sayre; John Webb and John Reark. Webb and Reark won. Prize, a $3 hat to each.

Fifth, shoe race for men. Entries, W. H. Green and O. O. Sayre. Sayre won. Prize, one pair of $5 shoes.

Sixth, putting the shot. Entries, William O'Connell, W. H. Green and O. O. Sayre. O'Connell won. Prize, one $5 umbrella. He threw the ball which weighs 17 pounds, 30 feet and 4 inches.

MILK ADVANCED

FALL PRICES FOR THE STAPLE NOW PREVAIL.

The Dairymen Knows Autumn Has Come, Regardless of The Weather.

The weather is so mild that many people who are not in the habit of scanning the calendar might easily forget that summer is past and the fall here. Not so with the milkman. He does not forget it; it would not pay him to do so. The local dairymen's association, through J. E. Newell, secretary, yesterday gave notice that commencing on that date, the price of milk would be as follows: Per pint, 4 cents; per quart, 8 cents; two quarts, 14 cents; one gallon, 25 cents.

THE ONLY ACCIDENT

During the Parade Happened to Dippers' Wagon And It Was Not Scrious,

Only one accident was reported in the Labor day parade yesterday. When the parade was counter-marching in West Market street near the Dresden pottery, a front wheel of the wagon used by Dippers' local No. 18, and occupied by Major Adams, came off, permitting the axle to drop to the ground. The wheel was soon replaced and the wagon proceeded.

Near Seventh street the horses attached to the same wagon gave the wagon a sudden jerk, causing Major Adams to be thrown out of the wagon to the ground. Luckily he was not injured.

BOND NOT FILED

And the Vacancy Caused By Constable Miller's Death Continues.

Unless Isaac Burlingame files his bond of $500 with the township trustees soon the trustees will appoint another man to fill the position of constable made vacant by the recent death of James Miller. Mr. Burlingame was appointed to the office of constable soon after Mr. Miller's death, but as yet he has not filed his bond.

Four or five applications have been filed for the office, which, under the circumstances, is appointive.

RESIGNATION EXPECTED

Rev. T. V. Milligan to Retire From Oak Ridge Pastorate And Active Work.

The fall meeting of the Steubenville Presbyterian presbytery opened at Augusta. At this meeting it is announced that Rev. T. V. Milligan will resign the pastorate of the Oak Ridge church, and in all probability retire from ministerial work.

BROKEN COLLAR BONE

The Result of a Fall While Children Were at Play.

While playing with a number of children at his home on Seventh street, Frank Millhorn, a lad of 14 years, met with an accident which will result in his confinement to bed for several weeks. He accidentally fell to the ground and sustained a broken collar bone.

Pastor's Resignation.

Rev. J. F. Shepherd, pastor of the Presbyterian church at Carrollton, has resigned and will accept a call to Lincoln, Neb. He was formerly pastor of the Madison church in this county.

Licensed to Wed.

Lisbon, O., Sept. 2.—(Special)—William R. Campbell and Blanche M. Munsey, of Wellsville and Joseph B(?)ce and Jennie Hunter, of East Liverpool have been licensed to wed.

TOO MUCH WORK FOR TWO HORSES

Team Drawing the Patrol Wagon Came Very Near Being Overworked.

NEARLY A DOZEN ARRESTS

Made in the Short Space of Two Hours —Fighters Were Numerous in the Crowd That Faced Mayor Davidson This Morning.

In two hours yesterday there was an unprecedented amount of business done by the police. Nearly a dozen men were given rest behind the iron bars in that short period. For the first time on record Tom Bryan, who drives the patrol wagon, was compelled to change his horses. The grays were given more than their share of the fun and the blacks were substituted. Uncle Jack Burgess states that before the grays were dropped they had difficulty in climbing the hill with the wagon alone.

Detective Mahoney, always at his post, made three of the most important arrests. The officer was off his beat when he did so but his powers are long reaching and he could not resist the temptation. At Washington and Third streets he spied an assemblage of more than ordinary proportions and knowing that there was something doing he quickly advanced. There he found two men, William Hopkins and Sam Banford, with blood streaming from their faces and presenting an appearance of having met the sidewalk half way.

The officer arrested the men and upon their arrival at the station learned that there was a third party that he had failed to notice. In a few minutes he had Bezom Elliott in charge.

WITH THE WORKMEN IN THE CLAY PLANTS

ABOUT CANONSBURG.

It was stated yesterday evening that the Canonsburg pottery is one of the few outside potteries which is being operated to its capacity. Business is quite good with the firm, and a large batch of orders are being received daily. The company has been compelled by necessity to place an additional clay press in its plant, and this is now being done. This will give the plant a capacity of three clay presses. Two presses were found insufficient. The company has also ordered an additional printing press and this was received a day or so ago. It is now being placed in the decorating shop, and will make a total of four presses in this department. Both presses were made in this city. Another improvement made in that shop is the placing of the third journeyman packer on duty in the packing department. This was made necessary on account of the increasing business offered the company. All departments of the Canonsburg shop are running full, and these conditions are expected to prevail until the first of the year at least.

Charles Wolf, formerly of this city, but more recently of Sebring, is operating the 5 and 6 inch plate jigger at the Canonsburg shop, while John Winegartner is operating the big jigger. Hugh O'Donnell has that job that is craved by most jiggermen, that of making fruits. All the clay and water is carried to the jiggermen in this shop, and in the evening all scraps are carried away. Of course, the men pay a "hustler" for this work. The clay made at this pottery is said to be amongst the best used in any pottery, and the jiggermen have been suffering very little loss through the ware cracking while on the moulds.

AFTER MOULD RUNNERS.

Labor Day afforded an opportunity for jiggermen in the potteries outside of East Liverpool to come to this city for the purpose of securing help. This was the case of two prominent pottery workers, jiggermen of the Canonsburg pottery. The school laws of Pennsylvania are strenuous, and as the schools of that state opened today, eight mould runners at the Canonsburg pottery were compelled to quit work and return to their studies, which will be of more benefit to them. The eight mould runners employed by the jiggermen at Canonsburg were above the average, and a workman from that shop last evening said that not one of them was compelled to work, as their parents were all quite well-to-do. These conditions of course are not to be found in every town in which there is a pottery. Frequently the case is that a little boy is the main support of a widow mother, and a position for her son at from $1.50 to $1.75 a day is quite a help. The jiggermen who came here might have secured one or two boys, but they were not successful enough in securing mould runners to run the entire jigger shop.

BACK TO OLD POSITION.

Arthur Savage, for over a year cashier at the freight depot in this city but more recently connected in a clerical capacity with the Sevres China company, has resigned his position with that company, and has returned to the railroad company. He is now yard master. Announcement as been made that Mr. Savage and Miss Cora Henry, who until last season was a teacher in the local schools, will be married today. Mr. Savage was to leave this morning for Zanesville, the home of Miss Henry, where the marriage was to take place. The ceremony will be performed by Rev. Mr. Zell, of Zanesville. The young couple will reside in this city.

SAME OLD STORY.

Another operative potter who has been working in a pottery outside the city is to return here to make his home. This is Mal Stevens, who has had charge of the packing department of the Shenango pottery at New Castle. Mr. Stevens was in the city Saturday evening, and it is reported that he intimated to a number of his close friends that he was not satisfied with the conditions at New Castle and would come back here. He is well known in this city, having resided here previous to moving to New Castle.

ENRICHED $1,000.

By a vote of the trade, National Treasurer John T. Wood, of the National Brotherhood of Operative Potters, through Secretary Thomas J. Duffy, has forwarded $1,000 to Pres. Mitchell, of the Mine Workers' Association. This was mailed a few days

OLD FRIENDS HERE.

William Maley, for many years a plate jiggerman at the Diamond, accompanied by Mrs. Maley, spent yesterday in the city visiting friends. Mr. Maley is now operating a plate jigger at the Canonsburg pottery, and stated that since he went to Canonsburg his health had greatly improved. Hugh O'Donnell, who operates the fruit jigger at the Canonsburg shop, and who is well known in this city, accompanied Mr. and Mrs. Maley to the city. The party returned home yesterday afternoon.

NEW EASTERN LOCAL.

Packers' local No. 49, of Trenton, met Saturday evening in the Ribsam building and the interest manifested in the new organization speaks well for its future welfare. The new officers are: William Devine, president; Patrick Solan, vice-president; William Stubbs, recording secretary; Charles Walton, financial secretary; Thomas Haggerty, treasurer; Thomas Sweeney, sergeant-at-arms; D. Connell, inspector; Henry Gentry, Michael Shanahan and Timothy Clark, trustees.

POTTERS PROMINENT.

From reports received from all places in which a pottery is located the fact is noticeable that the operative potters took a prominent part in all the Labor Day demonstrations. At Trenton, over a thousand operatives were to be in line and a good number turned out at New Castle. The four locals at Wheeling, Nos. 6, 28, 43 and 46, were prominent in the parade in that city. The potters take a prominent part and lively interest in such demonstrations.

A BETTER POSITION.

Samuel Eardley, for many years one of the best known pottery workers of this city, but now manager of the French China pottery, at Sebring, was in the city yesterday visiting friends. He returned home in the afternoon. When asked as to the resignation of William Tritt with the Sebring company, all Mr. Earley would say was: "Well, I guess he secured a better position with the Crooksville pottery, and just resigned, and that was all."

JESTER WAS HERE.

Jean Jester, formerly of this city, but now located at Barberton, being employed by the Barberton Pottery company, arrived here Saturday. Mr. Jester said the new Barberton shop was about running in full and that first ware would be shipped from the new shop it was expected this week. Everything is running smooth at this shop and no complaints are heard anywhere. Jester returned home yesterday afternoon.

JUMPING AROUND.

Persons workers at New Castle who were in the city yesterday brought the information that Ralph Woods, formerly a presser at the Diamond, who went to the New Castle sanitary shop, had returned to New Castle again from Camden, where he went several weeks ago. On account of Woods' returning to the west so soon it is believed that the west is a better part of the country to work in than is the east.

DECLARED UNTRUE.

The story, published originally in a Trenton paper, that a number of girls had been blacklisted in the potteries of that city, is pronounced a fable by a Trenton manufacturer.

WORKING ON BUILDINGS.

The erection of the engine, boiler and grinding rooms of the plant of the East Liverpool Brick Manufacturing company has commenced, and that part of the plant is now well under way. Of course the work on the kiln has not started, and will not for a week at least. It is the intention of the contractors to rush the building of the plant as fast as possible.

ago, but the announcement of the fact was not made by President Hughes until last evening, just as soon as the vote was counted, relative to whether the money should be collected by popular subscription or taken from the defense fund. The money, however, was taken from the defense fund. Several other donations made by the locals individually were also forwarded with the check for $1,000.

THEY WERE MARRIED.

Information has been received here of the recent marriage of Charles Nelson, a sticker-up at the Canonsburg pottery, and Miss Rosa Till, a popular finisher employed at the same plant. The young couple were married at Pittsburg a few days ago. Mrs. Nelson formerly worked in this city, and before going to Canonsburg was employed at the Sebring potteries.

COMMITTEE'S REPORT.

Jiggermen's local No. 12 will meet this evening. A report will be made by the special committee appointed at the last meeting to investigate the matter of having a uniform limit to a day's work. The work of this committee is not at all easy, and it is most likely that it will be several weeks before its final report will be presented to the local. There are five jiggermen on this committee.

AMONG THE POTTERS.

A new sign has been painted upon the wall of the Brunt pottery. It is in the same position as the old one.

Walter DeYarman is a new apprentice kilnman on the glost at Laughlin No. 2. He is with James Elliott's crew.

Jack Carney of this city has gone to Canonsburg where he has taken a place on the biscuit bench. A new placer on the glost end is Jack Cannon, also of this city. These men commenced work last week.

Clay workers who were locked out at the Flint brick plant at Des Moines, Ia., have returned to work. The Arbitration Committee of the Trades and Labor assembly met and decided that the workmen were entirely in the wrong.

Harry Hancock, who has been employed as a packer at Thompson's, has left that plant, and is located at the Taylor shop in Chester. Edward Grant, from Sebring, has taken the position made vacant by the resignation of Mr. Hancock.

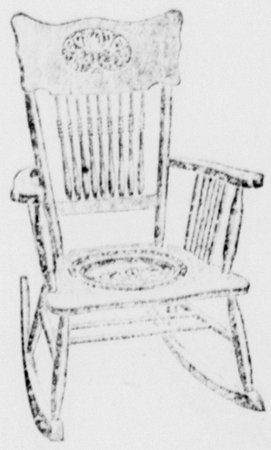

"Work on the plant at Salineville is progressing very slow," said William H. Deidrick, of the new Dresden China company, yesterday, just as he was about to go to Salineville. All of the buildings are now under roof, and work on the new kilns is also progressing slowly.

NO LIGHTS ON THE STREET

Residents of Ohio Avenue Want Council to Attend to Their Needs.

Residents of Ohio avenue, from Mulberry street to Ralston Crossing, are about to prepare a petition which will be presented to council, asking that a number of lights be located on that street. There is not a light on this street, and it is one of the prettiest residence streets of the East End.

Councilman Willard Thomas is a resident of this street and some of the residents are wondering why he has not asked for a few lights for that street. Councilman Marshall, when asked about the matter this morning, said there were a number of places where lights were needed and he was not much in favor of placing lights anywhere except where danger threatened pedestrians. That the matter will be brought to the attention of council at its next session there is no doubt.

MINISTER TOOK A HAND

Pitched a Disturber Out And Trouble At Revival Was Soon Settled.

There was trouble at the revival meeting of the Free Methodists at Neville institute last evening, but the preacher came off with flying colors. The meeting was progressing quietly when some one started a fight, and before the large congregation knew much of the affair, the pastor was right in the midst of the affair, and catching one of the fighters rolled him out of the building.

This broke up the meeting for a time, but the fight was all over, and the services proceeded.

Two Seriously Ill.

Two little children in the East End are seriously ill with cholera morbus. One is the little daughter of Mr. and Mrs. Lot Haney, of First avenue, and the other is Emmet, the three-year-old son of Mr. and Mrs. Densmore, of Erie street. The Densmore child was in apparent good health at 7 o'clock last evening, but a short time later it became suddenly ill and a watch was kept over it all night. Its condition this morning was somewhat improved.

Trouble at Boarding House.

A little trouble at the Irwin boarding house on First avenue caused Officer Spence to make a trip there last evening. According to the story told by the police, Lloyd Irwin and Harry Cochrane had a few words, which caused a little undue noise. When the officer arrived at the house all was quiet, and Cochrane was not to be found. It was reported in the East End this morning that some shooting occurred, but this story could not be verified.

The Free Methodists pay no rental for the use of the Neville institute. The officials of the church have been asked by the officers of the institute to keep the building clean. Yesterday the room was given a thorough cleaning, and the school opened this morning. The institute this term will be under the direction of Prof. Fisher, who was employed last term. It is expected that at least 40 scholars will be enrolled.

Too Wet for Foot Ball.

Although there was to be a foot ball game at Columbian park yesterday morning between the Laughlin and Rover teams, no game was played, owing to the wet condition of the grounds. It is expected a game will be arranged to be played next week.

EAST END AFFAIRS.

Mrs. Robert Jewell and children, who have been visiting at the home of Mrs. Duncan, returned to Sebring this morning.

Dr. and Mrs. Robert Baird have returned to the East End from Scio, where they visited a sister-in-law of Mr. Baird, who was seriously injured recently.

At a meeting of Eureka circle, P. H. C., which will be held this evening, a class of 32 candidates is to be initiated. Some who were to be initiated at the last meeting failed to appear.

A SLICE OF CANTON

Worth $200,000 And Forming a Park Is Demanded By a Woman.

Canton, Sept. 2.—A formal demand was made on the city Saturday by Attorneys Clark & Clark, in behalf of Mrs. Agnes Wells, of Steubenville, for a square of real estate in this city. The property demanded was originally given to Canton by the founder of the town, Bezaleel Wells, for a cemetery. The cemetery has been abandoned and the place converted into a park.

Wednesday night a bandstand erected on the ground by the city was formally dedicated. The plaintiff claims the land now reverts to her, according to the original terms of the grant to Canton. Council is asked to settle all residuary claims. The land involved is worth $200,000 or more.

Anyone who has given it a trial will tell you that the quickest, surest and most pleasant remedy in use for this disease is Chamberlain's Colic, Cholera and Diarrhoea Remedy. There is no loss of time when it is used, as one or two doses of it will cure any ordinary attack. It never fails, not even in the most severe and dangerous cases. For sale by Alvin H. Bulger.

THE WHEELING FAIR

The Agriculture And Live Stock Displays Will Be On An Extensive Scale.

The primary object of any Fair, and particularly of a State Fair, and superlatively of what is virtually a Tri-State Fair, is to make exhibits of farm products, fruits, garden products, live stock, including horses, farm machinery, the propducts of the dairy and of the home, artistic and decorative work, evidences of educational progress, etc. These objects have been annually accomplished at Wheeling and this year unprecedented efforts have been made to achieve results, with the most flattering success. Every department is full, and in live stock particularly there will be an astonishing and interesting display, while the poultry exhibit will delight those paying especial attention to fowls of all sorts. This is the educational and business side of the big Exposition, and should be considered and treated from a business standpoint. The farmer or stock-raiser does not and should not go to a big Fair merely to have "fun." It ought, in a primary sense, to be a business matter with him, and therefore he should be present, prepared to note what others are doing and to profit by the information gained. The State Fair at Wheeling affords an opportunity.

Expressmen Not to Be Permitted to Loaf in the Diamond.

No more will expressmen be permitted to loaf in the Diamond. This will be asked to drive on by the police when they are seen with their teams standing in and about the Daimond waiting on trade. A notice directed to all policemen, signed by Mayor Davidson, has been placed in the mayor's office at city hall to this effect, and it is now being enforced by the officer. This is a new wrinkle, for the local expressmen while they have not been attending to their orders, and while waiting for new business, have driven their horses to the Diamond and allowed horses and wagons to stand there waiting for business.

How kindly the teamsters and expressmen will take to the new edict remains to be seen. It is evident that the authorities have received some complaint about the expressmen allowing their teams to stand in and about the Diamond, hence the order.

Nothing could be more conclusive in the way of proof of general and widespread industrial activity than the figures embodied in the annual report of the interstate commerce commission just made public. According to this report the total receipts from the operation of all the railroads in the United States during the year ended June 30, 1901, was $1,588,626,037, which is an increase of $101,000,000 over the earnings for the previous year. Aside from this item of increased railroad public interest centers in the increased mileage, the number of persons employed and the amount paid out in operating expenses. Including tracks of all kinds the aggregate length of railway mileage was 265,368 miles, an increase of 6,582 miles. The number of persons employed by the railways in this country was 1,071,169, an average of 548 employes over the number employed in the year ending June 30, 1900. The operating expenses of all these roads were $1,030,397,270, which was an increase of $68,968,759 over the expenses of the previous year. From present indications this year's work will result in a large increase in railway mileage than last year, as well as a surprisingly great addition to present railway equipment. The big roads are all finding their facilities inadequate to handle the business offered them. They will not suffer this condition to continue if they can prevent it.

Organized labor in East Liverpool made an excellent showing on Monday. The exercises of the great holiday were admirably planned and the various programs carried out in excellent style. The whole demonstration was a credit to the city, and, it may be remarked right here, that the workers of this city rarely if ever engage in any undertaking that is not a conspicuous success.

Tom Johnson is holding a Democratic convention at Sandusky. Other folks are showing very little interest in it.

Labor Day is fast becoming one of the most popular and most generally observed of all holidays.

Some are doubtless more weary than they would have been had they labored yesterday.

The Democratic platform to be made at Sandusky will be chiefly interesting as a curiosity. Nothing it can say can help the cause of Democracy in Ohio.

Baseball fans had all they could attend to yesterday, and were right in their element!

The man who wastes his holiday in getting drunk deserves no holiday.

It was a day of labor for the street car men.

AT THE THEATER

"The Way of the Wicked," an exceedingly thrilling melodrama, will be the attraction at the Grand next Thursday evening. The play is the joint production of those clever playrights, Fosse and Miles, also the authors of "New York After Dark," and is an ingenious illustration of the advancement of science in all phases of human life. Electricity, that giant, almost unknown element, terrible in its force, is continuously employed as foil and counterfoil in the economy of human life. The burglary in the bank, where Sweeney and Burk quickly discard vulgar force to employ the electric smelter to the safe doors, melting the chrome steel of which they are composed, as quickly as a "hot knife cuts butter," is an apt illustration of the favorite and latest method employed by the criminal expert of the day. At the Grand September 4.

RAILROADERS' SECRET SESSION.

They Want to Know How Various Candidates Stand on the Labor Question.

Harrisburg, Sept. 2.—The state legislative board of the railroad employes of Pennsylvania held a secret session in this city yesterday to discuss certain legislation to be presented to the next legislature. A committee composed of W. J. Serbe, of Mauch Chunk; S. W. Hiller and George W. Coyle, of Philadelphia; C. L. Schriner, McKees Rocks, and M. T. Robinson, Harrisburg, was appointed to prepare a record of all legislative candidates. This record will indicate how each candidate stands on the labor question and will be printed and circulated among the members of the order during the fall campaign.

Benjamin Crager and George W. Coyle, of Philadelphia; W. L. Plummer and William A. Boate, Pittsburg; Jere N. Weiler, Mauch Chunk, and M. T. Robinson, Harrisburg, were appointed a committee to wait upon Governor Stone on his return from Pittsburg and urge him to use his good offices to bring about a settlement of the strike in the anthracite coal regions and to call an extra session of the legislature for the passage of an arbitration law, if it should be found that such action would end the strike.

The board will meet again today, at which session it is expected some action will be taken on General Gobin's order to shoot strikers and arrest women and children who insult the troops on duty in the strike region. The board is composed of 150 delegates and represents the Brotherhood of Locomotive Engineers, Order of Railroad Conductors, Brotherhood of Railway Trainmen and the Order of Railroad Telegraphers, representing in all a constituency of over 100,000 railroad employes.

BIG STRIKE THREATENED.

Stevedores, Lumber Shovers and Scoopers May Go Out.

Buffalo, Sept. 2.—Danger of a general strike along the water front is believed to be imminent, and it is said that the only means of averting it is for the big freight carrying lines to employ only tugs operated by union men. The union men have spent weeks in perfecting their plans for an aggressive fight.

The managers of the freight lines declare they would rather tie up their boats for the rest of the season than employ the tugs as the union men say they must. Should a strike be ordered it will include, it is said stevedores, lumber shovers, scoopers and freight handlers. It is estimated that about 90 per cent of them are union men.

Crews of incoming steamers are forbidden to take out their vessels until the trouble is settled. Several big steamers have been deserted by their crews when about to leave port and have been obliged to remain.

TOO MUCH WORK FOR TWO HORSES

(Continued from First Page.)

This morning Mayor Davidson concluded, after hearing the testimony, that the first two were not to blame for the excitement turned them loose. Elliott will appear this evening and will be assessed $5 and costs. It is said that he pounded the couple without the least provocation.

Harry Mathers, John Thomas and Peck Hester, brilliant lights of Chester, followed a lengthy argument by an engagement in a short fisticuff exhibition. They were rounded in by Officers Saulsberry and Woods. Saulsberry had a little fun in capturing Mathers. That gentleman slipped away while the other two were being placed under arrest and before Saulsberry noticed his absence had gained quite a start. Saulsberry is a runner who has few equals and soon overtook the would-be sprinter. Hester proved that he was only in an argument and was discharged, but Thomas and Mathers got $7.60.

"Zip" Farmer pleaded guilty to a charge of being drunk and disorderly, but stated that he hated awfully to do so. "I was only making fun for a crowd," he said. "You know there must always be a King's fool." For his entertaining abilities he got $5. Officer Saulsberry arrested him.

Martin Elliott, a bricklayer and a veteran of the civil war, was arrested by Officer Woods. He had imbibed too freely. It was his first time in durance since he spent time in Libby prison and he regretted it very much. A fine of $5.60 was imposed.

Charles Gilliand and Dave Wooley were arrested by Officer McDermott for being drunk and each was fined $1 and costs.

THE VERMONT TOUR IS ENDED.

President Guest of William R. Moody, Son of Noted Evangelist, at Northfield, Mass.

East Northfield, Mass., Sept. 2.—President Roosevelt yesterday concluded his tour through Vermont at Brattleboro and spent last night here at Northfield. The reception accorded him at Brattleboro was among the prettiest, most well conducted and most enthusiastic he has received in his tour of New England. Arriving at the common, where he delivered his address, the pavilion steps were strewn with flowers by little girls who were drawn up on both sides.

The president began the day's journey at Burlington, reaching that city from Shelburne, the home of Dr. W. Seward Webb. After a drive about the city, the presidential train started southward, stops being made at Vergennes, Middlebury, Brandon, Proctor, Rutland, Ludlow, Bellows Falls, Chester and Brattleboro, and his Vermont trip was ended. He crossed into Massachusetts in the early evening and went to Northfield, to remain last night as the guest of William R. Moody, son of the noted evangelist, Dwight L. Moody, at the Northfield hotel. The president was to go to Round Top this morning to visit Mr. Moody's grave.

The president spoke at every stop yesterday, but most of his addresses were brief. That of greatest import was the one delivered at Proctor, the home of Senator Proctor, wherein he defined his idea of the Monroe doctrine.

The most unique speech of the day was that delivered last night in the Auditorium here.

President Roosevelt came directly from Brattleboro to the Mount Hermon school, being met at the station by W. R. Moody, the head of the Northfield school, the Northfield selectmen and by General Henry Cabot Lodge, who came from Boston on the afternoon train. He made a short address to the students and was then escorted to the hotel, where he was to pass the night.

GREAT LABOR DAY.

Records Broken For Parades and General Enthusiasm.

Pittsburg, Sept. 2.—The parade and Labor day demonstration yesterday morning, with its 8,000 or 9,000 workingmen in line, was one of the largest ever held in Pittsburg. In spite of the shower which began about 9 o'clock and, after an interval of sunshine was followed at noon by a heavy downpour, the men turned out in as great numbers as could be expected. Only in the ranks of the miners was there any falling off.

The day throughout the country was generally observed, parades in the morning and speeches and merry making in the afternoon and evening being the popular programs. All in all, it was the greatest Labor day in history.

WELLSVILLE

WELLSVILLE PARADED

THE PROCESSION WAS A MOST IMPOSING ONE.

A Speech By Ejilah W. Hill And Athlethic Events Features of the Day.

Labor Day in Wellsville was a grand affair. The celebration, while not as extensive as last year, was general. It was participated in by all of the union men in the city, who with the loyal citizens, composed a large throng, which made the streets more active than they have been for many months. A large number of people from out of town also participated in the celebration.

In the morning there was a big parade participated in by all of the union men of Wellsville. It was about five blocks long and left the corner of Tenth and Commerce streets, the place of formation, at 9:30 o'clock. William Green acted as chief marshal. His aides were: Charles Aughinbaugh, A. B. Apple, C. R. Davis, James Mellott, Jennie Thomas, George Andrews and William Headley. The merchants were not very well represented, owing undoubtedly to inclement weather. The police and firemen made a good showing.

In the afternoon were exercises at the Aten addition in the West End. Elijah W. Hill, of East Liverpool, delivered the address. He touched on and denounced the present anthracite coal strike and the trusts, declaring that the working man was gradually nearing a crisis, if conditions continued, which would result in the practical reduction to poverty of his children. He met a hearty recepton. Later in the day a large number of athletic events were run off at the addition. There were two hotly contested ball games. Dancing was enjoyed afternoon and evening.

MESSER MUCH WANTED

Waiter Accused of Theft in Wellsville and East Liverpool.

The police of Wellsville and Frank Geisse, a local restaurant owner, like to see Walter Messer, a waiter, formerly of East Liverpool. Messer hired out to Miss Maggie Bailey, who runs a restaurant for Geisse, as a waiter three days ago. On Sunday he disappeared with $7.15, which was all the till contained.

Messer it is said, is also wanted in East Liverpool. It is claimed he stole $17.80 from D. A. Devine. He is thought to have gone toward Lisbon, and Sheriff Leonard has been notified.

SCHOOLS ARE OPEN

And the Attendance Is Large—Assignments of Teachers.

All of the Wellsville public schools started today upon another year's work. Every room in the Eighteenth street, Ninth street and Lisbon street schools is well filled, a fact which demonstrates that the city has increased in population since last year.

Teachers are as follows: Lisbon street school, No. 1, Mary Boyd; No. 2, Mary J. Stokes. Eighteenth street school, No. 1, Martha Andrews; No. 2, Nellie Joseph; No. 3, Lettie Brown; No. 4, Margaret Grant. High school, Ninth street, Ruby E. Mason, principal; Grace Van Sickle, Blanche Butler; grammar department Ninth street, No. 1, Rena Tinner; No. 2, Alice McDevitt; No. 3, Mary McDonald; No. 4, Helen Andrews; No. 5, Louise Ferrell; No. 6, Anna Davidson; No. 7, Mabel Boyd; No. 8, Maud McGregor; No. 9, Janet Kerr; No. 10, Olive Smith; No. 11, Mary E. Phillips; No. 12, Mrs. Orrie S. Forner.

Miss Louise Ferrell, who has been assigned to teach in room No. 5, was a graduate of the Wellsville high school this year.

Tramped from the West.

Dominick Ross, an Italian of Empire, was arrested last evening by Officer Houser for being drunk and disorderly. He will be given a hearing today. A foreigner giving his name as Paul Stack and claiming to hail from the west, was arrested last evening for riding on a freight train. To Mayor Fogo this morning he said that he had walked all the way from Kansas City here during the past 28 days, and that he wanted to get to Luzerne, Pa., where he intends to visit relatives. He is "dead broke," and for this reason he will probably be set free this evening.

Jay Davis Promoted.

Jay Davis, who for some time has acted as delivery clerk in this city for the Adams Express company, has been promoted and is now express messenger on the river division No. 335. Fred Bunting, of this city, has taken Davis' place and will hereafter have charge of the express company's delivery wagon.

Finance Committee Meeting.

The finance committee of council will hold a meeting this evening for the purpose of approving the monthly bills. The regular meeting of council has been postponed until Friday evening, when some very important business will be transacted.

AN EXCELLENT SHOWING

FOR OIL IN THE FINNICUM WELL NOW DRILLED IN.

Indications Are That It Will Be Good For 50 to 75 Barrels per Day.

The Finnicum oil well on the Swearingen farm came in at noon yesterday. The well filled after being drilled only three feet in the sand. The fires were drawn and the boiler moved immediately. It is estimated that it will flow from 50 to 75 barrels per day.

The new well is located 450 feet south west of Finnicum No. 1, which produces 38 barrels per day. Finnicum No. 3, which will be drilled soon, is about 500 feet further south. The field is likely to be one of the richest in the section.

MORE SCHOOL ROOM

The Growing Needs of Chester Demand Additional Accommodations.

The board of education of Grant district is considering the advisability of adding another room to the Chester schools for the coming term. There are six rooms already, but Chester is a growing town. The rooms were all full last year and can scarcely be expected to accommodate the increased attendance.

There will not be time to erect a new building as school opens next Monday. Hence the board will be compelled to rent a room somewhere, or fit up the basement of the central building. It would be possible to convert this into a very comfortable school room. The gravel could be graded away from the lower side, making a level entrance. Light could be admitted from two sides. Only one-half of the basement is needed as a sore room. The remainder would make a large school room. Miss Nellie Carman, who taught in Chester last year and did very satisfactory work, is spoken of as teacher for the new room.

A PAYING POSITION

L. Y. Woodmansee Leaves Chester to Take a Place at $150 a Month.

L. Y. Woodmansee, former manager of the Chester forge, has left for Pittsburg to take charge of the new Westinghouse foundry in East End. His salary will be $150 per month.

His daughter Maude accompanied him. She will attend school in Pittsburg. The remainder of the family will follow them about January 1.

To Organize a Church.

The Presbyterians of Chester will meet tonigt at the school house to arrange for organizing a church and purchasing a site for the new church building. A location near the central school building and another on Carolina avenue, between Fourth and Fifth streets are being considered. Alex. Pugh, Joe. Hough, and Oscar Allison are on the committee looking after this work.

Eleven Producing Wells.

E. A. Freshwater, Mr. Carson and Milton Freshwater, son of E. A. Freshwater, have in the north end extension of the Turkeyfoot field eleven wells, producing 6 to 8 barrels per day. Another was drilled in Saturday good for (estimated) 40 barrels.

Ready for School Opening.

G. A. Allison, the new principle of schools, came up from New Cumberland this morning to confer with the board of education and arrange for the opening of school on Monday.

All Were Successful.

All the teachers who took the Hancock county examination ending Saturday evening, secured certificates as follows: No. 1, Miss Kate Shipley and Miss Jessie Campbell; No. 2, Miss Ella Douchoo, Ola Dornan, Rachel Baxter, Daisy Yocum and D. D. Mercer; No. 3, Anne Bambrick and Alva Campbell.

BIG GUNS BELCHED.

First Attack in the War Game On---Cannonaded for an Hour.

RESULT DETERMINED LATER.

Bombardment and Capture of Block Island Reported—Not In Territory to Be Defended and Not Supposed to Be Attacked.

Fort Trumbull, New London, Conn., Headquarters of Army of Defense, Sept. 2.—At just 10:20 last night the big guns of Forts Wright, Terry and Michie belched forth almost simultaneously and there was no longer doubt that the first attack in the war game was in effect. For an hour the cannonading continued and the result from the army standpoint is best stated in this official bulletin, posted at headquarters at 12:20:

"Movement to pass through the race began at 10:20 p. m. Forts Mitchie, Wright and Terry engaged 50 minutes. Apparently the ships entering have been put out of action by points scored by the army guns."

The result, however, will be determined later by the board of arbitration.

All was quiet, when suddenly the reports of the guns was heard and General MacArthur listened attentively. The attack was on, but it came sooner than was expected by the major general commanding.

All day yesterday the army officers here were kept posted in regard to the movements of the enemy, even after the signal stations had been captured. The detachment of signal men at Block island was in charge of a signal officer of the Connecticut national guard, who escaped with all his men but two. He afterwards established a signal station and sent to the defending force. Information was received from Woods hole by a line other than that which was supposed to be destroyed by the enemy, thus showing the efficiency of General Greely's corps of signal men and the completeness of their work in preparation for the game of war now on.

General MacArthur informed an Associated Press representative last evening of his extreme satisfaction with the working of the wireless telegraph. Most of the messages received were by that system and was of decided interest to the general in command, this being the first time the system had been used in the manoeuvres.

Among the first dispatches received yesterday was the one reporting the bombardment and capture of Block Island. This was somewhat in the nature of a surprise, as the island is not within the territory to be defended, and therefore was not supposed to be bombarded by the enemy. It is said that the ships, according to a strict interpretation of the rules governing the game, should have gone to sea during the period of preparation, to make ready for the attack, instead of lying at anchor just to the east of the fighting territory until almost the beginning of the fight. At headquarters it was felt that the enemy, powerful though it be, would be put to its severest test in attempting to reach the entrance to Long Island Sound by passing Forts Wright, Terry, Michie and Mansfield, in the New London district.

The opinion was held that the greatest fight would be off New London, as the batteries are located here, thus giving a fair test of the coast defense in the district.

Among the important dispatches received before 10 o'clock last night were the following:

4 p. m.—Escaped signal party on Block Island from concealed visual station reported. Enemy encamped northeast side harbor. About 30 round tents. Collier in harbor coaling converted yacht. Just outside are the Indiana, Puritan, Montgomery, Peoria, Pather and four other cruisers or battleships and dispatch boats.

4:37 p. m.—Olympia just came through Vineyard sound, from the direction of Woods Hole.

PRAISES THE UNITED STATES.

German Correspondent Says No Other Nation Would Have Been So Kind to Filipinos.

Berlin, Sept. 2.—A correspondent of the Frankfurter Zeitung, writing from Manila, replies to the charges of cruelty on the part of the American army appearing in European newspapers. He says:

"Perhaps no other nation except the United States would have had the patience to meet the stubborn resistance of the Filipinos in Samar for two long years, with such humanity as, upon the whole, has been the case. It is not to be wondered at that the American leaders finally let their grill run over at the treacherous tricks played upon them and adopted sharper measures. Of course some excesses occurred, but it is highly inadmissible to select these few cases and serve them to the public as typical of American war making."

The correspondent also emphasizes the injustice of expecting Americans to observe in every case the rules of civilized warfare while fighting such a foe.

The writer praises the political shrewdness, combined with moderation, of making surrendered insurgent officers governors of provinces.

Exclusion Law May Be Amended.

Washington, Sept. 2.—It is the opinion at the war department that Governor Taft's remarks at the board of trade banquet in Manila Sunday respecting the employment of labor on plantations will form the basis of a suggestion to congress, at the next session, that the act extending the Chinese exclusion laws to the Philippines be amended.

HUNTING FOR MURDERER.

Italian Miner Stabs One Man to Death and Wounds Another.

Irwin, Pa., Sept. 2.—Christopher E. Caldwell, a coal miner of Edna, a new mining town near here, was stabbed to the heart and instantly killed late Sunday night by an Italian miner named Lervey Angelo, who at the same time probably fatally stabbed John Scott, another miner, and then with an accomplice escaped.

Urged by a spirit of revenge and the assurance by the Westmoreland county commissioners that $500 will be paid for the murderer and his accomplice who killed Caldwell, a great crowd of American miners were hunting the country last night for the fugitives. The trouble was caused by a dispute over two kegs of beer.

Y. M. C. A. BOYS VS. PARKERSBURG

First Game Won by Home Talent Through Patterson's Effective Pitching.

SECOND WAS DIFFERENT

The Visitors Put Myers in the Box And the Locals Did Not Make a Score—Good Contests on the New Field.

Secretary Wright's young men that he discovered in all parts of the city, and all of whom are conceded to be all around diamond experts, played two games with Parkersburg yesterday afternoon on the Y. M. C. A. grounds, Chester. Each team came out of the hard fought skirmish with a victory.

A much larger crowd than was expected assembled at the park, and none were disappointed in their anticipation of seeing a fast article of the national sport.

Wellsville's only star player, Mr. Patterson, if you please, was entirely too much for the West Virginians. He held them down to six hits and had them in the air at all stages of the game. Considering the fact that the Parkersburg boys have a national reputation for hitting, Patterson deserves more than the ordinary amount of credit.

Harker's errors were a surprise to all. He fumbled three at short. They were, however, hard to handle, and as he made several beauties he is excused.

Suffering defeat in the first game the visitors were riled considerably and started the second with a great display of vim. Myers was placed in the box and he put them all where the locals could not even make successful bunts. The zigzag twist that Myers assumes when delivering his ball scares the ordinary player into hysterics and had the same effect on the locals. McShane was easy picking, being hit at will by the visitors. His support could not have been better. Harker came in for his share of the support, too. He had nine chances and accepted them all. Carey had no chances at third, but he certainly did well at the bat.

WEST END WON

AGAINST THE PICKED NINE BY SCORE OF 4 TO 3.

An Interesting Contest for a Prize Witnessed By a Big Crowd.

For a prize of $25 the West End Athletic club and a picked team played a most exciting game at Rock Springs park yesterday afternoon before a crowd of not less than 3,000 men, women and children. The Athletics came out victorious, but they had to fight for it. Both teams being from the city and every player having a follower much interest was displayed. Extraordinary plays were heartily applauded and poor ones were followed by sighs and emotions of regret.

Errors galore were made by each gang, but they did not seem so bad, inasmuch as they divided the honor. Gehring, in the box for the West End and Kilgalian, of Pittsburg, for the picked team, pitched fair games.

In the second inning the winners scored their total number of runs. John Heckathorn, who played in the first game with the Y. M. C. A. team, got a hit. Bennett went out. Allison hit a high fly to left field. Trainor did as he usually does—let it drop. Heckathorn scored on the error. E. Carey placed a pretty hit, scoring Allison. Emmerling walked. Gehring collided with one for two bases and scored Emmerling and Carey.

The Picked Nine scattered their runs, scoring in the first, seventh and ninth. Trainor scored in the ninth and McKeever reached third. Had a little hit been landed the score might have been different. But there wasn't and McKeever died.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

FAIR EXCHANGE

A New Back For An Old One—How It Is Done In East Liverpool.

Sometimes the back aches with a dull, indescribable feeling making you weary and restless; sometimes pain shoots across the region of the kidneys, and again the loins are so lame to stoop is agony. No use plastering or rubbing the back in this condition. You cannot reach the cause. To exchange a bad back for a new and stronger one, follow the example of this East Liverpool citizen.

Mr. Wm. Anderson, of 305 Lisbon street, says: "During the civil war I enlisted and served three years in the Forty-second Ohio infantry. From the exposure during the war I attributed the severe aching and weakness in the loins and muscular rheumatism of recent years which all seemed to center in my kidneys. In the morning when first getting up I was very dizzy until I had moved around for a time and my nervous system became affected, causing a fluttering and fullness around the heart. Seeing an advertisement in the paper I got Doan's Kidney Pills at the W. & W. pharmacy and took them. A few doses gave me relief. The improvement was gradual and continued as the medicine got thoroughly into my system. I firmly believe that Doan's Kidney Pills will in every case as they did in mine, prove the justness of the claims made for them."

For sale by all dealers. Price 50 cents per box. Foster-Milburn Company, Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no other.

Sold by W. & W. pharmacy.

J. G. COTTON

WAS CURED OF

SCIATIC RHEUMATISM

BY THE USE OF

LIFE PLANT.

J. G. Cotton writes from New Philadelphia, O., the following praise for the great tonic, LIFE PLANT:—

New Philadelphia, O., Feb. 22, 1902 Life Plant Co.,

Messrs:—Last September I was attacked with Sciatic rheumatism. It was so painful as to allow me to sleep very little, could not stand on my feet ten minutes at a time without severe pain. I was very much alarmed as I had the same trouble a number of years ago and was unable, though attended by the best medical skill, to get rid of it for two and a half years, during which time I could perform no labor. A friend told me that LIFE PLANT was a sure cure for rheumatism. I took two bottles and it cured me; I have had no return of it since. I am not only pleased, but surprised as well at the speedy cure.

Very truly,
J. G. COTTON.

Maley's Curves Altogether Too Much For Canton Aggregation.

ANOTHER STORY WAS TOLD

At the Afternoon Game at the West End, When Canton Won, Though Winters Did His Best to Prevent —Very Clever playing Done.

Despite the inclement weather a big crowd witnessed the game yesterday morning in West End park between the locals and the Canton Marines. The visitors were in excellent trim and played a pretty game, but Maley proved himself once more to be out of their class and sent them from the diamond with a shutout to their credit.

The game being started later than the time scheduled, seven innings were agreed upon to be the limit, but the spectators with one accord state that the shortage was made up in the excellency of the contest.

Without a single error the locals rubbed it in. Hits they got their share of, and that is more than can be said of the visitors. Four was all that they could muster together and the majority of them were scratches. Reark's wonderful catch of a drive over Second base was beyond a doubt the features of the game. He makes them so often though that the play did not elicit much applause.

The game was really decided at the end of the first inning. Three runs were scored in the initial inning and the Canton lads were never able to cut it in the least. Maag opened the contest by going out. Reark hit. Brown followed by doing likewise. Miller reached his base on an error by Trump and the trio scored on some bum fielding. Manager Walsh will certainly have to put Maley out of the game before long. That is if he wishes to get aggregations from out of the city for games. He is a terror to all of them and they have come to a point where they go into a game not expecting to win. The pitching done by the youth was a record breaking exhibition. Of the 21 putouts necessary to decide the game, 13 struck out, and hardly without an exception the visitors went out one, two, three throughout the game.

The score:

Not less than 800 enthusiastic fans witnessed the afternoon game. All having heard of the star performance of the morning the crowds assembled to see a repetition, but in this they were disappointed. It seems that with Maley out of the box the fielders lose confidence and lie down before the game has fairly started. Winters did good work and deserves credit for his attempt to win.

For three innings all were on the anxious seat. Neither team had scored and the chances seemed even. In the fourth by bunching three hits the visitors scored a run and followed in the fifth with another. The locals made a spurt in the lucky seventh, but only one run was made and it was the last one. In the eighth Canton again came to the front and cinched the result.

Ehman twirled a game almost as pretty as Maley's in the morning. And the locals went down before him in almost the same manner. They simply could not touch the Canton lad. They landed seven hits, but all were on the measley order and little credit is due the boys. Talbert in left field for the visitors carried away the honors. He made a sensational run and jump out among the tall timbers and pulled one down that the spectators expected to see go bounding over the swamps. Maag, Brown and Miller, the trio of out-of-town players on the local team, did excellent work and are beyond a doubt valuable additions to the team.

Cholera Morbus.

This is an extremely dangerous disease. In almost every neighborhood some one has died from it, and in many instances before a physician could be summoned or medicine obtained. Mrs. E. H. Delano, of Durant, Mich., is subject to severe attacks of cholera morbus. During the past four years she has kept at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and says it has always given her quick relief. During this time she has used two bottles of it. This remedy can be depended upon in the most severe and dangerous cases. The safe way is to keep it at hand ready for instant use. Women and Jewels.

Jewels, candy, flowers, men—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous effort to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insiduous consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at Charles F. Craig's.

Sun headache is a form of headache new in name, perhaps, but not new in form. Nearly everybody has suffered from its painful pangs but merely called it headache However, it is a fact anyone will admit, that they suffer much more from headache in hot sunny weather than in cold weather. This is owing to the extra consumption of nerve-force caused by the heat, resulting in a low state of vitality, consequently a deficit of nerve-power is evidenced by pain in the head. Wright's Celery Tea will aid nature to make up that deficit of nerve-force and promptly restore vigorous activity sufficient to meet the demand. GREAT OIL FIELD

LIKELY TO BE DEVELOPED IN WESTERN BEAVER COUNTY.

Line Island Company Makes Another Strike on the Kinney Farm, Near Chester.

That part of Beaver county which borders Hancock county has all the earmarks of one of the greatest oil producing territories ever discovered in this section. It might be rightly said that all this excitement was caused by the formation of the Line Island Oil & Gas company, which was formed recently at St. Mary's, W. Va., and composed of a number of business men of that place and a few from this city. The company has secured leases on 655 acres of land in Beaver and Hancock counties, and so far they have put down four wells, three of which are gas wells and the other producing oil. The oil well is located on the Rose Kinney farm and was drilled to a depth of 1,112 feet for gas, but there oil was struck. The well was capped, and there is now 750 feet of oil in the well. Saturday the company commenced the drilling of a well on the William H. Kinney farm in Hancock county, and if this well is a success, no less than six others will be located just as soon as the well comes in. The company has the following acreage under lease: Hugh Newell farm, 100 acres, and for this the company is paying a monthly rental of $25 until drilling on the farm is started; William H. Kinney farm, 62 acres; Rose Kinney farm, 300 acres; Frank Maeder farm, 45 acres; Edith Johnson farm, 75 acres; W. L. Thompson, known as the Potts farm, 73 acres, making a total of 655 acres under lease.

The territory under lease by this company is in a direct line with the Carson and Turkeyfoot fields.

Prospective oil lands are being rapidly leased in Hancock county. The Conant, Snowden and Milroy and Harmon Allison farms belong to the 500 acre Chapman block near Asbury. The Fowler farm was leased yesterday, and forms part of the block. Leases on the E. C. Baxter block on Tomlinson's run, near Murray's Mill, is rapidly reaching the 500 acre mark. Drilling on both blocks will begin soon. A third block in and about Fairview is being leased by Mr. Kiskaddon, of Grove City, Pa.

The oil well on the McSwiggen farm which was shot some days ago will be shot again soon, as it is at present producing only one barrel a day.

CONTRACTOR RINEHART HOLDS THE CITY'S ROLLER.

Will Surrender It When Paid For Repairs He Has Made On It.

The city council may have some trouble in inforcing the order given at the last meeting in regard to the bringing of the city roller, which is now at Wellsville, to this city. Contractor Harrison Rhinehart has the roller and he claims that he is using it under the order of the street committee.

About four years ago Mr. Rinehart secured several jobs of paving in the city and the roller, which had been out of repair for several years, was fixed up by the contractor for the work he was engaged in and the street committee of council, it is said, agreed that he was to have the use of the roller for the repairs.

When Rinehart secured the work in Wellsville he took the roller there. At the last meeting of council the street commissioner was instructed to have the roller in this city within three days so that the contractors could use it on the street and alley pavement that are being made. On the street Saturday Mr. Rinehart met Mr. Bullock, chairman of the street committee, and the member of council who made the motion to have the roller brought to this city. The contractor insisted that he would not bring the roller to the city and allow other contractors to use it unless they paid for the frame work he had placed on it. Mr. Bullock stated that the city owned the roller and that it should be left in the city, no matter if Mr. Rinehart had it repaired. The contractor stated that the other contractors could have the roller when they paid their portion of the cost of fitting it up. As the iron roller belongs to the city it is probable that the matter will come up at the next meeting. In the meantime the question is up to the street commissioner, who has been ordered to have the roller brought here.

Members of council who have been seen say that if Mr. Rinehart insists upon being paid for the repairs he put upon the roller, the city will certainly require him to pay for the use he has made of its part of the apparatus. It is said by them it is a poor rule that won't work both ways, and all admit that the city's part of the roller has been worked pretty hard since it came into Rinehart's possession.

At the change of life, nothing equals Walther's Peptonized Port to allay all troubles incident thereto.

The human heart, that most wonderful of engines, is scarcely larger than a man's fist. Yet in each twenty-four hours the dual heart moves approximately six tons of blood, equivalent to about two barrels of blood per hour. And this continues without ceasing from the first breath of infancy to the last sigh of age. Is it any wonder that when continued extra strain is put upon so delicate and busy an organ, it should break down? Is it any wonder that in this age of overwork there should be an increasing number of deaths attributed to heart failure?

Dr. Pierce's Golden Medical Discovery cures diseases of the organs of digestion and nutrition and purifies and enriches the blood. One of the ingredients entering into the "Discovery" is one of the best heart tonics known to medicine. Thus while through the action of "Golden Medical Discovery" the body is nourished into strength, the heart is also strengthened and an adequate blood supply is pumped to the stomach and kidneys thus improving the action of these organs.

Sick people, especially those suffering from chronic diseases, are invited to consult Dr. Pierce by letter *free*, and so obtain without charge, the opinion of a specialist on their ailments. All correspondence strictly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I had been troubled with catarrh of the stomach and heart trouble," writes Mr. W. D. Merchant, of Tylersburg, Clarion Co., Penna. "Had doctored for some time without relief, then I began to take Dr. Pierce's Golden Medical Discovery. I took seven bottles. Before I began to take it I weighed 118 pounds, and now I weigh 176. I am working steadily and feel like a new man. I send you many thanks."

Dr. Pierce's Pleasant Pellets cleanse the bowels and stimulate the sluggish liver.

Lisbon, O., Sept. 2.—(Special)—W. A. Thompson, of Salineville, yesterday took his place as county treasurer. Mr. Smith retired. The semi-annual examination showed a balance on hand of $108,302.14.

Mr. Smith will take a few weeks vacation, and has not decided what will be his future occupation.

No Hope of Recovery.

Mrs. Alexander Pugh, who has been very sick for some time is lying at the point of death. For several days she has been in a semi-conscious condition. There is positively no hope for her recovery.

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

Ankle Broken—By a fall last evening Mrs. J. M. Pinkerton, living west of Walker, broke her ankle.

A Basket Picnic—A crowd of young people from this city took their baskets and spent yesterday at Fredericktown. The picnic was in honor of Miss Eleanor Ferguson, of Beaver Falls, and was a most enjoyable affair.

Birthday Celebrated—Mrs. Mattie Williams, of Minerva street, last evening celebrated her fiftieth birthday. Quite a number of friends gathered at her pleasant home during the evening, and at a late hour luncheon was served. Mrs. Williams was the recipient of a number of beautiful presents.

He Knew the King — Rev. S. C. George, of this city, states that he knew the king of Siam, whose assassination in his palace was reported recently. Mr. George was engaged in missionary work in Siam for 11 years, and was often at the palace, when the king, then the crown prince, was a child. The king was born in 1852 and was an intelligent and progressive man.

Going to Sweden—Mrs. Richard Burrows, accompanied by her young son, left yesterday afternoon for New York where she was met by her brother Carl Johnson. Together they will sail this evening on the stamship Majestic, for Ghetienberg, Sweden, where they will visit their old home for several months. Mr. Burrows expected to accompany his wife as far as New York, but yesterday received a telegram announcing that Mr. Johnson would meet his sister there.

STRIKE IS ENDED

Telephone Girls at Salem Return to Work and all is Lovely There.

Salem, O., Sept. 2.—(Special)—The strike of the girls employed at the central office of the Colubbiana County Telephone company in this city, has been adjusted, and all the old girls have returned to work. These girls went out last week for an increase in wages, and at that time the company would not grant their demands.

A conference between the girls and the management of the company took place yesterday afternoon, and another this morning, at which time both girls and Manager Crossley announced that a satisfactory agreement had bee reached, and that the old girls would return to work. It is understood they received a slight advance in wages, but the amount of this has not ben given out.

THE BOY WAS DRUNK

Fell From a Street Car and Narrowly Escaped Being Killed By It.

Robert Phillips, aged 14, fell from a Rock Springs street car in the Diamond yesterday afternoon and, strangely enough escaped unhurt. He was in the act of boarding the car when he lost his footing and fell headlong under the footboard. The passengers of the car were much excited, thinking that the lad had fallen under the wheels.

He was motionless when reached by a number who had witnessed the accident. Some feared that he was killed. A physician was summoned and discovered that he was not hurt but that he was dead drunk. In a few minutes he was revived and sent to his home in Chester.

A GREAT CATCH

Eighteen Fish on William Lucas' Line When He Took It in Sunday Night.

William Lucas made a remarkable catch of fish in the Ohio Sunday evening. Early in the day he set a trot line and when he took it in in the evening he took off 13 small cat fish, one cat fish weighing 16 pounds, and four suckers. The entire catch was photographed.

It is reported to be the largest ever made on a trot line in this section of the Ohio valley this season.

KELLY STILL LIVING

The Man Who Was Thought to Be Fatally Shot Yet Survives.

Jasper Kelly, who was shot at Wheeling while returning from Wellsville to visit his wife in Pine Grove, W. Va., as exclusively reported in the News Review, was at last accounts still in the Wheeling hospital in no immediate danger. His assailant, Carl Pebler, is in jail at Wheeling, without bond. Kelly is about 36 years old and a drinking man.

Child Drowned in Cistern.

Alliance, Sept. 2.—While playing in the yard yesterday the 18-months-old child of Lawrence Laurod pulled away a loose board lying over the cistern, fell in and was drowned.

ARE ON THE GROUND

Some Democratic Leaders and Delegates at Sandusky for the Convention.

M'LEAN MEN NOT AGGRESSIVE.

Cincinnati Editor Only Wants Selection of State Committeemen—The Johnson Element Conceded Almost Everything Else.

Sandusky, O., Sept. 2.—Some of the leaders and delegates were here yesterday for the Democratic convention, which has its preliminary meetings today and its sessions tomorrow. Nominations are to be made for only four state officers. It is understood that Rev. Herbert S. Bigelow can have the nomination for secretary of state if he will accept it.

While everything is conceded by the McLean men to the Johnson element except control of the new state central committee, that, as well as all other committees, is claimed by the Johnsonites. The McLean men say openly that they want the state committee for ulterior purposes, as it names the time and place and fixes the conditions in the call of the state convention next year.

The feature of the day was the arrival of Mayor Johnson in his automobile at 4:20 p. m. from Cleveland, accompanied by his son and valet. He declared himself freely against the new municipal code proposed by Governor Nash, to the extra session of the legislature, and favored the federal plan for all Ohio cities. He also denounced in his conversations the proposition for perpetual franchises.

Regarding national affairs, he spoke highly of Colonel Bryan and the platform on which he made his canvass. Mayor Johnson stated that he favored the nomination of Rev. Herbert S. Bigelow for secretary of state and State Senator Krause for food commissioner. This declaration was conceded to settle two of the four places on the state ticket, although the Columbus delegates insisted that they would present the name of ex-Mayor Phillip H. Bruck in opposition to Krause.

Among the names mentioned for supreme judge are those of W. T. Mooney, of St. Marys; George D. Okey, of Columbus; Barton Smith, of Toledo, and J. W. Loree, of Celina.

The Johnson men do not seem to have any favorites for supreme judge or members of the board of public works.

Elaborate quarters were prepared yesterday for J. I. Zimmerman, of Springfield, who is an avowed candidate against Mayor Johnson, of Cleveland, for governor next year. Zimmerman will arrive this morning, accompanied by many of his friends.

The prospective head of the ticket, Rev. Herbert S. Bigelow, is the pastor of the Vine Street Congregational church in Cincinnati, which has become independent of creeds under his pastorate.

FELL IN THE CREEK

Mishap at an Outing of East Liverpool Folks on the Little Beaver Yesterday.

While Mr. and Mrs. Frank Pilgrim, with a party of friends were at Beaver creek yesterday, Mr. Pilgrim and one of his guests met with a mishap. He was assisting the ladies to cross the stream, and had one of them suspended in midair when he lost his balance and both fell into the creek.

They were completely soaked, and it was several hours before their clothing could be dried at a huge fire which was built for that purpose.

FIRE IN KILNSHED

Small Blaze in Union Pottery Called Out Fire Department.

A fire in the kilnshed at the Union pottery, corner of Walnut and Kossuth streets, caused considerable excitement this morning about 6 o'clock. The fire company was summoned and arrived on the scene in time to prevent much damage.

It is said that the fire was due to the heat of a kiln coming in contact with some packing.

Thick as ambrosial dew will be the code bills if all that are being exploited now are introduced. State School Commissioner Bonebrake has not one, but two codes which are ready for introduction at any time. They relate to the school laws. Querin, of Sandusky, has given out an outline of his code bill. The Comings bill is taken as a guide in its construction. The federal plan will be its fundamental principle, altnough certain features of the Nash bill will be engrafted on it.

The State fair opened Monday, and will continue till Friday. It is bigger and better than ever before. There is a great variety of attractions and the exhibits are fine. The railroads have granted special rates for Columbus during fair week. Accommodations will be secured for all visitors by a bureau maintained by the city board of trade. Columbus is abundantly able to take care of those who enter its gates.

The Leetonia Tool company, Salem, has increased its capital stock from $5,000 to $10,000. H. S. Wilson, president; C. M. Day, secretary. The par value of each share is $100.

THE MONKEY CASE

AND THE SCRAP WHICH FOLLOWED AIRED IN COURT.

McIntosh Acquitted on the Charge of Cutting With Intent to Kill.

L. E. McIntosh, arrested on the evening of August 27 upon an affidavit sworn out by Frank McConnell, charging him with cutting with intent to kill, was arraigned before Mayor Davidson this afternoon at 2 o'clock and was immediately released from custody owing to the non-appearance of the prosecuting witness.

The mayor, wishing to have the case placed before the public in its true light, had both the witness for the state and defense sworn and listened to their testimony. The testimony of the state's witnesses, which is generally against a prisoner, was in this case a pure vindication. Bert Parker was the main witness. He stated that he was at the home of McIntosh on the 27th and that he saw Frank McConnell, his brother and W. C. Clendenning, all of whom are residents of Wellsburg.

The trio, he stated, came to McIntosh's home and commenced raising trouble. They continued for several minutes and then left. But before doing so stole a pet monkey belonging to McIntosh. He informed McIntosh of the theft and both immediately started in pursuit of the trio. They apprehended them at a bridge near the foot of the Lisbon road and ask that the monkey be returned home. The trio refused, but the animal was finally taken.

Parker and McIntosh then started to return home. The trio followed. At the entrance to the house they pulled off their coats and said that they were going in and kill McIntosh and then burn the house. They followed in and made an attack upon both men. McIntosh, in making a defense, cut Frank McConnell a couple of times.

The evidence of the entire bunch of witnesses was practically the same, and the mayor felt it his duty to dismiss the accused man.

19TH YEAR. NO. 207. EAST LIVERPOOL, O., TUESDAY, SEPTEMBER 2, 1902. TWO CENTS.

EXCELLENT DISPLAYS MADE IN MANY LINES

Two Thousand Workers Appeared in the Parade and the Demonstration Was a Fine One.

DISHMAKERS WINNERS OF THE PRIZE BANNER

Everything considered it was the biggest demonstration in many ways ever held in East Liverpool. The fact that the entire program was not abandoned can be attributed to the extraordinary amount of enthusiasm displayed by the workers in every line of industry.

The continuous rain in the early morning was calculated to discourage the most determined, and several times before 10 o'clock, the idea of holding a parade was given up. Marshal McConnell had requested all aids to report at Trades council hall at 8 o'clock in readiness to begin the work of arranging the unions in line, but the order was recalled early in the morning, and it was after the time advertised to start the parade before a single man left his hall for the starting point.

When the rain ceased to fall every man hastened to his post, and in a remarkably short time Broadway from a point below Fourth street clear around to Jackson on Sixth, was swarming with a happy throng of workers, both men and women.

A novel feature of the parade, and one which was never noted in other years was the large number of women in line. The ladies were even more enthusiastic than the men, and hundreds of them turned out in carriages and wagons especially decorated for the occasion.

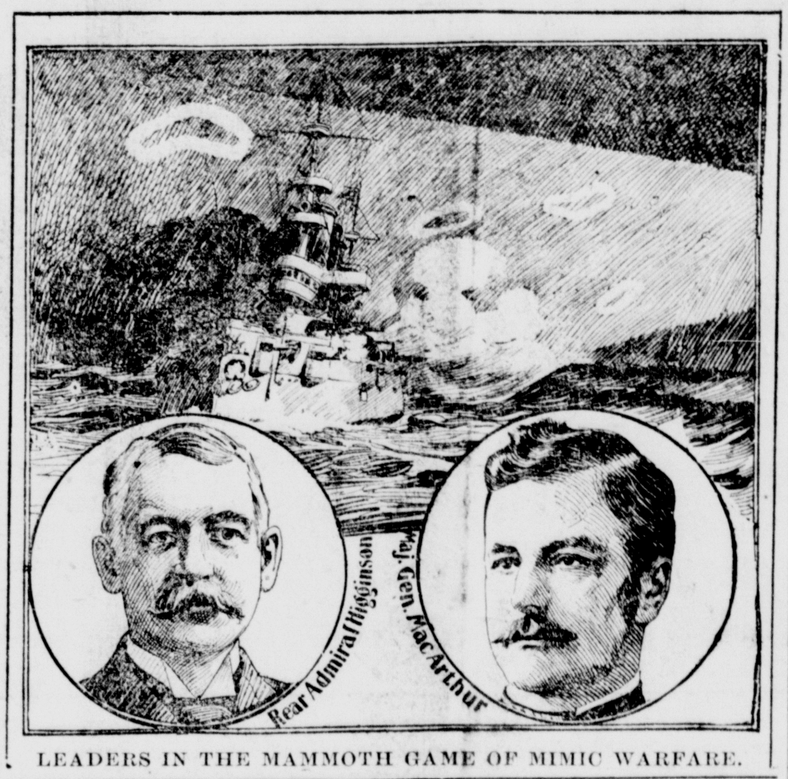

No less than ten organizations competed for the prize flag offered for the best display of their respective trades. These wagons were well distributed through the long line, and made a fine appearance.

The work of lining up the marchers was slow, and it was soon apparent that owing to the lateness of the hour it would be impossible to observe the original plans as to the positions of unions in line if the route was to be gone over before dinner. On this account the aids did the best they could in the limited time allowed, and the start was made a little before 11 o'clock, and the principal streets traversed.

Over 2,000 unionists were in line, and a large number of the organizations were uniformed, while others simply wore a cap to distinguish its craft. Those making a display of their trade were: Dishmakers' local No. 29; saggermakers No. 18; dippers, No. 16; bricklayers, coopers, bakers and plumbers.

So well did these unions demonstrate the workings of their respective trades that the committee composed of George E. Davidson, S. T. Herbert and M. J. McGarry, had a hard task before it in arriving at a conclusion. It is said this committee viewed the parade from three different points along the route, and when the parade was over considerable time was consumed in deliberation. It was finally decided that the dishmakers had won the prize flag, their display being the most complete from every standpoint.

The marchers were disbanded in the Diamond, and a rush was made for the South Side cars, everyone being anxious to reach Rock Springs before dinner. The East Liverpool and Rock Springs railway maintained an excellent schedule throughout the entire day, and not a hitch occured to delay the transportation of passengers to the park. It is estimated that fully 8,000 persons were carried over the line during the afternoon. It was thought the Y. M. C. A. baseball grounds on the other side of the river would cut down the patronage at the park, but it did not, as over 7,000 admissions were paid at the gate.

THE NEW BELL POTTERY TO COST HALF MILLION

Columbus, Sept. 1.—(Special.)—The project of the Bell Pottery company, of Findlay, to locate a pottery in this city will, according to a representative of the concern, involve an outlay of upwards of half a million dollars. Several months ago the company purchased 140 acres of ground in a suburb of this city as a site for the plant and had arranged to begin the work of construction at once, but the unexpected death of William Bell, the president of the company and prime mover of the enterprise caused a temporary suspension of operations. Ground was broken yesterday for the new plant.

J. N. Rose, who is here pushing the plans of the firm, stated that the pottery will be made one of the largest in the United States. It will have 12 kilns, which capacity will be doubled soon after the plant is completed. Operations will begin with 600 employes, which number will be increased to 1,000. A high grade of vitreous, translucent china will be made. General ware will be produced. It is hoped to have the plant in operation by January 1.

The tract which the company has purchased has been named "Bellwood," and a section of it will be platted off into streets and lots on which houses, which will cost $3,500 a piece, will be built for the employes. They will be modern throughout, containing water, gas and electricity. The enterprise will be similar to that of the Sebring pottery, which sold out its plants at East Liverpool and East Palestine and built a new pottery town at Sebring.

The site is adjacent to four railroads, which will anord excellent shipping facilities. A siding was put in last week to the site and material and supplies are now being received. The company will employ many skilled operatives from the eastern Ohio and New Jersey pottery districts. The Findlay plant has been in operation for 14 years.

DEATH OF H. G. FOLTS WELL KNOWN PROMOTER

Salem, Sept. 2.—(Special.)—Harry Gardner Folts, one of the best known promoters in the county, dropped dead at his home, 314 Lincoln avenue, yesterday morning. Heart failure was the cause of death. Mr. Folts came to Salem in the fall of 1900 and with J. L. Francis commenced to lease large tracts of coal land in and about West Point. Soon afterwards a division in the parenership between Mr. Francis and Mr. Folts resulted, and both men made a race to obtain new leases on the coal territory that they had leased jointly. Mr. Francis won out and immediately afterwards Mr. Folts directed his attention to the promoting of a company to build a cross-county railroad to connect Salem with Lisbon and East Liverpool, and to take in Shelton's grove. The road was to be built on private right of way. He never abandoned the project, and at the time of his death was still working to interest capital in the scheme.

Mr. Folts ate a hearty breakfast at 7 o'clock yesterday, and then after a short talk with nis brother walked into his study and fell to the floor, dead. He was married on Thanksgiving day, 1900, to Mrs. Elma Pettibone, at Burlington, Wis., and he then came back to Salem. Mr. Folts was a graduate of the law school at Cornell and practiced law both in New York and Chicago. He was a Mason and is survived by his wife and three step daughters.

DUFFY AND MONNETT LABOR DAY ORATORS

Salem, Sept. 2.—(Special.)—Rain in the morning partially interfered with the celebration of Labor day in this city, but in the afternoon the clouds rolled away and everybody appeared to enjoy themselves. At Concert hall ex-Attorney General of Ohio Frank S. Monnett spoke at length. He scored the trusts, and his entire address seemed to be directed at combinations of capital.

Thomas J. Duffy, of East Liverpool, spoke in the interests of labor, and the points of his address were taken from the platform adopted at the recent Alliance labor convention. He spoke of why Labor day was observed and the causes that lead up to it. He also said he was not opposed to combinations unless tney became so strong that they defied the law, and that some times it seemed that the combinations had the law back of them. "It is not more legislation we need," said Duffy, "but more legislators." The speaker also scored government by injunction, told of the injustice caused by child labor and condemned the company store idea.

During the afternoon no less than 3,500 persons assembled at the Salem driving park, where an excellent program of sports was carried out.

CONTRACTOR PREPARING TO DOUBLE TRACK C. & P.

The Cleveland & Pittsburg railroad company will commence double tracking their road from Wellsville and this city. This statement has been learned from authority most high, and as the work is to start at once it is believed that the road will be double tracked within a year.

Being loaded on cars at Martin's Ferry are tools owned by Contractor T. J. Stringer, and these are expected at Wellsville tomorrow. The first work Contractor Stringer will do in connection with the double tracking of the road between Wellsville and this city is the widening of five bridges between here and Wellsville. The double tracking will then follow.

An extension to the south siding at the Wellsville station will be built east for quite a distance and of course this track will serve as one of the double tracks. Considerable filling in is to be done by Contractor Stringer, and he will no doubt work several months of the contract.

HON. TOM L. JOHNSON THE SOLE PROPRIETOR

That Is the Way the Democratic Convention Meeting Today Appears at the Present Time.

POINTS ON PLATFORM AND CANDIDATES

From a Staff Correspondent.

Columbus, Sept. 2.—It will not be surprising if the Democratic convention, which convenes at Sandusky today, makes the perpetual franchise question an issue of the coming campaign. Senator Hanna came out in favor of such franchises while in Columbus last week and made quite clear his reason for doing so. He said there should be indeterminate grants of franchises, with a provision inserted requiring an adjustment of fares, rates, etc., once every 10 years. This would allow councils to regulate these matters and make them conform to changed conditions. He thinks this would be conducive to the public good. The companies would give the public efficient service, knowing that their invested capital would be safe, and at the same time would, as it were, be operating under a check-rein.

Governor Nash, Chairman Dick and other leading Republicans, however, think that it would have been the better part of wisdom, politically, to have left unsaid his words about franchises. They are all more or less disturbed over the incident. The Democrats will probably make "no perpetual franchises" their campaign slogan. Mayor Tom Johnson, of Cleveland, will be supreme in the convention. He is the temporary chairman and will make the keynote address. His victory over the McLean forces in Cincinnati last week probably means that he will be able to maintain in the convention the supremacy he achieved over his political enemies when the state committee selected him as temporary presiding officer of the state convention.

McLean and his henchmen were amazed at Johnson's temerity in invading their citadel and were filled with consternation upon being routed by him. The wily Tom's representatives maneuvered things so as to capture a majority of the Hamilton county delegates to the state convention. It certainly looks as if he will be the dominating factor at the big meeting.

The platform will contain planks dealing with both state and national issues. The Longworth board of revision law and the new taxation laws will be condemned, as will trusts and the colonial policy of the Republican party. It seems probable that the Kansas City platform will be recognized in some way. The Nash code, of course, will be opposed and a form of government patterned after the federal plan will probably be favored. The Eighteenth district delegates will meet and organize Tuesday afternoon in Schaefer's hall, 212 Wayne street, Sandusky. Stark will have 16 delegates, Columbiana 8, and Mahoning 9. The district will have no representative on the state central committee until the delegation elects one. The place has been vacant for several months. Judge Otto E. Young, of Massillon, who filled it, having died. An effort was made to appoint his successor at the recent meeting of the state committee in Columbus, but it failed, as there is no rule under which it could be done.

The candidates mentioned thus far ars as follows: Secretary of state, Rev. Herbert S. Bigelow, Cincinnati; John E. Stang, Sandusky. Judge of supreme court, Hon. George B. Okey, Columbus; Barton Smith, Toledo; J. W. Loree, Celina. Dairy and food commissioner, Philip H. Bruck, Columbus; Senator John Krouse, Cleveland. Mem-

PRIZE WINNERS IN THE SPORTS

Interesting Athletic Contests Held at Rock Springs Park Yesterday Afternoon.

FOUR THOUSAND LOOKED ON

And Saw Tests of Skill And Muscle. Competition Was Keen in Several of the Events—List of the Lucky Ones.

The Labor day sporting events at Rock Springs park in the afternoon were enjoyed by over 4,000 people, and all expressed themselves as being highly satisfied. There was a misunderstanding between the contestants in the first event, owing to a bad start and the performance was delayed a short time, but following that everything passed off without a hitch.

The first event was a 100-yard dash. It was called at 2 o'clock by the official scorer. William Elder acted as judge and filled the position admirably. George Hale was the efficient starter. Each event with entries and the names of the winners follow:

First, 100 yard dash. Entries, H. M. Kerr and John Webb. Kerr won first prize, an $8 pair of trousers, and Webb was awarded the second, a rocker worth $6.50.

Second, fatmen's race. Entries, W. M. Smith, John Stoffel and Criss McConnell. Smith won, with McConnell second. First prize one box 10 cent cigars; second prize, one box 5 cent cigars.

Third, shoe race for boys from 10 to 12 years of age. Entries, Charles Lownds, Charles Menough, Clinton Brown, Floyd Price, Eugene Lacy, Willis Wagggle, Roy Waggle, Robert Reark, Clyde VanFossen, John McGill. Robert Reark won and received one $3 pair of shoes.

Fourth, three legged race. Entries, W. H. Green and Oscar Sayre; John Webb and John Reark. Webb and Reark won. Prize, a $3 hat to each.

Fifth, shoe race for men. Entries, W. H. Green and O. O. Sayre. Sayre won. Prize, one pair of $5 shoes.

Sixth, putting the shot. Entries, William O'Connell, W. H. Green and O. O. Sayre. O'Connell won. Prize, one $5 umbrella. He threw the ball which weighs 17 pounds, 30 feet and 4 inches.

MILK ADVANCED

FALL PRICES FOR THE STAPLE NOW PREVAIL.

The Dairymen Knows Autumn Has Come, Regardless of The Weather.

The weather is so mild that many people who are not in the habit of scanning the calendar might easily forget that summer is past and the fall here. Not so with the milkman. He does not forget it; it would not pay him to do so. The local dairymen's association, through J. E. Newell, secretary, yesterday gave notice that commencing on that date, the price of milk would be as follows: Per pint, 4 cents; per quart, 8 cents; two quarts, 14 cents; one gallon, 25 cents.

THE ONLY ACCIDENT

During the Parade Happened to Dippers' Wagon And It Was Not Serious.

Only one accident was reported in the Labor day parade yesterday. When the parade was counter-marching in West Market street near the Dresden pottery, a front wheel of the wagon used by Dippers' local No. 18, and occupied by Major Adams, came off, permitting the axle to drop to the ground. The wheel was soon replaced and the wagon proceeded.

Near Seventh street the horses attached to the same wagon gave the wagon a sudden jerk, causing Major Adams to be thrown out of the wagon to the ground. Luckily he was not injured.

BOND NOT FILED

And the Vacancy Caused By Constable Miller's Death Continues.

Unless Isaac Burlingame files his bond of $500 with the township trustees soon the trustees will appoint another man to fill the position of constable made vacant by the recent death of James Miller. Mr. Burlingame was appointed to the office of constable soon after Mr. Miller's death, but as yet he has not filed his bond.

Four or five applications have been filed for the office, which, under the circumstances, is appointive.

RESIGNATION EXPECTED

Rev. T. V. Milligan to Retire From Oak Ridge Pastorate And Active Work.

The fall meeting of the Steubenville Presbyterian presbytery opened at Augusta. At this meeting it is announced that Rev. T. V. Milligan will resign the pastorate of the Oak Ridge church, and in all probability retire from ministerial work.

BROKEN COLLAR BONE

The Result of a Fall While Children Were at Play.

While playing with a number of children at his home on Seventh street, Frank Millhorn, a lad of 14 years, met with an accident which will result in his confinement to bed for several weeks. He accidentally fell to the ground and sustained a broken collar bone.

Pastor's Resignation.

Rev. J. F. Shepherd, pastor of the Presbyterian church at Carrollton, has resigned and will accept a call to Lincoln, Neb. He was formerly pastor of the Madison church in this county.

Lisbon, O., Sept. 2.—(Special)—William R. Campbell and Blanche M. Munsey, of Wellsville and Joseph B(?)ce and Jennie Hunter, of East Liverpool have been licensed to wed.

TOO MUCH WORK FOR TWO HORSES

Team Drawing the Patrol Wagon Came Very Near Being Overworked.

NEARLY A DOZEN ARRESTS

Made in the Short Space of Two Hours—Fighters Were Numerous in the Crowd That Faced Mayor Davidson This Morning.

In two hours yesterday there was an unprecedented amount of business done by the police. Nearly a dozen men were given rest behind the iron bars in that short period. For the first time on record Tom Bryan, who drives the patrol wagon, was compelled to change his horses. The grays were given more than their share of the fun and the blacks were substituted. Uncle Jack Burgess states that before the grays were dropped they had difficulty in climbing the hill with the wagon alone.

Detective Mahoney, always at his post, made three of the most important arrests. The officer was off his beat when he did so but his powers are long reaching and he could not resist the temptation. At Washington and Third streets he spied an assemblage of more than ordinary proportions and knowing that there was something doing he quickly advanced. There he found two men, William Hopkins and Sam Banford, with blood streaming from their faces and presenting an appearance of having met the sidewalk half way.

The officer arrested the men and upon their arrival at the station learned that there was a third party that he had failed to notice. In a few minutes he had Bezom Elliott in charge.

WITH THE WORKMEN IN THE CLAY PLANTS

ABOUT CANONSBURG.

It was stated yesterday evening that the Canonsburg pottery is one of the few outside potteries which is being operated to its capacity. Business is quite good with the firm, and a large batch of orders are being received daily. The company has been compelled by necessity to place an additional clay press in its plant, and this is now being done. This will give the plant a capacity of three clay presses. Two presses were found insufficient. The company has also ordered an additional printing press and this was received a day or so ago. It is now being placed in the decorating shop, and will make a total of four presses in this department. Both presses were made in this city. Another improvement made in that shop is the placing of the third journeyman packer on duty in the packing department. This was made necessary on account of the increasing business offered the company. All departments of the Canonsburg shop are running full, and these conditions are expected to prevail until the first of the year at least.

Charles Wolf, formerly of this city, but more recently of Sebring, is operating the 5 and 6 inch plate jigger at the Canonsburg shop, while John Winegartner is operating the big jigger. Hugh O'Donnell has that job that is craved by most jiggermen, that of making fruits. All the clay and water is carried to the jiggermen in this shop, and in the evening all scraps are carried away. Of course, the men pay a "hustler" for this work. The clay made at this pottery is said to be amongst the best used in any pottery, and the jiggermen have been suffering very little loss through the ware cracking while on the moulds.

AFTER MOULD RUNNERS.

Labor Day afforded an opportunity for jiggermen in the potteries outside of East Liverpool to come to this city for the purpose of securing help. This was the case of two prominent pottery workers, jiggermen of the Canonsburg pottery. The school laws of Pennsylvania are strenuous, and as the schools of that state opened today, eight mould runners at the Canonsburg pottery were compelled to quit work and return to their studies, which will be of more benefit to them. The eight mould runners employed by the jiggermen at Canonsburg were above the average, and a workman from that shop last evening said that not one of them was compelled to work, as their parents were all quite well-to-do. These conditions of course are not to be found in every town in which there is a pottery. Frequently the case is that a little boy is the main support of a widow mother, and a position for her son at from $1.50 to $1.75 a day is quite a help. The jiggermen who came here might have secured one or two boys, but they were not successful enough in securing mould runners to run the entire jigger shop.

BACK TO OLD POSITION.

Arthur Savage, for over a year cashier at the freight depot in this city but more recently connected in a clerical capacity with the Sevres China company, has resigned his position with that company, and has returned to the railroad company. He is now yard master. Announcement as been made that Mr. Savage and Miss Cora Henry, who until last season was a teacher in the local schools, will be married today. Mr. Savage was to leave this morning for Zanesville, the home of Miss Henry, where the marriage was to take place. The ceremony will be performed by Rev. Mr. Zell, of Zanesville. The young couple will reside in this city.

SAME OLD STORY.

Another operative potter who has been working in a pottery outside the city is to return here to make his home. This is Mal Stevens, who has had charge of the packing department of the Shenango pottery at New Castle. Mr. Stevens was in the city Saturday evening, and it is reported that he intimated to a number of his close friends that he was not satisfied with the conditions at New Castle and would come back here. He is well known in this city, having resided here previous to moving to New Castle.

ENRICHED $1,000.

By a vote of the trade, National Treasurer John T. Wood, of the National Brotherhood of Operative Potters, through Secretary Thomas J. Duffy, has forwarded $1,000 to Pres. Mitchell, of the Mine Workers' Association. This was mailed a few days

OLD FRIENDS HERE.

William Maley, for many years a plate jiggerman at the Diamond, accompanied by Mrs. Maley, spent yesterday in the city visiting friends. Mr. Maley is now operating a plate jigger at the Canonsburg pottery, and stated that since he went to Canonsburg his health had greatly improved. Hugh O'Donnell, who operates the fruit jigger at the Canonsburg shop, and who is well known in this city, accompanied Mr. and Mrs. Maley to the city. The party returned home yesterday afternoon.

NEW EASTERN LOCAL.

Packers' local No. 49, of Trenton, met Saturday evening in the Ribsam building and the interest manifested in the new organization speaks well for its future welfare. The new officers are: William Devine, president; Patrick Solan, vice-president; William Stubbs, recording secretary; Charles Walton, financial secretary; Thomas Haggerty, treasurer; Thomas Sweeney, sergeant-at-arms; D. Connell, inspector; Henry Gentry, Michael Shanahan and Timothy Clark, trustees.

POTTERS PROMINENT.

From reports received from all places in which a pottery is located the fact is noticeable that the operative potters took a prominent part in all the Labor Day demonstrations. At Trenton, over a thousand operatives were to be in line and a good number turned out at New Castle. The four locals at Wheeling, Nos. 6, 28, 43 and 46, were prominent in the parade in that city. The potters take a prominent part and lively interest in such demonstrations.

A BETTER POSITION.

Samuel Eardley, for many years one of the best known pottery workers of this city, but now manager of the French China pottery, at Sebring, was in the city yesterday visiting friends. He returned home in the afternoon. When asked as to the resignation of William Tritt with the Sebring company, all Mr. Earley would say was: "Well, I guess he secured a better position with the Crooksville pottery, and just resigned, and that was all."

JESTER WAS HERE.

Jean Jester, formerly of this city, but now located at Barberton, being employed by the Barberton Pottery company, arrived here Saturday. Mr. Jester said the new Barberton shop was about running in full and that first ware would be shipped from the new shop it was expected this week. Everything is running smooth at this shop and no complaints are heard anywhere. Jester returned home yesterday afternoon.

JUMPING AROUND.

Persons workers at New Castle who were in the city yesterday brought the information that Ralph Woods, formerly a presser at the Diamond, who went to the New Castle sanitary shop, had returned to New Castle again from Camden, where he went several weeks ago. On account of Woods' returning to the west so soon it is believed that the west is a better part of the country to work in than is the east.

DECLARED UNTRUE.

The story, published originally in a Trenton paper, that a number of girls had been blacklisted in the potteries of that city, is pronounced a fable by a Trenton manufacturer.

WORKING ON BUILDINGS.

The erection of the engine, boiler and grinding rooms of the plant of the East Liverpool Brick Manufacturing company has commenced, and that part of the plant is now well under way. Of course the work on the kiln has not started, and will not for a week at least. It is the intention of the contractors to rush the building of the plant as fast as possible.

ago, but the announcement of the fact was not made by President Hughes until last evening, just as soon as the vote was counted, relative to whether the money should be collected by popular subscription or taken from the defense fund. The money, however, was taken from the defense fund. Several other donations made by the locals individually were also forwarded with the check for $1,000.

THEY WERE MARRIED.

Information has been received here of the recent marriage of Charles Nelson, a sticker-up at the Canonsburg pottery, and Miss Rosa Till, a popular finisher employed at the same plant. The young couple were married at Pittsburg a few days ago. Mrs. Nelson formerly worked in this city, and before going to Canonsburg was employed at the Sebring potteries.

COMMITTEE'S REPORT.

Jiggermen's local No. 12 will meet this evening. A report will be made by the special committee appointed at the last meeting to investigate the matter of having a uniform limit to a day's work. The work of this committee is not at all easy, and it is most likely that it will be several weeks before its final report will be presented to the local. There are five jiggermen on this committee.

AMONG THE POTTERS.

A new sign has been painted upon the wall of the Brunt pottery. It is in the same position as the old one.

Walter DeYarman is a new apprentice kilnman on the glost at Laughlin No. 2. He is with James Elliott's crew.

Jack Carney of this city has gone to Canonsburg where he has taken a place on the biscuit bench. A new placer on the glost end is Jack Cannon, also of this city. These men commenced work last week.

Clay workers who were locked out at the Flint brick plant at Des Moines, Ia., have returned to work. The Arbitration Committee of the Trades and Labor assembly met and decided that the workmen were entirely in the wrong.

Harry Hancock, who has been employed as a packer at Thompson's, has left that plant, and is located at the Taylor shop in Chester. Edward Grant, from Sebring, has taken the position made vacant by the resignation of Mr. Hancock.

"Work on the plant at Salineville is progressing very slow," said William H. Deidrick, of the new Dresden China company, yesterday, just as he was about to go to Salineville. All of the buildings are now under roof, and work on the new kilns is also progressing slowly.

NO LIGHTS ON THE STREET

Residents of Ohio Avenue Want Council to Attend to Their Needs.

Residents of Ohio avenue, from Mulberry street to Ralston Crossing, are about to prepare a petition which will be presented to council, asking that a number of lights be located on that street. There is not a light on this street, and it is one of the prettiest residence streets of the East End.

Councilman Willard Thomas is a resident of this street and some of the residents are wondering why he has not asked for a few lights for that street. Councilman Marshall, when asked about the matter this morning, said there were a number of places where lights were needed and he was not much in favor of placing lights anywhere except where danger threatened pedestrians. That the matter will be brought to the attention of council at its next session there is no doubt.

MINISTER TOOK A HAND

Pitched a Disturber Out And Trouble At Revival Was Soon Settled.

There was trouble at the revival meeting of the Free Methodists at Neville institute last evening, but the preacher came off with flying colors. The meeting was progressing quietly when some one started a fight, and before the large congregation knew much of the affair, the pastor was right in the midst of the affair, and catching one of the fighters rolled him out of the building.

This broke up the meeting for a time, but the fight was all over, and the services proceeded.

Two Seriously Ill.

Two little children in the East End are seriously ill with cholera morbus. One is the little daughter of Mr. and Mrs. Lot Haney, of First avenue, and the other is Emmet, the three-year-old son of Mr. and Mrs. Densmore, of Erie street. The Densmore child was in apparent good health at 7 o'clock last evening, but a short time later it became suddenly ill and a watch was kept over it all night. Its condition this morning was somewhat improved.

Trouble at Boarding House.

A little trouble at the Irwin boarding house on First avenue caused Officer Spence to make a trip there last evening. According to the story told by the police, Lloyd Irwin and Harry Cochrane had a few words, which caused a little undue noise. When the officer arrived at the house all was quiet, and Cochrane was not to be found. It was reported in the East End this morning that some shooting occurred, but this story could not be verified.

Neville Institute Open.

The Free Methodists pay no rental for the use of the Neville institute. The officials of the church have been asked by the officers of the institute to keep the building clean. Yesterday the room was given a thorough cleaning, and the school opened this morning. The institute this term will be under the direction of Prof. Fisher, who was employed last term. It is expected that at least 40 scholars will be enrolled.

Too Wet for Foot Ball.

Although there was to be a foot ball game at Columbian park yesterday morning between the Laughlin and Rover teams, no game was played, owing to the wet condition of the grounds. It is expected a game will be arranged to be played next week.

EAST END AFFAIRS.

Mrs. Robert Jewell and children, who have been visiting at the home of Mrs. Duncan, returned to Sebring this morning.

Dr. and Mrs. Robert Baird have returned to the East End from Scio, where they visited a sister-in-law of Mr. Baird, who was seriously injured recently.

At a meeting of Eureka circle, P. H. C., which will be held this evening, a class of 32 candidates is to be initiated. Some who were to be initiated at the last meeting failed to appear.

A SLICE OF CANTON

Worth $200,000 And Forming a Park Is Demanded By a Woman.

Canton, Sept. 2.—A formal demand was made on the city Saturday by Attorneys Clark & Clark, in behalf of Mrs. Agnes Wells, of Steubenville, for a square of real estate in this city. The property demanded was originally given to Canton by the founder of the town, Bezaleel Wells, for a cemetery. The cemetery has been abandoned and the place converted into a park.

Wednesday night a bandstand erected on the ground by the city was formally dedicated. The plaintiff claims the land now reverts to her, according to the original terms of the grant to Canton. Council is asked to settle all residuary claims. The land involved is worth $200,000 or more.

A Sure Cure for Diarrhoea.

Coming as it does, in the busiest season, when a man can least afford to lose time, a sure and quick cure for diarrhoea is very desirable. Anyone who has given it a trial will tell you that the quickest, surest and most pleasant remedy in use for this disease is Chamberlain's Colic, Cholera and Diarrhoea Remedy. There is no loss of time when it is used, as one or two doses of it will cure any ordinary attack. It never fails, not even in the most severe and dangerous cases. For sale by Alvin H. Bulger.

THE WHEELING FAIR

The Agriculture And Live Stock Displays Will Be On An Extensive Scale.

The primary object of any Fair, and particularly of a State Fair, and superlatively of what is virtually a Tri-State Fair, is to make exhibits of farm products, fruits, garden products, live stock, including horses, farm machinery, the propducts of the dairy and of the home, artistic and decorative work, evidences of educational progress, etc. These objects have been annually accomplished at Wheeling and this year unprecedented efforts have been made to achieve results, with the most flattering success. Every department is full, and in live stock particularly there will be an astonishing and interesting display, while the poultry exhibit will delight those paying especial attention to fowls of all sorts. This is the educational and business side of the big Exposition, and should be considered and treated from a business standpoint. The farmer or stock-raiser does not and should not go to a big Fair merely to have "fun." It ought, in a primary sense, to be a business matter with him, and therefore he should be present, prepared to note what others are doing and to profit by the information gained. The State Fair at Wheeling affords an opportunity.

ORDERED TO STOP IT

Expressmen Not to Be Permitted to Loaf in the Diamond.

No more will expressmen be permitted to loaf in the Diamond. This will be asked to drive on by the police when they are seen with their teams standing in and about the Daimond waiting on trade. A notice directed to all policemen, signed by Mayor Davidson, has been placed in the mayor's office at city hall to this effect, and it is now being enforced by the officer. This is a new wrinkle, for the local expressmen while they have not been attending to their orders, and while waiting for new business, have driven their horses to the Diamond and allowed horses and wagons to stand there waiting for business.

How kindly the teamsters and expressmen will take to the new edict remains to be seen. It is evident that the authorities have received some complaint about the expressmen allowing their teams to stand in and about the Diamond, hence the order.

Nothing could be more conclusive in the way of proof of general and widespread industrial activity than the figures embodied in the annual report of the interstate commerce commission just made public. According to this report the total receipts from the operation of all the railroads in the United States during the year ended June 30, 1901, was $1,588,626,037, which is an increase of $101,000,000 over the earnings for the previous year. Aside from this item of increased railroad public interest centers in the increased mileage, the number of persons employed and the amount paid out in operating expenses. Including tracks of all kinds the aggregate length of railway mileage was 265,368 miles, an increase of 6,582 miles. The number of persons employed by the railways in this country was 1,071,169, an average of 548 employes over the number employed in the year ending June 30, 1900. The operating expenses of all these roads were $1,030,397,270, which was an increase of $68,968,759 over the expenses of the previous year. From present indications this year's work will result in a large increase in railway mileage than last year, as well as a surprisingly great addition to present railway equipment. The big roads are all finding their facilities inadequate to handle the business offered them. They will not suffer this condition to continue if they can prevent it.

Organized labor in East Liverpool made an excellent showing on Monday. The exercises of the great holiday were admirably planned and the various programs carried out in excellent style. The whole demonstration was a credit to the city, and, it may be remarked right here, that the workers of this city rarely if ever engage in any undertaking that is not a conspicuous success.

Tom Johnson is holding a Democratic convention at Sandusky. Other folks are showing very little interest in it.

Labor Day is fast becoming one of the most popular and most generally observed of all holidays.

Some are doubtless more weary than they would have been had they labored yesterday.

The Democratic platform to be made at Sandusky will be chiefly interesting as a curiosity. Nothing it can say can help the cause of Democracy in Ohio.

Baseball fans had all they could attend to yesterday, and were right in their element.

The man who wastes his holiday in getting drunk deserves no holiday.

It was a day of labor for the street car men.

AT THE THEATER

"The Way of the Wicked," an exceedingly thrilling melodrama, will be the attraction at the Grand next Thursday evening. The play is the joint production of those clever playrights, Fosse and Miles, also the authors of "New York After Dark," and is an ingenious illustration of the advancement of science in all phases of human life. Electricity, that giant, almost unknown element, terrible in its force, is continuously employed as foil and counterfoil in the economy of human life. The burglary in the bank, where Sweeney and Burk quickly discard vulgar force to employ the electric smelter to the safe doors, melting the chrome steel of which they are composed, as quickly as a "hot knife cuts butter," is an apt illustration of the favorite and latest method employed by the criminal expert of the day. At the Grand September 4.

RAILROADERS' SECRET SESSION.

They Want to Know How Various Candidates Stand on the Labor Question.

Harrisburg, Sept. 2.—The state legislative board of the railroad employes of Pennsylvania held a secret session in this city yesterday to discuss certain legislation to be presented to the next legislature. A committee composed of W. J. Serbe, of Mauch Chunk; S. W. Hiller and George W. Coyle, of Philadelphia; C. L. Schriner, McKees Rocks, and M. T. Robinson, Harrisburg, was appointed to prepare a record of all legislative candidates. This record will indicate how each candidate stands on the labor question and will be printed and circulated among the members of the order during the fall campaign.

Benjamin Crager and George W. Coyle, of Philadelphia; W. L. Plummer and William A. Boate, Pittsburg; Jere N. Weiler, Mauch Chunk, and M. T. Robinson, Harrisburg, were appointed a committee to wait upon Governor Stone on his return from Pittsburg and urge him to use his good offices to bring about a settlement of the strike in the anthracite coal regions and to call an extra session of the legislature for the passage of an arbitration law, if it should be found that such action would end the strike.

The board will meet again today, at which session it is expected some action will be taken on General Gobin's order to shoot strikers and arrest women and children who insult the troops on duty in the strike region. The board is composed of 150 delegates and represents the Brotherhood of Locomotive Engineers, Order of Railroad Conductors, Brotherhood of Railway Trainmen and the Order of Railroad Telegraphers, representing in all a constituency of over 100,000 railroad employes.

BIG STRIKE THREATENED.

Stevedores, Lumber Shovers and Scoopers May Go Out.

Buffalo, Sept. 2.—Danger of a general strike along the water front is believed to be imminent, and it is said that the only means of averting it is for the big freight carrying lines to employ only tugs operated by union men. The union men have spent weeks in perfecting their plans for an aggressive fight.

The managers of the freight lines declare they would rather tie up their boats for the rest of the season than employ the tugs as the union men say they must. Should a strike be ordered it will include, it is said, stevedores, lumber shovers, scoopers and freight handlers. It is estimated that about 90 per cent of them are union men.

Crews of incoming steamers are forbidden to take out their vessels until the trouble is settled. Several big steamers have been deserted by their crews when about to leave port and have been obliged to remain.

TOO MUCH WORK FOR TWO HORSES

(Continued from First Page.)

This morning Mayor Davidson concluded, after hearing the testimony, that the first two were not to blame for the excitement turned them loose. Elliott will appear this evening and will be assesed $5 and costs. It is said that he pounded the couple without the least provocation.

Harry Mathers, John Thomas and Peck Hester, brilliant lights of Chester, followed a lengthy argument by an engagement in a short fisticuff exhibition. They were rounded in by Officers Saulsberry and Woods. Saulsberry had a little fun in capturing Mathers. That gentleman slipped away while the other two were being placed under arrest and before Saulsberry noticed his absence had gained quite a start. Saulsberry is a runner who has few equals and soon overtook the would-be sprinter. Hester proved that he was only in an argument and was discharged, but Thomas and Mathers got $7.60.

"Zip" Farmer pleaded guilty to a charge of being drunk and disorderly, but stated that he hated awfully to do so. "I was only making fun for a crowd," he said. "You know there must always be a King's fool." For his entertaining abilities he got $5. Officer Saulsberry arrested him.

Martin Elliott, a bricklayer and a veteran of the civil war, was arrested by Officer Woods. He had imbibed too freely. It was his first time in durance since he spent time in Libby prison and he regretted it very much. A fine of $5.60 was imposed.

Charles Gilliand and Dave Wooley were arrested by Officer McDermott for being drunk and each was fined $1 and costs.

THE VERMONT TOUR IS ENDED.

President Guest of William R. Moody, Son of Noted Evangelist, at Northfield, Mass.

East Northfield, Mass., Sept. 2.—President Roosevelt yesterday concluded his tour through Vermont at Brattleboro and spent last night here at Northfield. The reception accorded him at Brattleboro was among the prettiest, most well conducted and most enthusiastic he has received in his tour of New England. Arriving at the common, where he delivered his address, the pavilion steps were strewn with flowers by little girls, who were drawn up on both sides.

The president began the day's journey at Burlington, reaching that city from Shelburne, the home of Dr. W. Seward Webb. After a drive about the city, the presidential train started southward, stops being made at Vergennes, Middlebury, Brandon, Proctor, Rutland, Ludlow, Bellows Falls, Chester and Brattleboro, and his Vermont trip was ended. He crossed into Massachusetts in the early evening and went to Northfield, to remain last night as the guest of William R. Moody, son of the noted evangelist, Dwight L. Moody, at the Northfield hotel. The president was to go to Round Top this morning to visit Mr. Moody's grave.

The president spoke at every stop yesterday, but most of his addresses were brief. That of greatest import was the one delivered at Proctor, the home of Senator Proctor, wherein he defined his idea of the Monroe doctrine.

The most unique speech of the day was that delivered last night in the Auditorium here.

President Roosevelt came directly from Brattleboro to the Mount Hermon school, being met at the station by W. R. Moody, the head of the Northfield school, the Northfield selectmen and by General Henry Cabot Lodge, who came from Boston on the afternoon train. He made a short address to the students and was then escorted to the hotel, where he was to pass the night.

GREAT LABOR DAY.

Records Broken For Parades and General Enthusiasm.

Pittsburg, Sept. 2.—The parade and Labor day demonstration yesterday morning, with its 8,000 or 9,000 workingmen in line, was one of the largest ever held in Pittsburg. In spite of the shower which began about 9 o'clock and, after an interval of sunshine was followed at noon by a heavy downpour, the men turned out in as great numbers as could be expected. Only in the ranks of the miners was there any falling off.

The day throughout the country was generally observed, parades in the morning and speeches and merry making in the afternoon and evening being the popular programs. All in all, it was the greatest Labor day in history.

WELLSVILLE

WELLSVILLE PARADED

THE PROCESSION WAS A MOST IMPOSING ONE.

A Speech By Ejilah W. Hill And Athlethic Events Features of the Day.

Labor Day in Wellsville was a grand affair. The celebration, while not as extensive as last year, was general. It was participated in by all of the union men in the city, who with the loyal citizens, composed a large throng, which made the streets more active than they have been for many months. A large number of people from out of town also participated in the celebration.

In the morning there was a big parade participated in by all of the union men of Wellsville. It was about five blocks long and left the corner of Tenth and Commerce streets, the place of formation, at 9:30 o'clock. William Green acted as chief marshal. His aides were: Charles Aughinbaugh, A. B. Apple, C. R. Davis, James Mellott, Jennie Thomas, George Andrews and William Headley. The merchants were not very well represented, owing undoubtedly to inclement weather. The police and firemen made a good showing.

In the afternoon were exercises at the Aten addition in the West End. Elijah W. Hill, of East Liverpool, delivered the address. He touched on and denounced the present anthracite coal strike and the trusts, declaring that the working man was gradually nearing a crisis, if conditions continued, which would result in the practical reduction to poverty of his children. He met a hearty recepton. Later in the day a large number of athletic events were run off at the addition. There were two hotly contested ball games. Dancing was enjoyed afternoon and evening.

MESSER MUCH WANTED

Waiter Accused of Theft in Wellsville and East Liverpool.

The police of Wellsville and Frank Geisse, a local restaurant owner, like to see Walter Messer, a waiter, formerly of East Liverpool. Messer hired out to Miss Maggie Bailey, who runs a restaurant for Geisse, as a waiter three days ago. On Sunday he disappeared with $7.15, which was all the till contained.

Messer it is said, is also wanted in East Liverpool. It is claimed he stole $17.80 from D. A. Devine. He is thought to have gone toward Lisbon, and Sheriff Leonard has been notified.

SCHOOLS ARE OPEN

And the Attendance Is Large—Assignments of Teachers.

All of the Wellsville public schools started today upon another year's work. Every room in the Eighteenth street, Ninth street and Lisbon street schools is well filled, a fact which demonstrates that the city has increased in population since last year.

Teachers are as follows: Lisbon street school, No. 1, Mary Boyd; No. 2, Mary J. Stokes. Eighteenth street school, No. 1, Martha Andrews; No. 2, Nellie Joseph; No. 3, Lettie Brown; No. 4, Margaret Grant. High school, Ninth street, Ruby E. Mason, principal; Grace Van Sickle, Blanche Butler; grammar department Ninth street, No. 1, Rena Tinner; No. 2, Alice McDevitt; No. 3, Mary McDonald; No. 4, Helen Andrews; No. 5, Louise Ferrell; No. 6, Anna Davidson; No. 7, Mabel Boyd; No. 8, Maud McGregor; No. 9, Janet Kerr; No. 10, Olive Smith; No. 11, Mary E. Phillips; No. 12, Mrs. rrie S. Forner.

Miss Louise Ferrell, who has been assigned to teach in room No. 5, was a graduate of the Wellsville high school this year.

Tramped from the West.

Dominick Ross, an Italian of Empire, was arrested last evening by Officer Houser for being drunk and disorderly. He will be given a hearing today. A foreigner giving his name as Paul Stack and claiming to hail from the west, was arrested last evening for riding on a freight train. To Mayor Fogo this morning he said that he had walked all the way from Kansas City here during the past 28 days, and that he wanted to get to Luzerne, Pa., where he intends to visit relatives. He is "dead broke," and for this reason he will probably be set free this evening.

Jay Davis Promoted.

Jay Davis, who for some time has acted as delivery clerk in this city for the Adams Express company, has been promoted and is now express messenger on the river division No. 335. Fred Bunting, of this city, has taken Davis' place and will hereafter have charge of the express company's delivery wagon.

Finance Committee Meeting.

The finance committee of council will hold a meeting this evening for the purpose of approving the monthly bills. The regular meeting of council has been postponed until Friday evening, when some very important business will be transacted.

Taking Down the Steeple.

Work was commenced this morning by James Bradlaw on the tearing down of the First U. P. church steeple, which has been condemned as unsafe. With the aid of one assistant he expects to complete the work before the week is over.

Lost Two Fingers.

The accidental discharge of a gun caused the 15 year old son of James Barnes, of this city, to lose two fingers while hunting near Bethel church yesterday.

WELLSVILLE SHORT STORIES.

Mrs. Frank Hill, of Nevada street, is on the sick list.

E. L. Oldaker, of Alliance, is the guest of friends in this city.

Miss Della Leighton is visiting relatives in Toronto for a few days.

Mrs. Edward Bunting has returned from Hollow Rock for a day or so.

C. B. Craig has returned from a two weeks' visit with friends in Salineville.

Morris B. Graham, of Ninth street, was in Pittsburg visiting relatives Sunday.

Mr. and Mrs. Alex Clark, of Knoxville, attended the Blackburn funeral Sunday.

AN EXCELLENT SHOWING

FOR OIL IN THE FINNICUM WELL NOW DRILLED IN.

Indications Are That It Will Be Good For 50 to 75 Barrels per Day.

The Finnicum oil well on the Swearingen farm came in at noon yesterday. The well filled after being drilled only three feet in the sand. The fires were drawn and the boiler moved immediately. It is estimated that it will flow from 50 to 75 barrels per day.

The new well is located 450 feet south west of Finnicum No. 1, which produces 38 barrels per day. Finnicum No. 3, which will be drilled soon, is about 500 feet further south. The field is likely to be one of the richest in the section.

MORE SCHOOL ROOM

The Growing Needs of Chester Demand Additional Accommodations.

The board of education of Grant district is considering the advisability of adding another room to the Chester schools for the coming term. There are six rooms already, but Chester is a growing town. The rooms were all full last year and can scarcely be expected to accommodate the increased attendance.

There will not be time to erect a new building as school opens next Monday. Hence the board will be compelled to rent a room somewhere, or fit up the basement of the central building. It would be possible to convert this into a very comfortable school room. The gravel could be graded away from the lower side, making a level entrance. Light could be admitted from two sides. Only one-half of the basement is needed as a sore room. The remainder would make a large school room. Miss Nellie Carman, who taught in Chester last year and did very satisfactory work, is spoken of as teacher for the new room.

A PAYING POSITION

L. Y. Woodmansee Leaves Chester to Take a Place at $150 a Month.

L. Y. Woodmansee, former manager of the Chester forge, has left for Pittsburg to take charge of the new Westinghouse foundry in East End. His salary will be $150 per month.

His daughter Maude accompanied him. She will attend school in Pittsburg. The remainder of the family will follow them about January 1.

To Organize a Church.

The Presbyterians of Chester will meet tonigt at the school house to arrange for organizing a church and purchasing a site for the new church building. A location near the central school building and another on Carolina avenue, between Fourth and Fifth streets are being considered. Alex. Pugh, Joe. Hough, and Oscar Allison are on the committee looking after this work.

Eleven Producing Wells.

E. A. Freshwater, Mr. Carson and Milton Freshwater, son of E. A. Freshwater, have in the north end extension of the Turkeyfoot field eleven wells, producing 6 to 8 barrels per day. Another was drilled in Saturday good for (estimated) 40 barrels.

Ready for School Opening.

G. A. Allison, the new principle of schools, came up from New Cumberland this morning to confer with the board of education and arrange for the opening of school on Monday.

All Were Successful.

All the teachers who took the Hancock county examination ending Saturday evening, secured certificates as follows: No. 1, Miss Kate Shipley and Miss Jessie Campbell; No. 2, Miss Ella Douchoo, Ola Dornan, Rachel Baxter, Daisy Yocum and D. D. Mercer; No. 3, Anne Bambrick and Alva Campbell.

Lost to Wellsville.

The Chester and Wellsville base ball teams played a match game on the Wellsville grounds yesterday. The Chester club lost the game. This is somewhat of a surprise, the boys have won 13 games this season, losing only one.

Organized Clerks' Union.

J. E. Anderson, state organizer of the clerks union, was at Martin's Ferry last evening, organizing a clerks' union. About 30 charter members are reported. Mr. Anderson will return in about two weeks to perfect the organization.

Meeting Postponed.

The regular monthly meeting of the Woman's Foreign Missionery society of the First M. E. church, set for last night, was postponed until next Monday night when full reports are to be given.

CHESTER NOTES.

Mayor John Shrader is in Pittsburg on business today.

W. H. Piper's family are visiting at their old home in Saltburg, Pa.

Franklin school will open next Monday. Mr. Hunter is the teacher.

Mrs. Sadie Riley has returned from a visit with her mother in Nebraska.

Mrs. Hendershot, of Phoenix avenue, is recovering from a severe illness.

All the mills in the tin plate works started this morning. The tin houses are idle today.

Charles S. Pugh has delivered six boilers to Zalia, W. Va., for Milton Freshwater, to be shipped to Pittsburg.

Miss Nellie Carman, a teacher in Chester last year, is visiting her grandfather in the country near New Cumberland.

E. L. Graham, who has been employed at the Chester tin mill, is now spending a few weeks at his home at Liston, suffering with a sore hand.

Charles Cunningham, Bazz Rowe, Enoch Riley, Elijah Eardley, John McBee and William Messer spent Labor day near Hookstown hunting turtles. A good catch is reported.

Shiras Has Not Resigned.

East Northfield, Mass., Sept. 2.—The attention of the president having been called to the published statement that Attorney General Knox's name was being considered with the view of appointing him to a justiceship on the supreme bench, to succeed Justice George C. Shiras, it can be said on the authority of the president himself that not only does he not contemplate such a move, but Justice Shiras has not resigned.

BIG GUNS BELCHED.

First Attack in the War Game On---Cannonadcd for an Hour.

RESULT DETERMINED LATER.

Bombardment and Capture of Block Island Reported—Not In Territory to Be Defended and Not Supposed to Be Attacked.

Fort Trumbull, New London, Conn., Headquarters of Army of Defense, Sept. 2.—At just 10:20 last night the big guns of Forts Wright, Terry and Michie belched forth almost simultaneously and there was no longer doubt that the first attack in the war game was in effect. For an hour the cannonading continued and the result from the army standpoint is best stated in this official bulletin, posted at headquarters at 12:20:

"Movement to pass through the race began at 10:20 p. m. Forts Mitchie, Wright and Terry engaged 50 minutes. Apparently the ships entering have been put out of action by points scored by the army guns."

The result, however, will be determined later by the board of arbitration.

All was quiet, when suddenly the reports of the guns was heard and General MacArthur listened attentively. The attack was on, but it came sooner than was expected by the major general commanding.

All day yesterday the army officers here were kept posted in regard to the movements of the enemy, even after the signal stations had been captured. The detachment of signal men at Block island was in charge of a signal officer of the Connecticut national guard, who escaped with all his men but two. He afterwards established a signal station and sent to the defending force. Information was received from Woods hole by a line other than that which was supposed to be destroyed by the enemy, thus showing the efficiency of General Greely's corps of signal men and the completeness of their work in preparation for the game of war now on.

General MacArthur informed an Associated Press representative last evening of his extreme satisfaction with the working of the wireless telegraph. Most of the messages received were by that system and was of decided interest to the general in command, this being the first time the system had been used in the manoeuvres.

Among the first dispatches received yesterday was the one reporting the bombardment and capture of Block island. This was somewhat in the nature of a surprise, as the island is not within the territory to be defended, and therefore was not supposed to be bombarded by the enemy. It is said that the ships, according to a strict interpretation of the rules governing the game, should have gone to sea during the period of preparation, to make ready for the attack, instead of lying at anchor just to the east of the fighting territory until almost the beginning of the fight. At headquarters it was felt that the enemy, powerful though it be, would be put to its severest test in attempting to reach the entrance to Long Island Sound by passing Forts Wright, Terry, Michie and Mansfield, in the New London district.

The opinion was held that the greatest fight would be off New London, as the batteries are located here, thus giving a fair test of the coast defense in the district.

Among the important dispatches received before 10 o'clock last night were the following:

4 p. m.—Escaped signal party on Block island from concealed visual station reported. Enemy encamped northeast side harbor. About 30 round tents. Collier in harbor coaling converted yacht. Just outside are the Indiana, Puritan, Montgomery, Peoria, Pather and four other cruisers or battleships and dispatch boats.

4:37 p. m.—Olympia just came through Vineyard sound, from the direction of Woods Hole.

PRAISES THE UNITED STATES.

German Correspondent Says No Other Nation Would Have Been So Kind to Filipinos.

Berlin, Sept. 2.—A correspondent of the Frankfurter Zeitung, writing from Manila, replies to the charges of cruelty on the part of the American army appearing in European newspapers. He says:

"Perhaps no other nation except the United States would have had the patience to meet the stubborn resistance of the Filipinos in Samar for two long years, with such humanity as, upon the whole, has been the case. It is not to be wondered at that the American leaders finally let their gall run over at the treacherous tricks played upon them and adopted sharper measures. Of course some excesses occurred, but it is highly inadmissible to select these few cases and serve them to the public as typical of American war making."

The correspondent also emphasizes the injustice of expecting Americans to observe in every case the rules of civilized warfare while fighting such a foe.

The writer praises the political shrewdness, combined with moderation, of making surrendered insurgent officers governors of provinces.

Exclusion Law May Be Amended.

Washington, Sept. 2.—It is the opinion at the war department that Governor Taft's remarks at the board of trade banquet in Manila Sunday respecting the employment of labor on plantations will form the basis of a suggestion to congress, at the next session, that the act extending the Chinese exclusion laws to the Philippines be amended.

HUNTING FOR MURDERER.

Italian Miner Stabs One Man to Death and Wounds Another.

Irwin, Pa., Sept. 2.—Christopher E. Caldwell, a coal miner of Edna, a new mining town near here, was stabbed to the heart and instantly killed late Sunday night by an Italian miner named Lervey Angelo, who at the same time probably fatally stabbed John Scott, another miner, and then with an accomplice escaped.

Urged by a spirit of revenge and the assurance by the Westmoreland county commissioners that $500 will be paid for the murderer and his accomplice who killed Caldwell, a great crowd of American miners were hunting the country last night for the fugitives. The trouble was caused by a dispute over two kegs of beer.

Y. M. C. A. BOYS VS. PARKERSBURG

First Game Won by Home Talent Through Patterson's Effective Pitching.

SECOND WAS DIFFERENT

The Visitors Put Myers in the Box And the Locals Did Not Make a Score—Good Contests on the New Field.

Secretary Wright's young men that he discovered in all parts of the city, and all of whom are conceded to be all around diamond experts, played two games with Parkersburg yesterday afternoon on the Y. M. C. A. grounds, Chester. Each team came out of the hard foungh skirmish with a victory.

A much larger crowd than was expected assembled at the park, and none were disappointed in their anticipation of seeing a fast article of the national sport.

Wellsville's only star player, Mr. Patterson, if you please, was entirely too much for the West Virginians. He held them down to six hits and had them in the air at all stages of the game. Considering the fact that the Parkersburg boys have a national reputation for hitting, Patterson deserves more than the ordinary amount of credit.

Harker's errors were a surprise to all. He fumbled three at short. They were, however, hard to handle, and as he made several beauties he is excused.

Suffering defeat in the first game the visitors were riled considerably and started the second with a great display of vim. Myers was placed in the box and he put them all where the locals could not even make successful bunts. The zigzag twist that Myers assumes when delivering his ball scares the ordinary player into hysterics and had the same effect on the locals. McShane was easy picking, being hit at will by the visitors. His support could not have been better. Harker came in for his share of the support, too. He had nine chances and accepted them all. Carey had no chances at third, but he certainly did well at the bat.

WEST END WON

AGAINST THE PICKED NINE BY SCORE OF 4 TO 3.

An Interesting Contest for a Prize Witnessed By a Big Crowd.

For a prize of $25 the West End Athletic club and a picked team played a most exciting game at Rock Springs park yesterday afternoon before a crowd of not less than 3,000 men, women and children. The Athletics came out victorious, but they had to fight for it. Both teams being from the city and every player having a follower much interest was displayed. Extraordinary plays were heartily applauded and poor ones were followed by sighs and emotions of regret.

Errors galore were made by each gang, but they did not seem so bad, inasmuch as they divided the honor. Gehring, in the box for the West End, and Kilgalian, of Pittsburg, for the picked team, pitched fair games.

In the second inning the winners scored their total number of runs. John Heckathorn, who played in the first game with the Y. M. C. A. team, got a hit. Bennett went out. Allison hit a high fly to left field. Trainor did as he usually does—let it drop. Heckathorn scored on the error. E. Carey placed a pretty hit, scoring Allison. Emmerling walked. Gehring collided with one for two bases and scored Emmerling and Carey.

The Picked Nine scattered their runs, scoring in the first, seventh and ninth. Trainor scored in the ninth and McKeever reached third. Had a little hit been landed the score might have been different. But there wasn't and McKeever died.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials

FAIR EXCHANGE

A New Back For An Old One—How It Is Done In East Liverpool.

Sometimes the back aches with a dull, indescribable feeling making you weary and restless; sometimes pain shoots across the region of the kidneys, and again the loins are so lame to stoop is agony. No use plastering or rubbing the back in this condition. You cannot reach the cause. To exchange a bad back for a new and stronger one, follow the example of this East Liverpool citizen.

Mr. Wm. Anderson, of 305 Lisbon street, says: "During the civil war I enlisted and served three years in the Forty-second Ohio infantry. From the exposure during the war I attributed the severe aching and weakness in the loins and muscular rheumatism of recent years which all seemed to center in my kidneys. In the morning when first getting up I was very dizzy until I had moved around for a time and my nervous system became affected, causing a fluttering and fullness around the heart. Seeing an advertisement in the paper I got Doan's Kidney Pills at the W. & W. pharmacy and took them. A few doses gave me relief. The improvement was gradual and continued as the medicine got thoroughly into my system. I firmly believe that Doan's Kidney Pills will in every case as they did in mine, prove the justness of the claims made for them."

For sale by all dealers. Price 50 cents per box. Foster-Milburn Company, Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no other.

Sold by W. & W. pharmacy.

J. G. COTTON

WAS CURED OF

SCIATIC RHEUMATISM

BY THE USE OF

LIFE PLANT.

J. G. Cotton writes from New Philadelphia, O., the following praise for the great tonic, LIFE PLANT:—

New Philadelphia, O., Feb. 22, 1902 Life Plant Co.,

Messrs:—Last September I was attacked with Sciatic rheumatism. It was so painful as to allow me to sleep very little, could not stand on my feet ten minutes at a time without severe pain. I was very much alarmed as I had the same trouble a number of years ago and was unable, though attended by the best medical skill, to get rid of it for two and a half years, during which time I could perform no labor. A friend told me that LIFE PLANT was a sure cure for rheumatism. I took two bottles and it cured me; I have had no return of it since. I am not only pleased, but surprised as well at the speedy cure.

Very truly,
J. G. COTTON.

Maley's Curves Altogether Too Much For Canton Aggregation.

ANOTHER STORY WAS TOLD

At the Afternoon Game at the West End, When Canton Won, Though Winters Did His Best to Prevent —Very Clever playing Done.

Despite the inclement weather a big crowd witnessed the game yesterday morning in West End park between the locals and the Canton Marines. The visitors were in excellent trim and played a pretty game, but Maley proved himself once more to be out of their class and sent them from the diamond with a shutout to their credit.

The game being started later than the time scheduled, seven innings were agreed upon to be the limit, but the spectators with one accord state that the shortage was made up in the excellency of the contest.

Without a single error the locals rubbed it in. Hits they got their share of, and that is more than can be said of the visitors. Four was all that they could muster together and the majority of them were scratches. Reark's wonderful catch of a drive over Second base was beyond a doubt the features of the game. He makes them so often though that the play did not elicit much applause.

The game was really decided at the end of the first inning. Three runs were scored in the initial inning and the Canton lads were never able to cut it in the least. Maag opened the contest by going out. Reark hit. Brown followed by doing likewise. Miller reached his base on an error by Trump and the trio scored on some bum fielding. Manager Walsh will certainly have to put Maley out of the game before long. That is if he wishes to get aggregations from out of the city for games. He is a terror to all of them and they have come to a point where they go into a game not expecting to win. The pitching done by the youth was a record breaking exhibition. Of the 21 putouts necessary to decide the game, 13 struck out, and hardly without an exception the visitors went out one, two, three throughout the game.

The score:

Not less than 800 enthusiastic fans witnessed the afternoon game. All having heard of the star performance of the morning the crowds assembled to see a repetition, but in this they were disappointed. It seems that with Maley out of the box the fielders lose confidence and lie down before the game has fairly started. Winters did good work and deserves credit for his attempt to win.

For three innings all were on the anxious seat. Neither team had scored and the chances seemed even. In the fourth by bunching three hits the visitors scored a run and followed in the fifth with another. The locals made a spurt in the lucky seventh, but only one run was made and it was the last one. In the eighth Canton again came to the front and cinched the result.

Ehman twirled a game almost as pretty as Maley's in the morning. And the locals went down before him in almost the same manner. They simply could not touch the Canton lad. They landed seven hits, but all were on the measley order and little credit is due the boys. Talbert in left field for the visitors carried away the honors. He made a sensational run and jump out among the tall timbers and pulled one down that the spectators expected to see go bounding over the swamps. Maag, Brown and Miller, the trio of out-of-town players on the local team, did excellent work and are beyond a doubt valuable additions to the team.

Cholera Morbus.

This is an extremely dangerous disease. In almost every neighborhood some one has died from it, and in many instances before a physician could be summoned or medicine obtained. Mrs. E. H. Delano, of Durant, Mich., is subject to severe attacks of cholera morbus. During the past four years she has kept at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and says it has always given her quick relief. During this time she has used two bottles of it. This remedy can be depended upon in the most severe and dangerous cases. The safe way is to keep it at hand ready for instant use. Women and Jewels.

Jewels, candy, flowers, men—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous effort to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insiduous consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at Charles F. Craig's.

Sun headache is a form of headache new in name, perhaps, but not new in form. Nearly everybody has suffered from its painful pangs but merely called it headache However, it is a fact anyone will admit, that they suffer much more from headache in hot sunny weather than in cold weather. This is owing to the extra consumption of nerve-force caused by the heat, resulting in a low state of vitality, consequently a deficit of nerve-power is evidenced by pain in the head. Wright's Celery Tea will aid nature to make up that deficit of nerve-force and promtly restore vigorous activity sufficient to meet the demand. A cupful taken at night on retiring will insure a clear head for the morrow. Pleasant to take. At all druggists. 25c and 50c a package.

GREAT OIL FIELD

LIKELY TO BE DEVELOPED IN WESTERN BEAVER COUNTY.

Line Island Company Makes Another Strike on the Kinney Farm, Near Chester.

That part of Beaver county which borders Hancock county has all the earmarks of one of the greatest oil producing territories ever discovered in this section. It might be rightly said that all this excitement was caused by the formation of the Line Island Oil & Gas company, which was formed recently at St. Mary's, W. Va., and composed of a number of business men of that place and a few from this city. The company has secured leases on 655 acres of land in Beaver and Hancock counties, and so far they have put down four wells, three of which are gas wells and the other producing oil. The oil well is located on the Rose Kinney farm and was drilled to a depth of 1,112 feet for gas, but there oil was struck. The well was capped, and there is now 750 feet of oil in the well. Saturday the company commenced the drilling of a well on the William H. Kinney farm in Hancock county, and if this well is a success, no less than six others will be located just as soon as the well comes in. The company has the following acreage under lease: Hugh Newell farm, 100 acres, and for this the company is paying a monthly rental of $25 until drilling on the farm is started; William H. Kinney farm, 62 acres; Rose Kinney farm, 300 acres; Frank Maeder farm, 45 acres; Edith Johnson farm, 75 acres; W. L. Thompson, known as the Potts farm, 73 acres, making a total of 655 acres under lease.

The territory under lease by this company is in a direct line with the Carson and Turkeyfoot fields.

Prospective oil lands are being rapidly leased in Hancock county. The Conant, Snowden and Milroy and Harmon Allison farms belong to the 500 arre Chapman block near Asbury. The Fowler farm was leased yesterday, and forms part of the block. Leases on the E. C. Baxter block on Tomlinson's run, near Murray's Mill, is rapidly reaching the 500 acre mark. Drilling on both blocks will begin soon. A third block in and about Fairview is being leased by Mr. Kiskaddon, of Grove City, Pa.

The oil well on the McSwiggen farm which was shot some days ago will be shot again soon, as it is at present producing only one barrel a day.

CONTRACTOR RINEHART HOLDS THE CITY'S ROLLER.

Will Surrender It When Paid For Repairs He Has Made On It.

The city council may have some trouble in inforcing the order given at the last meeting in regard to the bringing of the city roller, which is now at Wellsville, to this city. Contractor Harrison Rhinehart has the roller and he claims that he is using it under the order of the street committee.

About four years ago Mr. Rinehart secured several jobs of paving in the city and the roller, which had been out of repair for several years, was fixed up by the contractor for the work he was engaged in and the street committee of council, it is said, agreed that he was to have the use of the roller for the repairs.

When Rinehart secured the work in Wellsville he took the roller there. At the last meeting of council the street commissioner was instructed to have the roller in this city within three days so that the contractors could use it on the street and alley pavement that are being made. On the street Saturday Mr. Rinehart met Mr. Bullock, chairman of the street committee, and the member of council who made the motion to have the roller brought to this city. The contractor insisted that he would not bring the roller to the city and allow other contractors to use it unless they paid for the frame work he had placed on it. Mr. Bullock stated that the city owned the roller and that it should be left in the city, no matter if Mr. Rinehart had it repaired. The contractor stated that the other contractors could have the roller when they paid their portion of the cost of fitting it up. As the iron roller belongs to the city it is probable that the matter will come up at the next meeting. In the meantime the question is up to the street commissioner, who has been ordered to have the roller brought here.

Members of council who have been seen say that if Mr. Rinehart insists upon being paid for the repairs he put upon the roller, the city will certainly require him to pay for the use he has made of its part of the apparatus. It is said by them it is a poor rule that won't work both ways, and all admit that the city's part of the roller has been worked pretty hard since it came into Rinehart's possession.

At the change of life, nothing equals Walther's Peptonized Port to allay all troubles incident thereto.

The human heart, that most wonderful of engines, is scarcely larger than a man's fist. Yet in each twenty-four hours the dual heart moves approximately six tons of blood, equivalent to about two barrels of blood per hour. And this continues without ceasing from the first breath of infancy to the last sigh of age. Is it any wonder that when continued extra strain is put upon so delicate and busy an organ, it should break down? Is it any wonder that in this age of overwork there should be an increasing number of deaths attributed to heart failure?

Dr. Pierce's Golden Medical Discovery cures diseases of the organs of digestion and nutrition and purifies and enriches the blood. One of the ingredients entering into the "Discovery" is one of the best heart tonics known to medicine. Thus while through the action of "Golden Medical Discovery" the body is nourished into strength, the heart is also strengthened and an adequate blood supply is pumped to the stomach and kidneys thus improving the action of these organs.

Sick people, especially those suffering from chronic diseases, are invited to consult Dr. Pierce by letter *free*, and so obtain without charge, the opinion of a specialist on their ailments. All correspondence strictly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I had been troubled with catarrh of the stomach and heart trouble," writes Mr. W. D. Merchant, of Tylersburg, Clarion Co., Penna. "Had doctored for some time without relief, then I began to take Dr. Pierce's Golden Medical Discovery. I took seven bottles. Before I began to take it I weighed 118 pounds, and now I weigh 176. I am working steadily and feel like a new man. I send you many thanks."

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

Ankle Broken—By a fall last evening Mrs. J. M. Pinkerton, living west of Walker, broke her ankle.

A Basket Picnic—A crowd of young people from this city took their baskets and spent yesterday at Fredericktown. The picnic was in honor of Miss Eleanor Ferguson, of Beaver Falls, and was a most enjoyable affair.

Birthday Celebrated—Mrs. Mattie Williams, of Minerva street, last evening celebrated her fiftieth birthday. Quite a number of friends gathered at her pleasant home during the evening, and at a late hour luncheon was served. Mrs. Williams was the recipient of a number of beautiful presents.

He Knew the King — Rev. S. C. George, of this city, states that he knew the king of Siam, whose assassination in his palace was reported recently. Mr. George was engaged in missionary work in Siam for 11 years, and was often at the palace, when the king, then the crown prince, was a child. The king was born in 1852 and was an intelligent and progressive man.

Going to Sweden—Mrs. Richard Burrows, accompanied by her young son, left yesterday afternoon for New York where she was met by her brother Carl Johnson. Together they will sail this evening on the stamship Majestic, for Ghetienberg, Sweden, where they will visit their old home for several months. Mr. Burrows expected to accompany his wife as far as New York, but yesterday received a telegram announcing that Mr. Johnson would meet his sister there.

STRIKE IS ENDED

Telephone Girls at Salem Return to Work and all is Lovely There.

Salem, O., Sept. 2.—(Special)—The strike of the girls employed at the central office of the Colubbiana County Telephone company in this city has been adjusted, and all the old girls have returned to work. These girls went out last week for an increase in wages, and at that time the company would not grant their demands.

A conference between the girls and the management of the company took place yesterday afternoon, and another this morning, at which time both girls and Manager Crossley announced that a satisfactory agreement had bee reached, and that the old girls would return to work. It is understood they received a slight advance in wages, but the amount of this has not ben given out.

THE BOY WAS DRUNK

Fell From a Street Car and Narrowly Escaped Being Killed By It.

Robert Phillips, aged 14, fell from a Rock Springs street car in the Diamond yesterday afternoon and, strangely enough escaped unhurt. He was in the act of boarding the car when he lost his footing and fell headlong under the footboard. The passengers of the car were much excited, thinking that the lad had fallen under the wheels.

He was motionless when reached by a number who had witnessed the accident. Some feared that he was killed. A physician was summoned and discovered that he was not hurt but that he was dead drunk. In a few minutes he was revived and sent to his home in Chester.

A GREAT CATCH

Eighteen Fish on William Lucas' Line When He Took It in Sunday Night.

William Lucas made a remarkable catch of fish in the Ohio Sunday evening. Early in the day he set a trot line and when he took it in in the evening he took off 13 small cat fish, one cat fish weighing 16 pounds, and four suckers. The entire catch was photographed.

It is reported to be the largest ever made on a trot line in this section of the Ohio valley this season.

KELLY STILL LIVING

The Man Who Was Thought to Be Fatally Shot Yet Survives.

Jasper Kelly, who was shot at Wheeling while returning from Wellsville to visit his wife in Pine Grove, W. Va., as exclusively reported in the News Review, was at last accounts still in the Wheeling hospital in no immediate danger. His assailant, Carl Pebler, is in jail at Wheeling, without bond. Kelly is about 36 years old and a drinking man.

Child Drowned in Cistern.

Alliance, Sept. 2.—While playing in the yard yesterday the 18-months-old child of Lawrence Laurod pulled away a loose board lying over the cistern, fell in and was drowned.

ARE ON THE GROUND

Some Democratic Leaders and Delegates at Sandusky for the Convention.

M'LEAN MEN NOT AGGRESSIVE.

Cincinnati Editor Only Wants Selection of State Committeemen—The Johnson Element Conceded Almost Everything Else.

Sandusky, O., Sept. 2.—Some of the leaders and delegates were here yesterday for the Democratic convention, which has its preliminary meetings today and its sessions tomorrow. Nominations are to be made for only four state officers. It is understood that Rev. Herbert S. Bigelow can have the nomination for secretary of state if he will accept it.

While everything is conceded by the McLean men to the Johnson element except control of the new state central committee, that, as well as all other committees, is claimed by the Johnsonites. The McLean men say openly that they want the state committee for ulterior purposes, as it names the time and place and fixes the conditions in the call of the state convention next year.

The feature of the day was the arrival of Mayor Johnson in his automobile at 4:20 p. m. from Cleveland, accompanied by his son and valet. He declared himself freely against the new municipal code proposed by Governor Nash, to the extra session of the legislature, and favored the federal plan for all Ohio cities. He also denounced in his conversations the proposition for perpetual franchises.

Regarding national affairs, he spoke highly of Colonel Bryan and the platform on which he made his canvass. Mayor Johnson stated that he favored the nomination of Rev. Herbert S. Bigelow for secretary of state and State Senator Krause for food commissioner. This declaration was conceded to settle two of the four places on the state ticket, although the Columbus delegates insisted that they would present the name of ex-Mayor Phillip H. Bruck in opposition to Krause.

Among the names mentioned for supreme judge are those of W. T. Mooney, of St. Marys; George D. Okey, of Columbus; Barton Smith, of Toledo, and J. W. Loree, of Celina.

The Johnson men do not seem to have any favorites for supreme judge or members of the board of public works.

Elaborate quarters were prepared yesterday for J. I. Zimmerman, of Springfield, who is an avowed candidate against Mayor Johnson, of Cleveland, for governor next year. Zimmerman will arrive this morning, accompanied by many of his friends.

The prospective head of the ticket, Rev. Herbert S. Bigelow, is the pastor of the Vine Street Congregational church in Cincinnati, which has become independent of creeds under his pastorate.

FELL IN THE CREEK

Mishap at an Outing of East Liverpool Folks on the Little Beaver Yesterday.

While Mr. and Mrs. Frank Pilgrim, with a party of friends were at Beaver creek yesterday, Mr. Pilgrim and one of his guests met with a mishap. He was assisting the ladies to cross the stream, and had one of them suspended in midair when he lost his balance and both fell into the creek.

They were completely soaked, and it was several hours before their clothing could be dried at a huge fire which was built for that purpose.

FIRE IN KILNSHED

Small Blaze in Union Pottery Called Out Fire Department.

A fire in the kilnshed at the Union pottery, corner of Walnut and Kossuth streets, caused considerable excitement this morning about 6 o'clock. The fire company was summoned and arrived on the scene in time to prevent much damage.

It is said that the fire was due to the heat of a kiln coming in contact with some packing.

Industry Couple Wedded.

'Squire J. N. Rose united in marriage yesterday morning Miss Jennie Hunter and Joseph Bruce. Both were from Industry and had the appearance of culture and refinement.

Hearing Today.

Before 'Squire Rose this afternoon the case of Clarence Edwards versus H. R. Mansfield will be heard. The plaintiff claims that Mansfield owes him $25 for work and labor. Both parties live a few miles out on the Lisbon road.

Thick as ambrosial dew will be the code bills if all that are being exploited now are introduced. State School Commissioner Bonebrake has not one, but two codes which are ready for introduction at any time. They relate to the school laws. Querin, of Sandusky, has given out an outline of his code bill. The Comings bill is taken as a guide in its construction. The federal plan will be its fundamental principle, altnough certain features of the Nash bill will be engrafted on it.

The State fair opened Monday, and will continue till Friday. It is bigger and better than ever before. There is a great variety of attractions and the exhibits are fine. The railroads have granted special rates for Columbus during fair week. Accommodations will be secured for all visitors by a bureau maintained by the city board of trade. Columbus is abundantly able to take care of those who enter its gates.

The Leetonia Tool company, Salem, has increased its capital stock from $5,000 to $10,000. H. S. Wilson, president; C. M. Day, secretary. The par value of each share is $100.

THE MONKEY CASE

AND THE SCRAP WHICH FOLLOWED AIRED IN COURT.

McIntosh Acquitted on the Charge of Cutting With Intent to Kill.

L. E. McIntosh, arrested on the evening of August 27 upon an affidavit sworn out by Frank McConnell, charging him with cutting with intent to kill, was arraigned before Mayor Davidson this afternoon at 2 o'clock and was immediately released from custody owing to the non-appearance of the prosecuting witness.

The mayor, wishing to have the case placed before the public in its true light, had both the witness for the state and defense sworn and listened to their testimony. The testimony of the state's witnesses, which is generally against a prisoner, was in this case a pure vindication. Bert Parker was the main witness. He stated that he was at the home of McIntosh on the 27th and that he saw Frank McConnell, his brother and W. C. Clendenning, all of whom are residents of Wellsburg.

The trio, he stated, came to McIntosh's home and commenced raising trouble. They continued for several minutes and then left. But before doing so stole a pet monkey belonging to McIntosh. He informed McIntosh of the theft and both immediately started in pursuit of the trio. They apprehended them at a bridge near the foot of the Lisbon road and ask that the monkey be returned home. The trio refused, but the animal was finally taken.

Parker and McIntosh then started to return home. The trio followed. At the entrance to the house they pulled off their coats and said that they were going in and kill McIntosh and then burn the house. They followed in and made an attack upon both men. McIntosh, in making a defense, cut Frank McConnell a couple of times.

The evidence of the entire bunch of witnesses was practically the same, and the mayor felt it his duty to discharge the accused man.

19TH YEAR. NO. 207. EAST LIVERPOOL, O., TUESDAY, SEPTEMBER 2, 1902. TWO CENTS.

EXCELLENT DISPLAYS MADE IN MANY LINES

Two Thousand Workers Appeared in the Parade and the Demonstration Was a Fine One.

DISHMAKERS WINNERS OF THE PRIZE BANNER

Everything considered it was the biggest demonstration in many ways ever held in East Liverpool. The fact that the entire program was not abandoned can be attributed to the extraordinary amount of enthusiasm displayed by the workers in every line of industry.

The continuous rain in the early morning was calculated to discourage the most determined, and several times before 10 o'clock, the idea of holding a parade was given up. Marshal McConnell had requested all aids to report at Trades council hall at 8 o'clock in readiness to begin the work of arranging the unions in line, but the order was recalled early in the morning, and it was after the time advertised to start the parade before a single man left his hall for the starting point.

When the rain ceased to fall every man hastened to his post, and in a remarkably short time Broadway from a point below Fourth street clear around to Jackson on Sixth, was swarming with a happy throng of workers, both men and women.

A novel feature of the parade, and one which was never noted in other years was the large number of women in line. The ladies were even more enthusiastic than the men, and hundreds of them turned out in carriages and wagons especially decorated for the occasion.

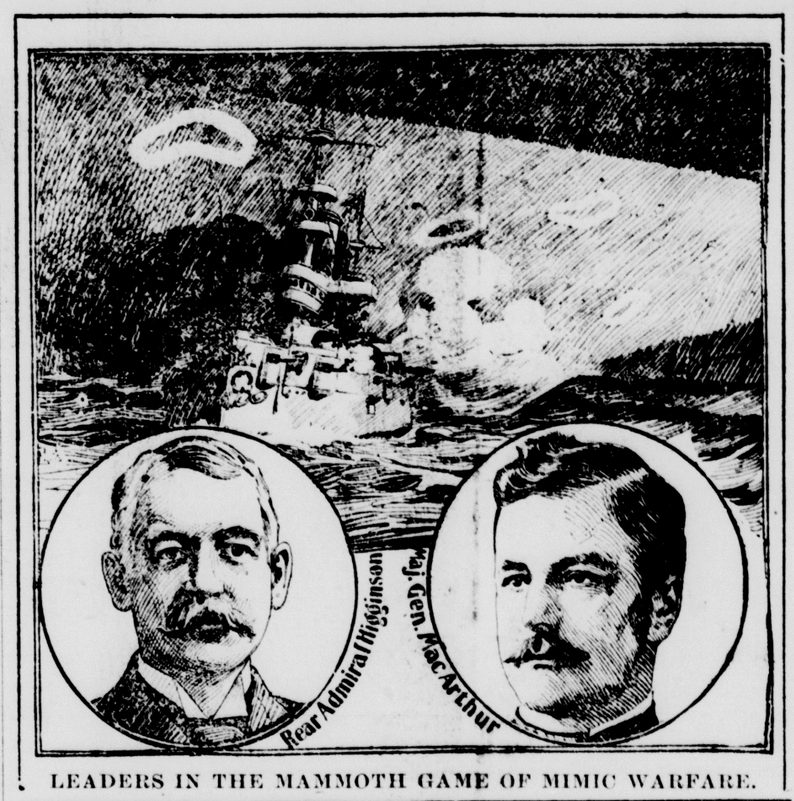

No less than ten organizations competed for the prize flag offered for the best display of their respective trades. These wagons were well distributed through the long line, and made a fine appearance.

The work of lining up the marchers was slow, and it was soon apparent that owing to the lateness of the hour it would be impossible to observe the original plans as to the positions of unions in line if the route was to be gone over before dinner. On this account the aids did the best they could in the limited time allowed, and the start was made a little before 11 o'clock, and the principal streets traversed.

Over 2,000 unionists were in line, and a large number of the organizations were uniformed, while others simply wore a cap to distinguish its craft. Those making a display of their trade were: Dishmakers' local No. 29; saggermakers No. 18; dippers, No. 16; bricklayers, coopers, bakers and plumbers.

So well did these unions demonstrate the workings of their respective trades that the committee composed of George E. Davidson, S. T. Herbert and M. J. McGarry, had a hard task before it in arriving at a conclusion. It is said this committee viewed the parade from three different points along the route, and when the parade was over considerable time was consumed in deliberation. It was finally decided that the dishmakers had won the prize flag, their display being the most complete from every standpoint.

The marchers were disbanded in the Diamond, and a rush was made for the South Side cars, everyone being anxious to reach Rock Springs before dinner. The East Liverpool and Rock Springs railway maintained an excellent schedule throughout the entire day and not a hitch occured to delay the transportation of passengers to the park. It is estimated that fully 8,000 persons were carried over the line during the afternoon. It was thought the Y. M. C. A. baseball grounds on the other side of the river would cut down the patronage at the park, but it did not, as over 7,000 admissions were paid at the gate.

THE NEW BELL POTTERY TO COST HALF MILLION

Columbus, Sept. 1.—(Special.)—The project of the Bell Pottery company, of Findlay, to locate a pottery in this city will, according to a representative of the concern, involve an outlay of upwards of half a million dollars. Several months ago the company purchased 140 acres of ground in a suburb of this city as a site for the plant and had arranged to begin the work of construction at once, but the unexpected death of William Bell, the president of the company and prime mover of the enterprise caused a temporary suspension of operations. Ground was broken yesterday for the new plant.

J. N. Rose, who is here pushing the plans of the firm, stated that the pottery will be made one of the largest in the United States. It will have 12 kilns, which capacity will be doubled soon after the plant is completed. Operations will begin with 600 employes, which number will be increased to 1,000. A high grade of vitreous, translucent china will be made. General ware will be produced. It is hoped to have the plant in operation by January 1.

The tract which the company has purchased has been named "Bellwood," and a section of it will be platted off into streets and lots on which houses, which will cost $3,500 a piece, will be built for the employes. They will be modern throughout, containing water, gas and electricity. The enterprise will be similar to that of the Sebring pottery, which sold out its plants at East Liverpool and East Palestine and built a new pottery town at Sebring.

The site is adjacent to four railroads, which will anord excellent shipping facilities. A siding was put in last week to the site and material and supplies are now being received. The company will employ many skilled operatives from the eastern Ohio and New Jersey pottery districts. The Findlay plant has been in operation for 14 years.

DEATH OF H. G. FOLTS WELL KNOWN PROMOTER

Salem, Sept. 2.—(Special.)—Harry Gardner Folts, one of the best known promoters in the county, dropped dead at his home, 314 Lincoln avenue, yesterday morning. Heart failure was the cause of death. Mr. Folts came to Salem in the fall of 1900 and with J. L. Francis commenced to lease large tracts of coal land in and about West Point. Soon afterwards a division in the parenership between Mr. Francis and Mr. Folts resulted, and both men made a race to obtain new leases on the coal territory that they had leased jointly. Mr. Francis won out and immediately afterwards Mr. Folts directed his attention to the promoting of a company to build a cross-county railroad to connect Salem with Lisbon and East Liverpool, and to take in Shelton's grove. The road was to be built on private right of way. He never abandoned the project, and at the time of his death was still working to interest capital in the scheme.

Mr. Folts ate a hearty breakfast at 7 o'clock yesterday, and then after a short talk with his brother walked into his study and fell to the floor, dead. He was married on Thanksgiving day, 1900, to Mrs. Elma Pettibone, at Burlington, Wis., and he then came back to Salem. Mr. Folts was a graduate of the law school at Cornell and practiced law both in New York and Chicago. He was a Mason and is survived by his wife and three step daughters.

DUFFY AND MONNETT LABOR DAY ORATORS

Salem, Sept. 2.—(Special.)—Rain in the morning partially interfered with the celebration of Labor day in this city, but in the afternoon the clouds roiled away and everybody appeared to enjoy themselves. At Concert hall ex-Attorney General of Ohio Frank S. Monnett spoke at length. He scored the trusts, and his entire address seemed to be directed at combinations of capital.

Thomas J. Duffy, of East Liverpool, spoke in the interests of labor, and the points of his address were taken from the platform adopted at the recent Alliance labor convention. He spoke of why Labor day was observed and the causes that lead up to it. He also said he was not opposed to combinations unless they became so strong that they defied the law, and that some times it seemed that the combinations had the law back of them. "It is not more legislation we need," said Duffy, "but more legislators." The speaker also scored government by injunction, told of the injustice caused by child labor and condemned the company store idea.

During the afternoon no less than 3,500 persons assembled at the Salem driving park, where an excellent program of sports was carried out.

CONTRACTOR PREPARING TO DOUBLE TRACK C. & P.

The Cleveland & Pittsburg railroad company will commence double tracking their road from Wellsville and this city. This statement has been learned from authority most high, and as the work is to start at once it is believed that the road will be double tracked within a year.

Being loaded on cars at Martin's Ferry are tools owned by Contractor T. J. Stringer, and these are expected at Wellsville tomorrow. The first work Contractor Stringer will do in connection with the double tracking of the road between Wellsville and this city is the widening of five bridges between here and Wellsville. The double tracking will then follow.

An extension to the south siding at the Wellsville station will be built east for quite a distance and of course this track will serve as one of the double tracks. Considerable filling in is to be done by Contractor Stringer, and he will no doubt work several months of the contract.

HON. TOM L. JOHNSON THE SOLE PROPRIETOR

That Is the Way the Democratic Convention Meeting Today Appears at the Present Time.

POINTS ON PLATFORM AND CANDIDATES

From a Staff Correspondent.

Columbus, Sept. 2.—It will not be surprising if the Democratic convention, which convenes at Sandusky today, makes the perpetual franchise question an issue of the coming campaign. Senator Hanna came out in favor of such franchises while in Columbus last week and made quite clear his reason for doing so. He said there should be indeterminate grants of franchises, with a provision inserted requiring an adjustment of fares, rates, etc., once every 10 years. This would allow councils to regulate these matters and make them conform to changed conditions. He thinks this would be conducive to the public good. The companies would give the public efficient service, knowing that their invested capital would be safe, and at the same time would, as it were, be operating under a check-rein.

Governor Nash, Chairman Dick and other leading Republicans, however, think that it would have been the better part of wisdom, politically, to have left unsaid his words about franchises. They are all more or less disturbed over the incident. The Democrats will probably make "no perpetual franchises" their campaign slogan. Mayor Tom Johnson, of Cleveland, will be supreme in the convention. He is the temporary chairman and will make the keynote address. His victory over the McLean forces in Cincinnati last week probably means that he will be able to maintain in the convention the supremacy he achieved over his political enemies when the state committee selected him as temporary presiding officer of the state convention.

McLean and his henchmen were amazed at Johnson's temerity in invading their citadel and were filled with consternation upon being routed by him. The wily Tom's representatives maneuvered things so as to capture a majority of the Hamilton county delegates to the state convention. It certainly looks as if he will be the dominating factor at the big meeting.

The platform will contain planks dealing with both state and national issues. The Longworth board of revision law and the new taxation laws will be condemned, as will trusts and the colonial policy of the Republican party. It seems probable that the Kansas City platform will be recognized in some way. The Nash code, of course, will be opposed and a form of government patterned after the federal plan will probably be favored. The Eighteenth district delegates will meet and organize Tuesday afternoon in Schaefer's hall, 212 Wayne street, Sandusky. Stark will have 16 delegates, Columbiana 8, and Mahoning 9. The district will have no representative on the state central committee until the delegation elects one. The place has been vacant for several months. Judge Otto E. Young, of Massillon, who filled it, having died. An effort was made to appoint his successor at the recent meeting of the state committee in Columbus, but it failed, as there is no rule under which it could be done.

The candidates mentioned thus far ars as follows: Secretary of state, Rev. Herbert S. Bigelow, Cincinnati; John E. Stang, Sandusky. Judge of supreme court, Hon. George B. Okey, Columbus; Barton Smith, Toledo; J. W. Loree, Celina. Dairy and food commissioner, Philip H. Bruck, Columbus; Senator John Krouse, Cleveland. Mem-

PRIZE WINNERS IN THE SPORTS

Interesting Athletic Contests Held at Rock Springs Park Yesterday Afternoon.

FOUR THOUSAND LOOKED ON

And Saw Tests of Skill And Muscle. Competition Was Keen in Several of the Events—List of the Lucky Ones.

The Labor day sporting events at Rock Springs park in the afternoon were enjoyed by over 4,000 people, and all expressed themselves as being highly satisfied. There was a misunderstanding between the contestants in the first event, owing to a bad start and the performance was delayed a short time, but following that everything passed off without a hitch.

The first event was a 100-yard dash. It was called at 2 o'clock by the official scorer. William Elder acted as judge and filled the position admirably. George Hale was the efficient starter. Each event with entries and the names of the winners follow:

First, 100 yard dash. Entries, H. M. Kerr and John Webb. Kerr won first prize, an $8 pair of trousers, and Webb was awarded the second, a rocker worth $6.50.

Second, fatmen's race. Entries, W. M. Smith, John Stoffel and Criss McConnell. Smith won, with McConnell second. First prize one box 10 cent cigars; second prize, one box 5 cent cigars.

Third, shoe race for boys from 10 to 12 years of age. Entries, Charles Lownds, Charles Menough, Clinton Brown, Floyd Price, Eugene Lacy, Willis Wagggle, Roy Waggle, Robert Reark, Clyde VanFossen, John McGill. Robert Reark won and received one $3 pair of shoes.

Fourth, three legged race. Entries, W. H. Green and Oscar Sayre; John Webb and John Reark. Webb and Reark won. Prize, a $3 hat to each.

Fifth, shoe race for men. Entries, W. H. Green and O. O. Sayre. Sayre won. Prize, one pair of $5 shoes.

Sixth, putting the shot. Entries, William O'Connell, W. H. Green and O. O. Sayre. O'Connell won. Prize, one $5 umbrella. He threw the ball which weighs 17 pounds, 30 feet and 4 inches.

MILK ADVANCED

FALL PRICES FOR THE STAPLE NOW PREVAIL.

The Dairymen Knows Autumn Has Come, Regardless of The Weather.

The weather is so mild that many people who are not in the habit of scanning the calendar might easily forget that summer is past and the fall here. Not so with the milkman. He does not forget it; it would not pay him to do so. The local dairymen's association, through J. E. Newell, secretary, yesterday gave notice that commencing on that date, the price of milk would be as follows: Per pint, 4 cents; per quart, 8 cents; two quarts, 14 cents; one gallon, 25 cents.

THE ONLY ACCIDENT

During the Parade Happened to Dippers' Wagon And It Was Not Serious,

Only one accident was reported in the Labor day parade yesterday. When the parade was counter-marching in West Market street near the Dresden pottery, a front wheel of the wagon used by Dippers' local No. 18, and occupied by Major Adams, came off, permitting the axle to drop to the ground. The wheel was soon replaced and the wagon proceeded.

Near Seventh street the horses attached to the same wagon gave the wagon a sudden jerk, causing Major Adams to be thrown out of the wagon to the ground. Luckily he was not injured.

BOND NOT FILED

And the Vacancy Caused By Constable Miller's Death Continues.

Unless Isaac Burlingame files his bond of $500 with the township trustees soon the trustees will appoint another man to fill the position of constable made vacant by the recent death of James Miller. Mr. Burlingame was appointed to the office of constable soon after Mr. Miller's death, but as yet he has not filed his bond.

Four or five applications have been filed for the office, which, under the circumstances, is appointive.

RESIGNATION EXPECTED

Rev. T. V. Milligan to Retire From Oak Ridge Pastorate And Active Work.

The fall meeting of the Steubenville Presbyterian presbytery opened at Augusta. At this meeting it is announced that Rev. T. V. Milligan will resign the pastorate of the Oak Ridge church, and in all probability retire from ministerial work.

BROKEN COLLAR BONE

The Result of a Fall While Children Were at Play.

While playing with a number of children at his home on Seventh street, Frank Millhorn, a lad of 14 years, met with an accident which will result in his confinement to bed for several weeks. He accidentally fell to the ground and sustained a broken collar bone.

Pastor's Resignation.

Rev. J. F. Shepherd, pastor of the Presbyterian church at Carrollton, has resigned and will accept a call to Lincoln, Neb. He was formerly pastor of the Madison church in this county.

TOO MUCH WORK FOR TWO HORSES

Team Drawing the Patrol Wagon Came Very Near Being Overworked.

NEARLY A DOZEN ARRESTS

Made in the Short Space of Two Hours—Fighters Were Numerous in the Crowd That Faced Mayor Davidson This Morning.

In two hours yesterday there was an unprecedented amount of business done by the police. Nearly a dozen men were given rest behind the iron bars in that short period. For the first time on record Tom Bryan, who drives the patrol wagon, was compelled to change his horses. The grays were given more than their share of the fun and the blacks were substituted. Uncle Jack Burgess states that before the grays were dropped they had difficulty in climbing the hill with the wagon alone.

Detective Mahoney, always at his post, made three of the most important arrests. The officer was off his beat when he did so but his powers are long reaching and he could not resist the temptation. At Washington and Third streets he spied an assemblage of more than ordinary proportions and knowing that there was something doing he quickly advanced. There he found two men, William Hopkins and Sam Banford, with blood streaming from their faces and presenting an appearance of having met the sidewalk half way.

The officer arrested the men and upon their arrival at the station learned that there was a third party that he had failed to notice. In a few minutes he had Besom Elliott in charge.

WITH THE WORKMEN IN THE CLAY PLANTS

ABOUT CANONSBURG.

It was stated yesterday evening that the Canonsburg pottery is one of the few outside potteries which is being operated to its capacity. Business is quite good with the firm, and a large batch of orders are being received daily. The company has been compelled by necessity to place an additional clay press in its plant, and this is now being done. This will give the plant a capacity of three clay presses. Two presses were found insufficient. The company has also ordered an additional printing press and this was received a day or so ago. It is now being placed in the decorating shop, and will make a total of four presses in this department. Both presses were made in this city. Another improvement made in that shop is the placing of the third journeyman packer on duty in the packing department. This was made necessary on account of the increasing business offered the company. All departments of the Canonsburg shop are running full, and these conditions are expected to prevail until the first of the year at least.

Charles Wolf, formerly of this city, but more recently of Sebring, is operating the 5 and 6 inch plate jigger at the Canonsburg shop, while John Winegartner is operating the big jigger. Hugh O'Donnell has that job that is craved by most jiggermen, that of making fruits. All the clay and water is carried to the jiggermen in this shop, and in the evening all scraps are carried away. Of course, the men pay a "hustler" for this work. The clay made at this pottery is said to be amongst the best used in any pottery, and the jiggermen have been suffering very little loss through the ware cracking while on the moulds.

AFTER MOULD RUNNERS.

Labor Day afforded an opportunity for jiggermen in the potteries outside of East Liverpool to come to this city for the purpose of securing help. This was the case of two prominent pottery workers, jiggermen of the Canonsburg pottery. The school laws of Pennsylvania are strenuous, and as the schools of that state opened today, eight mould runners at the Canonsburg pottery were compelled to quit work and return to their studies, which will be of more benefit to them. The eight mould runners employed by the jiggermen at Canonsburg were above the average, and a workman from that shop last evening said that not one of them was compelled to work, as their parents were all quite well-to-do. These conditions of course are not to be found in every town in which there is a pottery. Frequently the case is that a little boy is the main support of a widow mother, and a position for her son at from $1.50 to $1.75 a day is quite a help. The jiggermen who came here might have secured one or two boys, but they were not successful enough in securing mould runners to run the entire jigger shop.

BACK TO OLD POSITION.

Arthur Savage, for over a year cashier at the freight depot in this city but more recently connected in a clerical capacity with the Sevres China company, has resigned his position with that company, and has returned to the railroad company. He is now yard master. Announcement as been made that Mr. Savage and Miss Cora Henry, who until last season was a teacher in the local schools, will be married today. Mr. Savage was to leave this morning for Zanesville, the home of Miss Henry, where the marriage was to take place. The ceremony will be performed by Rev. Mr. Zell, of Zanesville. The young couple will reside in this city.

SAME OLD STORY.

Another operative potter who has been working in a pottery outside the city is to return here to make his home. This is Mal Stevens, who has had charge of the packing department of the Shenango pottery at New Castle. Mr. Stevens was in the city Saturday evening, and it is reported that he intimated to a number of his close friends that he was not satisfied with the conditions at New Castle and would come back here. He is well known in this city, having resided here previous to moving to New Castle.

ENRICHED $1,000.

By a vote of the trade, National Treasurer John T. Wood, of the National Brotherhood of Operative Potters, through Secretary Thomas J. Duffy, has forwarded $1,000 to Pres. Mitchell, of the Mine Workers' Association. This was mailed a few days

OLD FRIENDS HERE.

William Maley, for many years a plate jiggerman at the Diamond, accompanied by Mrs. Maley, spent yesterday in the city visiting friends. Mr. Maley is now operating a plate jigger at the Canonsburg pottery, and stated that since he went to Canonsburg his health had greatly improved. Hugh O'Donnell, who operates the fruit jigger at the Canonsburg shop, and who is well known in this city, accompanied Mr. and Mrs. Maley to the city. The party returned home yesterday afternoon.

NEW EASTERN LOCAL.

Packers' local No. 49, of Trenton, met Saturday evening in the Ribsam building and the interest manifested in the new organization speaks well for its future welfare. The new officers are: William Devine, president; Patrick Solan, vice-president; William Stubbs, recording secretary; Charles Walton, financial secretary; Thomas Haggerty, treasurer; Thomas Sweeney, sergeant-at-arms; D. Connell, inspector; Henry Gentry, Michael Shanahan and Timothy Clark, trustees.

POTTERS PROMINENT.

From reports received from all places in which a pottery is located the fact is noticeable that the operative potters took a prominent part in all the Labor Day demonstrations. At Trenton, over a thousand operatives were to be in line and a good number turned out at New Castle. The four locals at Wheeling, Nos. 6, 28, 43 and 46, were prominent in the parade in that city. The potters take a prominent part and lively interest in such demonstrations.

A BETTER POSITION.

Samuel Eardley, for many years one of the best known pottery workers of this city, but now manager of the French China pottery, at Sebring, was in the city yesterday visiting friends. He returned home in the afternoon. When asked as to the resignation of William Tritt with the Sebring company, all Mr. Earley would say was: "Well, I guess he secured a better position with the Crooksville pottery, and just resigned, and that was all."

JESTER WAS HERE.

Jean Jester, formerly of this city, but now located at Barberton, being employed by the Barberton Pottery company, arrived here Saturday. Mr. Jester said the new Barberton shop was about running in full and that first ware would be shipped from the new shop it was expected this week. Everything is running smooth at this shop and no complaints are heard anywhere. Jester returned home yesterday afternoon.

JUMPING AROUND.

Persons workers at New Castle who were in the city yesterday brought the information that Ralph Woods, formerly a presser at the Diamond, who went to the New Castle sanitary shop, had returned to New Castle again from Camden, where he went several weeks ago. On account of Woods' returning to the west so soon it is believed that the west is a better part of the country to work in than is the east.

DECLARED UNTRUE.

The story, published originally in a Trenton paper, that a number of girls had been blacklisted in the potteries of that city, is pronounced a fable by a Trenton manufacturer.

WORKING ON BUILDINGS.

The erection of the engine, boiler and grinding rooms of the plant of the East Liverpool Brick Manufacturing company has commenced, and that part of the plant is now well under way. Of course the work on the kiln has not started, and will not for a week at least. It is the intention of the contractors to rush the building of the plant as fast as possible.

ago, but the announcement of the fact was not made by President Hughes until last evening, just as soon as the vote was counted, relative to whether the money should be collected by popular subscription or taken from the defense fund. The money, however, was taken from the defense fund. Several other donations made by the locals individually were also forwarded with the check for $1,000.

THEY WERE MARRIED.

Information has been received here of the recent marriage of Charles Nelson, a sticker-up at the Canonsburg pottery, and Miss Rosa Till, a popular finisher employed at the same plant. The young couple were married at Pittsburg a few days ago. Mrs. Nelson formerly worked in this city, and before going to Canonsburg was employed at the Sebring potteries.

COMMITTEE'S REPORT.

Jiggermen's local No. 12 will meet this evening. A report will be made by the special committee appointed at the last meeting to investigate the matter of having a uniform limit to a day's work. The work of this committee is not at all easy, and it is most likely that it will be several weeks before its final report will be presented to the local. There are five jiggermen on this committee.

AMONG THE POTTERS.

A new sign has been painted upon the wall of the Brunt pottery. It is in the same position as the old one.

Walter DeYarman is a new apprentice kilnman on the glost at Laughlin No. 2. He is with James Elliott's crew.

Jack Carney of this city has gone to Canonsburg where he has taken a place on the biscuit bench. A new placer on the glost end is Jack Cannon, also of this city. These men commenced work last week.

Clay workers who were locked out at the Flint brick plant at Des Moines, Ia., have returned to work. The Arbitration Committee of the Trades and Labor assembly met and decided that the workmen were entirely in the wrong.

Harry Hancock, who has been employed as a packer at Thompson's, has left that plant, and is located at the Taylor shop in Chester. Edward Grant, from Sebring, has taken the position made vacant by the resignation of Mr. Hancock.

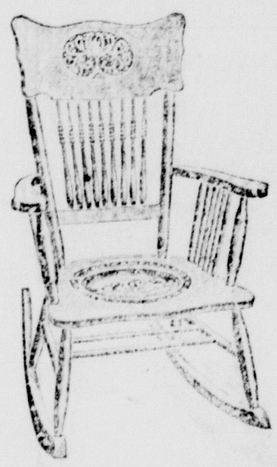

"Work on the plant at Salineville is progressing very slow," said William H. Deidrick, of the new Dresden China company, yesterday, just as he was about to go to Salineville. All of the buildings are now under roof, and work on the new kilns is also progressing slowly.

EAST END

NO LIGHTS ON THE STREET

Residents of Ohio Avenue Want Council to Attend to Their Needs.

Residents of Ohio avenue, from Mulberry street to Ralston Crossing, are about to prepare a petition which will be presented to council, asking that a number of lights be located on that street. There is not a light on this street, and it is one of the prettiest residence streets of the East End.

Councilman Willard Thomas is a resident of this street and some of the residents are wondering why he has not asked for a few lights for that street. Councilman Marshall, when asked about the matter this morning, said there were a number of places where lights were needed and he was not much in favor of placing lights anywhere except where danger threatened pedestrians. That the matter will be brought to the attention of council at its next session there is no doubt.

MINISTER TOOK A HAND

Pitched a Disturber Out And Trouble At Revival Was Soon Settled.

There was trouble at the revival meeting of the Free Methodists at Neville institute last evening, but the preacher came off with flying colors. The meeting was progressing quietly when some one started a fight, and before the large congregation knew much of the affair, the pastor was right in the midst of the affair, and catching one of the fighters rolled him out of the building.

This broke up the meeting for a time, but the fight was all over, and the services proceeded.

Two Seriously Ill.

Two little children in the East End are seriously ill with cholera morbus. One is the little daughter of Mr. and Mrs. Lot Haney, of First avenue, and the other is Emmet, the three-year-old son of Mr. and Mrs. Densmore, of Erie street. The Densmore child was in apparent good health at 7 o'clock last evening, but a short time later it became suddenly ill and a watch was kept over it all night. Its condition this morning was somewhat improved.

Trouble at Boarding House.

A little trouble at the Irwin boarding house on First avenue caused Officer Spence to make a trip there last evening. According to the story told by the police, Lloyd Irwin and Harry Cochrane had a few words, which caused a little undue noise. When the officer arrived at the house all was quiet, and Cochrane was not to be found. It was reported in the East End this morning that some shooting occurred, but this story could not be verified.

Neville Institute Open.

The Free Methodists pay no rental for the use of the Neville institute. The officials of the church have been asked by the officers of the institute to keep the building clean. Yesterday the room was given a thorough cleaning, and the school opened this morning. The institute this term will be under the direction of Prof. Fisher, who was employed last term. It is expected that at least 40 scholars will be enrolled.

Too Wet for Foot Ball.

Although there was to be a foot ball game at Columbian park yesterday morning between the Laughlin and Rover teams, no game was played, owing to the wet condition of the grounds. It is expected a game will be arranged to be played next week.

EAST END AFFAIRS.

Mrs. Robert Jewell and children, who have been visiting at the home of Mrs. Duncan, returned to Sebring this morning.

Dr. and Mrs. Robert Baird have returned to the East End from Scio, where they visited a sister-in-law of Mr. Baird, who was seriously injured recently.

At a meeting of Eureka circle, P. H. C., which will be held this evening, a class of 32 candidates is to be initiated. Some who were to be initiated at the last meeting failed to appear.

A SLICE OF CANTON

Worth $200,000 And Forming a Park Is Demanded By a Woman.

Canton, Sept. 2.—A formal demand was made on the city Saturday by Attorneys Clark & Clark, in behalf of Mrs. Agnes Wells, of Steubenville, for a square of real estate in this city. The property demanded was originally given to Canton by the founder of the town, Bezaleel Wells, for a cemetery. The cemetery has been abandoned and the place converted into a park.

Wednesday night a bandstand erected on the ground by the city was formally dedicated. The plaintiff claims the land now reverts to her, according to the original terms of the grant to Canton. Council is asked to settle all residuary claims. The land involved is worth $200,000 or more.

Coming as it does, in the busiest season, when a man can least afford to lose time, a sure and quick cure for diarrhoea is very desirable. Anyone who has given it a trial will tell you that the quickest, surest and most pleasant remedy in use for this disease is Chamberlain's Colic, Cholera and Diarrhoea Remedy. There is no loss of time when it is used, as one or two doses of it will cure any ordinary attack. It never fails, not even in the most severe and dangerous cases. For sale by Alvin H. Bulger.

THE WHEELING FAIR

The Agriculture And Live Stock Displays Will Be On An Extensive Scale.

The primary object of any Fair, and particularly of a State Fair, and superlatively of what is virtually a Tri-State Fair, is to make exhibits of farm products, fruits, garden products, live stock, including horses, farm machinery, the propducts of the dairy and of the home, artistic and decorative work, evidences of educational progress, etc. These objects have been annually accomplished at Wheeling and this year unprecedented efforts have been made to achieve results, with the most flattering success. Every department is full, and in live stock particularly there will be an astonishing and interesting display, while the poultry exhibit will delight those paying especial attention to fowls of all sorts. This is the educational and business side of the big Exposition, and should be considered and treated from a business standpoint. The farmer or stock raiser does not and should not go to a big Fair merely to have "fun." It ought, in a primary sense, to be a business matter with him, and therefore he should be present, prepared to note what others are doing and to profit by the information gained. The State Fair at Wheeling affords an opportunity.

ORDERED TO STOP IT

Expressmen Not to Be Permitted to Loaf in the Diamond.

No more will expressmen be permitted to loaf in the Diamond. This will be asked to drive on by the police when they are seen with their teams standing in and about the Daimond waiting on trade. A notice directed to all policemen, signed by Mayor Davidson, has been placed in the mayor's office at city hall to this effect, and it is now being enforced by the officer. This is a new wrinkle, for the local expressmen while they have not been attending to their orders, and while waiting for new business, have driven their horses to the Diamond and allowed horses and wagons to stand there waiting for business.

How kindly the teamsters and expressmen will take to the new edict remains to be seen. It is evident that the authorities have received some complaint about the expressmen allowing their teams to stand in and about the Diamond, hence the order.

Nothing could be more conclusive in the way of proof of general and widespread industrial activity than the figures embodied in the annual report of the interstate commerce commission just made public. According to this report the total receipts from the operation of all the railroads in the United States during the year ended June 30, 1901, was $1,588,626,037, which is an increase of $101,000,000 over the earnings for the previous year. Aside from this item of increased railroad public interest centers in the increased mileage, the number of persons employed and the amount paid out in operating expenses. Including tracks of all kinds the aggregate length of railway mileage was 265,368 miles, an increase of 6,582 miles. The number of persons employed by the railways in this country was 1,071,169, an average of 548 employes over the number employed in the year ending June 30, 1900. The operating expenses of all these roads were $1,030,397,270, which was an increase of $68,968,759 over the expenses of the previous year. From present indications this year's work will result in a large increase in railway mileage than last year, as well as a surprisingly great addition to present railway equipment. The big roads are all finding their facilities inadequate to handle the business offered them. They will not suffer this condition to continue if they can prevent it.

Organized labor in East Liverpool made an excellent showing on Monday. The exercises of the great holiday were admirably planned and the various programs carried out in excellent style. The whole demonstration was a credit to the city, and, it may be remarked right here, that the workers of this city rarely if ever engage in any undertaking that is not a conspicuous success.

Tom Johnson is holding a Democratic convention at Sandusky. Other folks are showing very little interest in it.

Labor Day is fast becoming one of the most popular and most generally observed of all holidays.

Some are doubtless more weary than they would have been had they labored yesterday.

The Democratic platform to be made at Sandusky will be chiefly interesting as a curiosity. Nothing it can say can help the cause of Democracy in Ohio.

Baseball fans had all they could attend to yesterday, and were right in their element.

The man who wastes his holiday in getting drunk deserves no holiday.

It was a day of labor for the street car men.

AT THE THEATER

"The Way of the Wicked," an exceedingly thrilling melodrama, will be the attraction at the Grand next Thursday evening. The play is the joint production of those clever playrights, Fosse and Miles, also the authors of "New York After Dark," and is an ingenious illustration of the advancement of science in all phases of human life. Electricity, that giant, almost unknown element, terrible in its force, is continuously employed as foil and counterfoil in the economy of human life. The burglary in the bank, where Sweeney and Burk quickly discard vulgar force to employ the electric smelter to the safe doors, melting the chrome steel of which they are composed, as quickly as a "hot knife cuts butter," is an apt illustration of the favorite and latest method employed by the criminal expert of the day. RAILROADERS' SECRET SESSION.

They Want to Know How Various Candidates Stand on the Labor Question.

Harrisburg, Sept. 2.—The state legislative board of the railroad employes of Pennsylvania held a secret session in this city yesterday to discuss certain legislation to be presented to the next legislature. A committee composed of W. J. Serbe, of Mauch Chunk; S. W. Hiller and George W. Coyle, of Philadelphia; C. L. Schriner, McKees Rocks, and M. T. Robinson, Harrisburg, was appointed to prepare a record of all legislative candidates. This record will indicate how each candidate stands on the labor question and will be printed and circulated among the members of the order during the fall campaign.

Benjamin Crager and George W. Coyle, of Philadelphia; W. L. Plummer and William A. Boate, Pittsburg; Jere N. Weiler, Mauch Chunk, and M. T. Robinson, Harrisburg, were appointed a committee to wait upon Governor Stone on his return from Pittsburg and urge him to use his good offices to bring about a settlement of the strike in the anthracite coal regions and to call an extra session of the legislature for the passage of an arbitration law, if it should be found that such action would end the strike.

The board will meet again today, at which session it is expected some action will be taken on General Gobin's order to shoot strikers and arrest women and children who insult the troops on duty in the strike region. The board is composed of 150 delegates and represents the Brotherhood of Locomotive Engineers, Order of Railroad Conductors, Brotherhood of Railway Trainmen and the Order of Railroad Telegraphers, representing in all a constituency of over 100,000 railroad employes.

BIG STRIKE THREATENED.

Stevedores, Lumber Shovers and Scoopers May Go Out.

Buffalo, Sept. 2.—Danger of a general strike along the water front is believed to be imminent, and it is said that the only means of averting it is for the big freight carrying lines to employ only tugs operated by union men. The union men have spent weeks in perfecting their plans for an aggressive fight.

The managers of the freight lines declare they would rather tie up their boats for the rest of the season than employ the tugs as the union men say they must. Should a strike be ordered it will include, it is said, stevedores, lumber shovers, scoopers and freight handlers. It is estimated that about 90 per cent of them are union men.

Crews of incoming steamers are forbidden to take out their vessels until the trouble is settled. Several big steamers have been deserted by their crews when about to leave port and have been obliged to remain.

TOO MUCH WORK FOR TWO HORSES

(Continued from First Page.)

This morning Mayor Davidson concluded, after hearing the testimony, that the first two were not to blame for the excitement turned them loose. Elliott will appear this evening and will be assessed $5 and costs. It is said that he pounded the couple without the least provocation.

Harry Mathers, John Thomas and Peck Hester, brilliant lights of Chester, followed a lengthy argument by an engagement in a short fisticuff exhibition. They were rounded in by Officers Saulsberry and Woods. Saulsberry had a little fun in capturing Mathers. That gentleman slipped away while the other two were being placed under arrest and before Saulsberry noticed his absence had gained quite a start. Saulsberry is a runner who has few equals and soon overtook the would-be sprinter. Hester proved that he was only in an argument and was discharged, but Thomas and Mathers got $7.60.

"Zip" Farmer pleaded guilty to a charge of being drunk and disorderly, but stated that he hated awfully to do so. "I was only making fun for a crowd," he said. "You know there must always be a King's fool." For his entertaining abilities he got $5. Officer Saulsberry arrested him.

Martin Elliott, a bricklayer and a veteran of the civil war, was arrested by Officer Woods. He had imbibed too freely. It was his first time in durance since he spent time in Libby prison and he regretted it very much. A fine of $5.60 was imposed.

Charles Gilliand and Dave Wooley were arrested by Officer McDermott for being drunk and each was fined $1 and costs.

THE VERMONT TOUR IS ENDED.

President Guest of William R. Moody, Son of Noted Evangelist, at Northfield, Mass.

East Northfield, Mass., Sept. 2.—President Roosevelt yesterday concluded his tour through Vermont at Brattleboro and spent last night here at Northfield. The reception accorded him at Brattleboro was among the prettiest, most well conducted and most enthusiastic he has received in his tour of New England. Arriving at the common, where he delivered his address, the pavilion steps were strewn with flowers by little girls who were drawn up on both sides.

The president began the day's journey at Burlington, reaching that city from Shelburne, the home of Dr. W. Seward Webb. After a drive about the city, the presidential train started southward, stops being made at Vergennes, Middlebury, Brandon, Proctor, Rutland, Ludlow, Bellows Falls, Chester and Brattleboro, and his Vermont trip was ended. He crossed into Massachusetts in the early evening and went to Northfield, to remain last night as the guest of William R. Moody, son of the noted evangelist, Dwight L. Moody, at the Northfield hotel. The president was to go to Round Top this morning to visit Mr. Moody's grave.

The president spoke at every stop yesterday, but most of his addresses were brief. That of greatest import was the one delivered at Proctor, the home of Senator Proctor, wherein he defined his idea of the Monroe doctrine.

The most unique speech of the day was that delivered last night in the Auditorium here.

President Roosevelt came directly from Brattleboro to the Mount Hermon school, being met at the station by W. R. Moody, the head of the Northfield school, the Northfield selectmen and by General Henry Cabot Lodge, who came from Boston on the afternoon train. He made a short address to the students and was then escorted to the hotel, where he was to pass the night.

GREAT LABOR DAY.

Records Broken For Parades and General Enthusiasm.

Pittsburg, Sept. 2.—The parade and Labor day demonstration yesterday morning, with its 8,000 or 9,000 workingmen in line, was one of the largest ever held in Pittsburg. In spite of the shower which began about 9 o'clock and, after an interval of sunshine was followed at noon by a heavy downpour, the men turned out in as great numbers as could be expected. Only in the ranks of the miners was there any falling off.

The day throughout the country was generally observed, parades in the morning and speeches and merry making in the afternoon and evening being the popular programs. All in all, it was the greatest Labor day in history.

WELLSVILLE

WELLSVILLE PARADED

THE PROCESSION WAS A MOST IMPOSING ONE.

A Speech By Ejilah W. Hill And Athlethic Events Features of the Day.

Labor Day in Wellsville was a grand affair. The celebration, while not as extensive as last year, was general. It was participated in by all of the union men in the city, who with the loyal citizens, composed a large throng, which made the streets more active than they have been for many months. A large number of people from out of town also participated in the celebration.

In the morning there was a big parade participated in by all of the union men of Wellsville. It was about five blocks long and left the corner of Tenth and Commerce streets, the place of formation, at 9:30 o'clock. William Green acted as chief marshal. His aides were: Charles Aughinbaugh, A. B. Apple, C. R. Davis, James Mellott, Jennie Thomas, George Andrews and William Headley. The merchants were not very well represented, owing undoubtedly to inclement weather. The police and firemen made a good showing.

In the afternoon were exercises at the Aten addition in the West End. Elijah W. Hill, of East Liverpool, delivered the address. He touched on and denounced the present anthracite coal strike and the trusts, declaring that the working man was gradually nearing a crisis, if conditions continued, which would result in the practical reduction to poverty of his children. He met a hearty recepton. Later in the day a large number of athletic events were run off at the addition. There were two hotly contested ball games. Dancing was enjoyed afternoon and evening.

MESSER MUCH WANTED

Waiter Accused of Theft in Wellsville and East Liverpool.

The police of Wellsville and Frank Geisse, a local restaurant owner, like to see Walter Messer, a waiter, formerly of East Liverpool. Messer hired out to Miss Maggie Bailey, who runs a restaurant for Geisse, as a waiter three days ago. On Sunday he disappeared with $7.15, which was all the till contained.

Messer it is said, is also wanted in East Liverpool. It is claimed he stole $17.80 from D. A. Devine. He is thought to have gone toward Lisbon, and Sheriff Leonard has been notified.

SCHOOLS ARE OPEN

And the Attendance Is Large—Assignments of Teachers.

All of the Wellsville public schools started today upon another year's work. Every room in the Eighteenth street, Ninth street and Lisbon street schools is well filled, a fact which demonstrates that the city has increased in population since last year.

Teachers are as follows: Lisbon street school, No. 1, Mary Boyd; No. 2, Mary J. Stokes. Eighteenth street school, No. 1, Martha Andrews; No. 2, Nellie Joseph; No. 3, Lettie Brown; No. 4, Margaret Grant. High school, Ninth street, Ruby E. Mason, principal; Grace Van Sickle, Blanche Butler; grammar department Ninth street, No. 1, Rena Tinner; No. 2, Alice McDevitt; No. 3, Mary McDonald; No. 4, Helen Andrews; No. 5, Louise Ferrell; No. 6, Anna Davidson; No. 7, Mabel Boyd; No. 8, Maud McGregor; No. 9, Janet Kerr; No. 10, Olive Smith; No. 11, Mary E. Phillips; No. 12, Mrs. Orrie S. Forner.

Miss Louise Ferren, who has been assigned to teach in room No. 5, was a graduate of the Wellsville high school this year.

Tramped from the West.

Dominick Ross, an Italian of Empire, was arrested last evening by Officer Houser for being drunk and disorderly. He will be given a hearing today. A foreigner giving his name as Paul Stack and claiming to hail from the west, was arrested last evening for riding on a freight train. To Mayor Fogo this morning he said that he had walked all the way from Kansas City here during the past 28 days, and that he wanted to get to Luzerne, Pa., where he intends to visit relatives. He is "dead broke," and for this reason he will probably be set free this evening.

Jay Davis Promoted.

AN EXCELLENT SHOWING

FOR OIL IN THE FINNICUM WELL NOW DRILLED IN.

Indications Are That It Will Be Good For 50 to 75 Barrels per Day.

The Finnicum oil well on the Swearingen farm came in at noon yesterday. The well filled after being drilled only three feet in the sand. The fires were drawn and the boiler moved immediately. It is estimated that it will flow from 50 to 75 barrels per day.

The new well is located 450 feet south west of Finnicum No. 1, which produces 38 barrels per day. Finnicum No. 3, which will be drilled soon, is about 500 feet further south. The field is likely to be one of the richest in the section.

MORE SCHOOL ROOM

The Growing Needs of Chester Demand Additional Accommodations.

The board of education of Grant district is considering the advisability of adding another room to the Chester schools for the coming term. There are six rooms already, but Chester is a growing town. The rooms were all full last year and can scarcely be expected to accommodate the increased attendance.

There will not be time to erect a new building as school opens next Monday. Hence the board will be compelled to rent a room somewhere, or fit up the basement of the central building. It would be possible to convert this into a very comfortable school room. The gravel could be graded away from the lower side, making a level entrance. Light could be admitted from two sides. Only one-half of the basement is needed as a sore room. The remainder would make a large school room. Miss Nellie Carman, who taught in Chester last year and did very satisfactory work, is spoken of as teacher for the new room.

A PAYING POSITION

L. Y. Woodmansee Leaves Chester to Take a Place at $150 a Month.

L. Y. Woodmansee, former manager of the Chester forge, has left for Pittsburg to take charge of the new Westinghouse foundry in East End. His salary will be $150 per month.

His daughter Maude accompanied him. She will attend school in Pittsburg. The remainder of the family will follow them about January 1.

To Organize a Church.

The Presbyterians of Chester will meet tonigt at the school house to arrange for organizing a church and purchasing a site for the new church building. A location near the central school building and another on Carolina avenue, between Fourth and Fifth streets are being considered. Alex. Pugh, Joe. Hough, and Oscar Allison are on the committee looking after this work.

Eleven Producing Wells.

E. A. Freshwater, Mr. Carson and Milton Freshwater, son of E. A. Freshwater, have in the north end extension of the Turkeyfoot field eleven wells, producing 6 to 8 barrels per day. Another was drilled in Saturday good for (estimated) 40 barrels.

Ready for School Opening.

G. A. Allison, the new principle of schools, came up from New Cumberland this morning to confer with the board of education and arrange for the opening of school on Monday.

All Were Successful.

All the teachers who took the Hancock county examination ending Saturday evening, secured certificates as follows: No. 1, Miss Kate Shipley and Miss Jessie Campbell; No. 2, Miss Ella Douchoo, Ola Dornan, Rachel Baxter, Daisy Yocum and D. D. Mercer; No. 3, Anne Bambrick and Alva Campbell.

Organized Clerks' Union.

J. E. Anderson, state organizer of the clerks union, was at Martin's Ferry last evening, organizing a clerks' union. About 30 charter members are reported. Mr. Anderson will return in about two weeks to perfect the organization.

Meeting Postponed.

The regular monthly meeting of the Woman's Foreign Missionery society of the First M. E. church, set for last night, was postponed until next Monday night when full reports are to be given.

CHESTER NOTES.

Mayor John Shrader is in Pittsburg on business today.

W. H. Piper's family are visiting at their old home in Saltburg, Pa.

Franklin school will open next Monday. Mr. Hunter is the teacher.

Mrs. Sadie Riley has returned from a visit with her mother in Nebraska.

Mrs. Hendershot, of Phoenix avenue, is recovering from a severe illness.

All the mills in the tin plate works started this morning. The tin houses are idle today.

Charles S. Pugh has delivered six boilers to Zalia, W. Va., for Milton Freshwater, to be shipped to Pittsburg.

Miss Nellie Carman, a teacher in Chester last year, is visiting her grandfather in the country near New Cumberland.

E. L. Graham, who has been employed at the Chester tin mill, is now spending a few weeks at his home at Liston, suffering with a sore hand.

Charles Cunningham, Bazz Rowe, Enoch Riley, Elijah Eardley, John McBee and William Messer spent Labor day near Hookstown hunting turtles. A good catch is reported.

Shiras Has Not Resigned.

East Northfield, Mass., Sept. 2.—The attention of the president having been called to the published statement that Attorney General Knox's name was being considered with the view of appointing him to a justiceship on the supreme bench, to succeed Justice George C. Shiras, it can be said on the authority of the president himself that not only does he not contemplate such a move, but Justice Shiras has not resigned.

BIG GUNS BELCHED,

First Attack in the War Game On---Cannonadcd for an Hour.

RESULT DETERMINED LATER.

Bombardment and Capture of Block Island Reported—Not In Territory to Be Defended and Not Supposed to Be Attacked.

Fort Trumbull, New London, Conn., Headquarters of Army of Defense, Sept. 2.—At just 10:20 last night the big guns of Forts Wright, Terry and Michie belched forth almost simultaneously and there was no longer doubt that the first attack in the war game was in effect. For an hour the cannonading continued and the result from the army standpoint is best stated in this official bulletin, posted at headquarters at 12:20:

"Movement to pass through the race began at 10:20 p. m. Forts Mitchie, Wright and Terry engaged 50 minutes. Apparently the ships entering have been put out of action by points scored by the army guns."

The result, however, will be determined later by the board of arbitration.

All was quiet, when suddenly the reports of the guns was heard and General MacArthur listened attentively. The attack was on, but it came sooner than was expected by the major general commanding.

All day yesterday the army officers here were kept posted in regard to the movements of the enemy, even after the signal stations had been captured. The detachment of signal men at Block island was in charge of a signal officer of the Connecticut national guard, who escaped with all his men but two. He afterwards established a signal station and sent to the defending force. Information was received from Woods hole by a line other than that which was supposed to be destroyed by the enemy, thus showing the efficiency of General Greely's corps of signal men and the completeness of their work in preparation for the game of war now on.

General MacArthur informed an Associated Press representative last evening of his extreme satisfaction with the working of the wireless telegraph. Most of the messages received were by that system and was of decided interest to the general in command, this being the first time the system had been used in the manoeuvres.

Among the first dispatches received yesterday was the one reporting the bombardment and capture of Block Island. This was somewhat in the nature of a surprise, as the island is not within the territory to be defended, and therefore was not supposed to be bombarded by the enemy. It is said that the ships, according to a strict interpretation of the rules governing the game, should have gone to sea during the period of preparation, to make ready for the attack, instead of lying at anchor just to the east of the fighting territory until almost the beginning of the fight. At headquarters it was felt that the enemy, powerful though it be, would be put to its severest test in attempting to reach the entrance to Long Island Sound by passing Forts Wright, Terry, Michie and Mansfield, in the New London district.

The opinion was held that the greatest fight would be off New London, as the batteries are located here, thus giving a fair test of the coast defense in the district.

Among the important dispatches received before 10 o'clock last night were the following:

4 p. m.—Escaped signal party on Block Island from concealed visual station reported. Enemy encamped northeast side harbor. About 30 round tents. Collier in harbor coaling converted yacht. Just outside are the Indiana, Puritan, Montgomery, Peoria, Pather and four other cruisers or battleships and dispatch boats.

4:37 p. m.—Olympia just came through Vineyard sound, from the direction of Woods Hole.

PRAISES THE UNITED STATES.

German Correspondent Says No Other Nation Would Have Been So Kind to Filipinos.

Berlin, Sept. 2.—A correspondent of the Frankfurter Zeitung, writing from Manila, replies to the charges of cruelty on the part of the American army appearing in European newspapers. He says:

"Perhaps no other nation except the United States would have had the patience to meet the stubborn resistance of the Filipinos in Samar for two long years, with such humanity as, upon the whole, has been the case. It is not to be wondered at that the American leaders finally let their gall run over at the treacherous tricks played upon them and adopted sharper measures. Of course some excesses occurred, but it is highly inadmissible to select these few cases and serve them to the public as typical of American war making."

The correspondent also emphasizes the injustice of expecting Americans to observe in every case the rules of civilized warfare while fighting such a foe.

The writer praises the political shrewdness, combined with moderation, of making surrendered insurgent officers governors of provinces.

Exclusion Law May Be Amended.

Washington, Sept. 2.—It is the opinion at the war department that Governor Taft's remarks at the board of trade banquet in Manila Sunday respecting the employment of labor on plantations will form the basis of a suggestion to congress, at the next session, that the act extending the Chinese exclusion laws to the Philippines be amended.

HUNTING FOR MURDERER.

Italian Miner Stabs One Man to Death and Wounds Another.

Irwin, Pa., Sept. 2.—Christopher E. Caldwell, a coal miner of Edna, a new mining town near here, was stabbed to the heart and instantly killed late Sunday night by an Italian miner named Lervey Angelo, who at the same time probably fatally stabbed John Scott, another miner, and then with an accomplice escaped.

Urged by a spirit of revenge and the assurance by the Westmoreland county commissioners that $500 will be paid for the murderer and his accomplice who killed Caldwell, a great crowd of American miners were hunting the country last night for the fugitives. The trouble was caused by a dispute over two kegs of beer.

Y. M. C. A. BOYS VS. PARKERSBURG

First Game Won by Home Talent Through Patterson's Effective Pitching.

SECOND WAS DIFFERENT

The Visitors Put Myers in the Box And the Locals Did Not Make a Score—Good Contests on the New Field.

Secretary Wright's young men that he discovered in all parts of the city, and all of whom are conceded to be all around diamond experts, played two games with Parkersburg yesterday afternoon on the Y. M. C. A. grounds, Chester. Each team came out of the hard fought skirmish with a victory.

A much larger crowd than was expected assembled at the park, and none were disappointed in their anticipation of seeing a fast article of the national sport.

Wellsville's only star player, Mr. Patterson, if you please, was entirely too much for the West Virginians. He held them down to six hits and had them in the air at all stages of the game. Considering the fact that the Parkersburg boys have a national reputation for hitting, Patterson deserves more than the ordinary amount of credit.

Harker's errors were a surprise to all. He fumbled three at short. They were, however, hard to handle, and as he made several beauties he is excused.

Suffering defeat in the first game the visitors were riled considerably and started the second with a great display of vim. Myers was placed in the box and he put them all where the locals could not even make successful bunts. The zigzag twist that Myers assumes when delivering his ball scares the ordinary player into hysterics and had the same effect on the locals. McShane was easy picking, being hit at will by the visitors. His support could not have been better. Harker came in for his share of the support, too. He had nine chances and accepted them all. Carey had no chances at third, but he certainly did well at the bat.

WEST END WON

AGAINST THE PICKED NINE BY SCORE OF 4 TO 3.

An Interesting Contest for a Prize Witnessed By a Big Crowd.

For a prize of $25 the West End Athletic club and a picked team played a most exciting game at Rock Springs park yesterday afternoon before a crowd of not less than 3,000 men, women and children. The Athletics came out victorious, but they had to fight for it. Both teams being from the city and every player having a follower much interest was displayed. Extraordinary plays were heartily applauded and poor ones were followed by sighs and emotions of regret.

Errors galore were made by each gang, but they did not seem so bad, inasmuch as they divided the honor. Gehring, in the box for the West End and Kilgalian, of Pittsburg, for the picked team, pitched fair games.

In the second inning the winners scored their total number of runs. John Heckathorn, who played in the first game with the Y. M. C. A. team, got a hit. Bennett went out. Allison hit a high fly to left field. Trainor did as he usually does—let it drop. Heckathorn scored on the error. E. Carey placed a pretty hit, scoring Allison. Emmerling walked. Gehring collided with one for two bases and scored Emmerling and Carey.

The Picked Nine scattered their runs, scoring in the first, seventh and ninth. Trainor scored in the ninth and McKeever reached third. Had a little hit been landed the score might have been different. But there wasn't and McKeever died.

FAIR EXCHANGE

A New Back For An Old One—How It Is Done In East Liverpool.

Sometimes the back aches with a dull, indescribable feeling making you weary and restless; sometimes pain shoots across the region of the kidneys, and again the loins are so lame to stoop is agony. No use plastering or rubbing the back in this condition. You cannot reach the cause. To exchange a bad back for a new and stronger one, follow the example of this East Liverpool citizen.

Mr. Wm. Anderson, of 305 Lisbon street, says: "During the civil war I enlisted and served three years in the Forty-second Ohio infantry. From the exposure during the war I attributed the severe aching and weakness in the loins and muscular rheumatism of recent years which all seemed to center in my kidneys. In the morning when first getting up I was very dizzy until I had moved around for a time and my nervous system became affected, causing a fluttering and fullness around the heart. Seeing an advertisement in the paper I got Doan's Kidney Pills at the W. & W. pharmacy and took them. A few doses gave me relief. The improvement was gradual and continued as the medicine got thoroughly into my system. I firmly believe that Doan's Kidney Pills will in every case as they did in mine, prove the justness of the claims made for them."

For sale by all dealers. Price 50 cents per box. Foster-Milburn Company, Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no other.

Sold by W. & W. pharmacy.

J. G. COTTON

WAS CURED OF

SCIATIC RHEUMATISM

BY THE USE OF

LIFE PLANT.

J. G. Cotton writes from New Philadelphia, O., the following praise for the great tonic, LIFE PLANT:—

New Philadelphia, O., Feb. 22, 1902 Life Plant Co.,

Messrs:—Last September I was attacked with Sciatic rheumatism. It was so painful as to allow me to sleep very little, could not stand on my feet ten minutes at a time without severe pain. I was very much alarmed as I had the same trouble a number of years ago and was unable, though attended by the best medical skill, to get rid of it for two and a half years, during which time I could perform no labor. A friend told me that LIFE PLANT was a sure cure for rheumatism. I took two bottles and it cured me; I have had no return of it since. I am not only pleased, but surprised as well at the speedy cure,

Very truly,
J. G. COTTON.

Maley's Curves Altogether Too Much For Canton Aggregation.

ANOTHER STORY WAS TOLD

At the Afternoon Game at the West End, When Canton Won, Though Winters Did His Best to Prevent —Very Clever playing Done.

Despite the inclement weather a big crowd witnessed the game yesterday morning in West End park between the locals and the Canton Marines. The visitors were in excellent trim and played a pretty game, but Maley proved himself once more to be out of their class and sent them from the diamond with a shutout to their credit.

The game being started later than the time scheduled, seven innings were agreed upon to be the limit, but the spectators with one accord state that the shortage was made up in the excellency of the contest.

Without a single error the locals rubbed it in. Hits they got their share of, and that is more than can be said of the visitors. Four was all that they could muster together and the majority of them were scratches. Reark's wonderful catch of a drive over Second base was beyond a doubt the features of the game. He makes them so often though that the play did not elicit much applause.

The game was really decided at the end of the first inning. Three runs were scored in the initial inning and the Canton lads were never able to cut it in the least. Maag opened the contest by going out. Reark hit. Brown followed by doing likewise. Miller reached his base on an error by Trump and the trio scored on some bum fielding. Manager Walsh will certainly have to put Maley out of the game before long. That is if he wishes to get aggregations from out of the city for games. He is a terror to all of them and they have come to a point where they go into a game not expecting to win. The pitching done by the youth was a record breaking exhibition. Of the 21 putouts necessary to decide the game, 13 struck out, and hardly without an exception the visitors went out one, two, three throughout the game.

The score:

Not less than 800 enthusiastic fans witnessed the afternoon game. All having heard of the star performance of the morning the crowds assembled to see a repetition, but in this they were disappointed. It seems that with Maley out of the box the fielders lose confidence and lie down before the game has fairly started. Winters did good work and deserves credit for his attempt to win.

For three innings all were on the anxious seat. Neither team had scored and the chances seemed even. In the fourth by bunching three hits the visitors scored a run and followed in the fifth with another. The locals made a spurt in the lucky seventh, but only one run was made and it was the last one. In the eighth Canton again came to the front and cinched the result.

Ehman twirled a game almost as pretty as Maley's in the morning. And the locals went down before him in almost the same manner. They simply could not touch the Canton lad. They landed seven hits, but all were on the measley order and little credit is due the boys. Talbert in left field for the visitors carried away the honors. He made a sensational run and jump out among the tall timbers and pulled one down that the spectators expected to see go bounding over the swamps. Maag, Brown and Miller, the trio of out-of-town players on the local team, did excellent work and are beyond a doubt valuable additions to the team.

Cholera Morbus.

This is an extremely dangerous disease. In almost every neighborhood some one has died from it, and in many instances before a physician could be summoned or medicine obtained. Mrs. E. H. Delano, of Durant, Mich., is subject to severe attacks of cholera morbus. During the past four years she has kept at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and says it has always given her quick relief. During this time she has used two bottles of it. This remedy can be depended upon in the most severe and dangerous cases. The safe way is to keep it at hand ready for instant use. Women and Jewels.

Jewels, candy, flowers, men—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous effort to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insiduous consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at Charles F. Craig's.

Sun headache is a form of headache new in name, perhaps, but not new in form. Nearly everybody has suffered from its painful pangs but merely called it headache However, it is a fact anyone will admit, that they suffer much more from headache in hot sunny weather than in cold weather. This is owing to the extra consumption of nerve-force caused by the heat, resulting in a low state of vitality, consequently a deficit of nerve-power is evidenced by pain in the head. Wright's Celery Tea will aid nature to make up that deficit of nerve-force and promtly restore vigorous activity sufficient to meet the demand. A cupful taken at night on retiring will insure a clear head for the morrow. Pleasant to take. At all druggists, 25c and 50c a package.

GREAT OIL FIELD

LIKELY TO BE DEVELOPED IN WESTERN BEAVER COUNTY.

Line Island Company Makes Another Strike on the Kinney Farm, Near Chester.

That part of Beaver county which borders Hancock county has all the earmarks of one of the greatest oil producing territories ever discovered in this section. It might be rightly said that all this excitement was caused by the formation of the Line Island Oil & Gas company, which was formed recently at St. Mary's, W. Va., and composed of a number of business men of that place and a few from this city. The company has secured leases on 655 acres of land in Beaver and Hancock counties, and so far they have put down four wells, three of which are gas wells and the other producing oil. The oil well is located on the Rose Kinney farm and was drilled to a depth of 1,112 feet for gas, but there oil was struck. The well was capped, and there is now 750 feet of oil in the well. Saturday the company commenced the drilling of a well on the William H. Kinney farm in Hancock county, and if this well is a success, no less than six others will be located just as soon as the well comes in. The company has the following acreage under lease: Hugh Newell farm, 100 acres, and for this the company is paying a monthly rental of $25 until drilling on the farm is started; William H. Kinney farm, 62 acres; Rose Kinney farm, 300 acres; Frank Maeder farm, 45 acres; Edith Johnson farm, 75 acres; W. L. Thompson, known as the Potts farm, 73 acres, making a total of 655 acres under lease.

The territory under lease by this company is in a direct line with the Carson and Turkeyfoot fields.

Prospective oil lands are being rapidly leased in Hancock county. The Conant, Snowden and Milroy and Harmon Allison farms belong to the 500 acre Chapman block near Asbury. The Fowler farm was leased yesterday, and forms part of the block. Leases on the E. C. Baxter block on Tomlinson's run, near Murray's Mill, is rapidly reaching the 500 acre mark. Drilling on both blocks will begin soon. A third block in and about Fairview is being leased by Mr. Kiskaddon, of Grove City, Pa.

The oil well on the McSwiggen farm which was shot some days ago will be shot again soon, as it is at present producing only one barrel a day.

Ice water is rendered harmless and more refreshing with Walther's Peptonized Port in each draught.

CONTRACTOR RINEHART HOLDS THE CITY'S ROLLER.

Will Surrender It When Paid For Repairs He Has Made On It.

The city council may have some trouble in inforcing the order given at the last meeting in regard to the bringing of the city roller, which is now at Wellsville, to this city. Contractor Harrison Rhinehart has the roller and he claims that he is using it under the order of the street committee.

About four years ago Mr. Rinehart secured several jobs of paving in the city and the roller, which had been out of repair for several years, was fixed up by the contractor for the work he was engaged in and the street committee of council, it is said, agreed that he was to have the use of the roller for the repairs.

When Rinehart secured the work in Wellsville he took the roller there. At the last meeting of council the street commissioner was instructed to have the roller in this city within three days so that the contractors could use it on the street and alley pavement that are being made. On the street Saturday Mr. Rinehart met Mr. Bullock, chairman of the street committee, and the member of council who made the motion to have the roller brought to this city. The contractor insisted that he would not bring the roller to the city and allow other contractors to use it unless they paid for the frame work he had placed on it. Mr. Bullock stated that the city owned the roller and that it should be left in the city, no matter if Mr. Rinehart had it repaired. The contractor stated that the other contractors could have the roller when they paid their portion of the cost of fitting it up. As the iron roller belongs to the city it is probable that the matter will come up at the next meeting. In the meantime the question is up to the street commissioner, who has been ordered to have the roller brought here.

Members of council who have been seen say that if Mr. Rinehart insists upon being paid for the repairs he put upon the roller, the city will certainly require him to pay for the use he has made of its part of the apparatus. It is said by them it is a poor rule that won't work both ways, and all admit that the city's part of the roller has been worked pretty hard since it came into Rinehart's possession.

At the change of life, nothing equals Walther's Peptonized Port to allay all troubles incident thereto.

The human heart, that most wonderful of engines, is scarcely larger than a man's fist. Yet in each twenty-four hours the dual heart moves approximately six tons of blood, equivalent to about two barrels of blood per hour. And this continues without ceasing from the first breath of infancy to the last sigh of age. Is it any wonder that when continued extra strain is put upon so delicate and busy an organ, it should break down? Is it any wonder that in this age of overwork there should be an increasing number of deaths attributed to heart failure?

Dr. Pierce's Golden Medical Discovery cures diseases of the organs of digestion and nutrition and purifies and enriches the blood. One of the ingredients entering into the "Discovery" is one of the best heart tonics known to medicine. Thus while through the action of "Golden Medical Discovery" the body is nourished into strength, the heart is also strengthened and an adequate blood supply is pumped to the stomach and kidneys thus improving the action of these organs.

Sick people, especially those suffering from chronic diseases, are invited to consult Dr. Pierce by letter *free*, and so obtain without charge, the opinion of a specialist on their ailments. All correspondence strictly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I had been troubled with catarrh of the stomach and heart trouble," writes Mr. W. D. Merchant, of Tylersburg, Clarion Co., Penna. "Had doctored for some time without relief, then I began to take Dr. Pierce's Golden Medical Discovery. I took seven bottles. Before I began to take it I weighed 118 pounds, and now I weigh 176. I am working steadily and feel like a new man. I send you many thanks."

THOMPSON IS TREASURER

Change in the County Officials Quietly Effected at Lisbon Yesterday.

Lisbon, O., Sept. 2.—(Special)—W. A. Thompson, of Salineville, yesterday took his place as county treasurer. Mr. Smith retired. The semi-annual examination showed a balance on hand of $108,302.14.

Mr. Smith will take a few weeks vacation, and has not decided what will be his future occupation.

No Hope of Recovery.

Mrs. Alexander Pugh, who has been very sick for some time is lying at the point of death. For several days she has been in a semi-conscious condition. There is positively no hope for her recovery.

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

Ankle Broken—By a fall last evening Mrs. J. M. Pinkerton, living west of Walker, broke her ankle.

A Basket Picnic—A crowd of young people from this city took their baskets and spent yesterday at Fredericktown. The picnic was in honor of Miss Eleanor Ferguson, of Beaver Falls, and was a most enjoyable affair.

Birthday Celebrated—Mrs. Mattie Williams, of Minerva street, last evening celebrated her fiftieth birthday. Quite a number of friends gathered at her pleasant home during the evening, and at a late hour luncheon was served. Mrs. Williams was the recipient of a number of beautiful presents.

He Knew the King — Rev. S. C. George, of this city, states that he knew the king of Siam, whose assassination in his palace was reported recently. Mr. George was engaged in missionary work in Siam for 11 years, and was often at the palace, when the king, then the crown prince, was a child. The king was born in 1852 and was an intelligent and progressive man.

Going to Sweden—Mrs. Richard Burrows, accompanied by her young son, left yesterday afternoon for New York where she was met by her brother Carl Johnson. Together they will sail this evening on the stamship Majestic, for Ghetienberg, Sweden, where they will visit their old home for several months. Mr. Burrows expected to accompany his wife as far as New York, but yesterday received a telegram announcing that Mr. Johnson would meet his sister there.

STRIKE IS ENDED

Telephone Girls at Salem Return to Work and all is Lovely There.

Salem, O., Sept. 2.—(Special)—The strike of the girls employed at the central office of the Colubbiana County Telephone company in this city has been adjusted, and all the old girls have returned to work. These girls went out last week for an increase in wages, and at that time the company would not grant their demands.

A conference between the girls and the management of the company took place yesterday afternoon, and another this morning, at which time both girls and Manager Crossley announced that a satisfactory agreement had bee reached, and that the old girls would return to work. It is understood they received a slight advance in wages, but the amount of this has not ben given out.

THE BOY WAS DRUNK

Fell From a Street Car and Narrowly Escaped Being Killed By It.

Robert Phillips, aged 14, fell from a Rock Springs street car in the Diamond yesterday afternoon and, strangely enough escaped unhurt. He was in the act of boarding the car when he lost his footing and fell headlong under the footboard. The passengers of the car were much excited, thinking that the lad had fallen under the wheels.

He was motionless when reached by a number who had witnessed the accident. Some feared that he was killed. A physician was summoned and discovered that he was not hurt but that he was dead drunk. In a few minutes he was revived and sent to his home in Chester.

A GREAT CATCH

Eighteen Fish on William Lucas' Line When He Took It in Sunday Night.

William Lucas made a remarkable catch of fish in the Ohio Sunday evening. Early in the day he set a trot line and when he took it in in the evening he took off 13 small cat fish, one cat fish weighing 16 pounds, and four suckers. The entire catch was photographed.

It is reported to be the largest ever made on a trot line in this section of the Ohio valley this season.

KELLY STILL LIVING

The Man Who Was Thought to Be Fatally Shot Yet Survives.

Jasper Kelly, who was shot at Wheeling while returning from Wellsville to visit his wife in Pine Grove, W. Va., as exclusively reported in the News Review, was at last accounts still in the Wheeling hospital in no immediate danger. His assailant, Carl Pebler, is in jail at Wheeling, without bond. Kelly is about 36 years old and a drinking man.

Child Drowned in Cistern.

Alliance, Sept. 2.—While playing in the yard yesterday the 18-months-old child of Lawrence Laurod pulled away a loose board lying over the cistern, fell in and was drowned.

ARE ON THE GROUND

Some Democratic Leaders and Delegates at Sandusky for the Convention.

M'LEAN MEN NOT AGGRESSIVE.

Cincinnati Editor Only Wants Selection of State Committeemen—The Johnson Element Conceded Almost Everything Else.

Sandusky, O., Sept. 2.—Some of the leaders and delegates were here yesterday for the Democratic convention, which has its preliminary meetings today and its sessions tomorrow. Nominations are to be made for only four state officers. It is understood that Rev. Herbert S. Bigelow can have the nomination for secretary of state if he will accept it.

While everything is conceded by the McLean men to the Johnson element except control of the new state central committee, that, as well as all other committees, is claimed by the Johnsonites. The McLean men say openly that they want the state committee for ulterior purposes, as it names the time and place and fixes the conditions in the call of the state convention next year.

The feature of the day was the arrival of Mayor Johnson in his automobile at 4:20 p. m. from Cleveland, accompanied by his son and valet. He declared himself freely against the new municipal code proposed by Governor Nash, to the extra session of the legislature, and favored the federal plan for all Ohio cities. He also denounced in his conversations the proposition for perpetual franchises.

Regarding national affairs, he spoke highly of Colonel Bryan and the platform on which he made his canvass. Mayor Johnson stated that he favored the nomination of Rev. Herbert S. Bigelow for secretary of state and State Senator Krause for food commissioner. This declaration was conceded to settle two of the four places on the state ticket, although the Columbus delegates insisted that they would present the name of ex-Mayor Phillip H. Bruck in opposition to Krause.

Among the names mentioned for supreme judge are those of W. T. Mooney, of St. Marys; George P. Okey, of Columbus; Barton Smith, of Toledo, and J. W. Loree, of Celina.

The Johnson men do not seem to have any favorites for supreme judge or members of the board of public works.

Elaborate quarters were prepared yesterday for J. I. Zimmerman, of Springfield, who is an avowed candidate against Mayor Johnson, of Cleveland, for governor next year. Zimmerman will arrive this morning, accompanied by many of his friends.

The prospective head of the ticket, Rev. Herbert S. Bigelow, is the pastor of the Vine Street Congregational church in Cincinnati, which has become independent of creeds under his pastorate.

FELL IN THE CREEK

Mishap at an Outing of East Liverpool Folks on the Little Beaver Yesterday.

While Mr. and Mrs. Frank Pilgrim, with a party of friends were at Beaver creek yesterday, Mr. Pilgrim and one of his guests met with a mishap. He was assisting the ladies to cross the stream, and had one of them suspended in midair when he lost his balance and both fell into the creek.

They were completely soaked, and it was several hours before their clothing could be dried at a huge fire which was built for that purpose.

FIRE IN KILNSHED

Small Blaze in Union Pottery Called Out Fire Department.

A fire in the kilnshed at the Union pottery, corner of Walnut and Kossuth streets, caused considerable excitement this morning about 6 o'clock. The fire company was summoned and arrived on the scene in time to prevent much damage.

It is said that the fire was due to the heat of a kiln coming in contact with some packing.

Industry Couple Wedded.

'Squire J. N. Rose united in marriage yesterday morning Miss Jennie Hunter and Joseph Bruce. Both were from Industry and had the appearance of culture and refinement.

Hearing Today.

Before 'Squire Rose this afternoon the case of Clarence Edwards versus H. R. Mansfield will be heard. The plaintiff claims that Mansfield owes him $25 for work and labor. Both parties live a few miles out on the Lisbon road.

Thick as ambrosial dew will be the code bills if all that are being exploited now are introduced. State School Commissioner Bonebrake has not one, but two codes which are ready for introduction at any time. They relate to the school laws. Querin, of Sandusky, has given out an outline of his code bill. The Comings bill is taken as a guide in its construction. The federal plan will be its fundamental principle, altnough certain features of the Nash bill will be engrafted on it.

The State fair opened Monday, and will continue till Friday. It is bigger and better than ever before. There is a great variety of attractions and the exhibits are fine. The railroads have granted special rates for Columbus during fair week. Accommodations will be secured for all visitors by a bureau maintained by the city board of trade. Columbus is abundantly able to take care of those who enter its gates.

The Leetonia Tool company, Salem, has increased its capital stock from $5,000 to $10,000. H. S. Wilson, president; C. M. Day, secretary. The par value of each share is $100.

THE MONKEY CASE

AND THE SCRAP WHICH FOLLOWED AIRED IN COURT.

McIntosh Acquitted on the Charge of Cutting With Intent to Kill.

L. E. McIntosh, arrested on the evening of August 27 upon an affidavit sworn out by Frank McConnell, charging him with cutting with intent to kill, was arraigned before Mayor Davidson this afternoon at 2 o'clock and was immediately released from custody owing to the non-appearance of the prosecuting witness.

The mayor, wishing to have the case placed before the public in its true light, had both the witness for the state and defense sworn and listened to their testimony. The testimony of the state's witnesses, which is generally against a prisoner, was in this case a pure vindication. Bert Parker was the main witness. He stated that he was at the home of McIntosh on the 27th and that he saw Frank McConnell, his brother and W. C. Clendenning, all of whom are residents of Wellsburg.

The trio, he stated, came to McIntosh's home and commenced raising trouble. They continued for several minutes and then left. But before doing so stole a pet monkey belonging to McIntosh. He informed McIntosh of the theft and both immediately started in pursuit of the trio. They apprehended them at a bridge near the foot of the Lisbon road and ask that the monkey be returned home. The trio refused, but the animal was finally taken.

Parker and McIntosh then started to return home. The trio followed. At the entrance to the house they pulled off their coats and said that they were going in and kill McIntosh and then burn the house. They followed in and made an attack upon both men. McIntosh, in making a defense, cut Frank McConnell a couple of times.

The evidence of the entire bunch of witnesses was practically the same, and the mayor felt it his duty to dismiss the accused man.
